Dear Sir / Madam

I write to inform you that a Meeting of the Overview and Scrutiny Co-ordinating Committee will be held at the HYBRID - NEUADD CYNGOR CEREDIGION, PENMORFA, ABERAERON / REMOTELY VIA VIDEO CONFERENCE on Friday, 14 October 2022 at 10.00 am for the transaction of the following business:

1. **Apologies**
2. **Disclosures of personal interest (including whipping declarations)**
Members are reminded of their personal responsibility to declare any personal and prejudicial interest in respect of matters contained in this agenda in accordance with the provisions of the Local Government Act 2000, the Council's Constitution and the Members Code of Conduct. In addition, Members must declare any prohibited party whip which the Member has been given in relation to the meeting as per the Local Government (Wales) Measure 2011
3. **Draft Corporate Strategy 2022-27 (Pages 3 - 116)**
4. **To confirm minutes of the Coordinating meeting held on 26 September 2022 and to consider any matters arising from those minutes (Pages 117 - 120)**

Members are reminded to sign the Attendance Register

A Translation Services will be provided at this meeting and those present are welcome to speak in Welsh or English at the meeting.

Yours faithfully

A handwritten signature in black ink, appearing to read 'L Edwards'.

Miss Lowri Edwards
Corporate Lead Officer: Democratic Services

To: Chairman and Members of Overview and Scrutiny Co-ordinating Committee

The remaining Members of the Council for information only.

Cyngor Sir CEREDIGION County Council

REPORT TO:	Overview and Scrutiny Coordinating Committee
DATE:	14 October 2022
LOCATION:	Council Chamber / Remotely Via Video Conference
TITLE:	Draft Corporate Strategy 2022-27
PURPOSE OF REPORT:	To present the draft Corporate Strategy 2022-2027 including Corporate Well-being Objectives
REASON SCRUTINY HAVE REQUESTED THE INFORMATION:	To consider the draft Corporate Strategy 2022-2027 including the new draft Corporate Well-being Objectives prior to presenting to Cabinet and Council for final approval
CABINET PORTFOLIO AND CABINET MEMBER:	Councillor Bryan Davies, Leader of the Council and Cabinet Member for Policy, Performance, Partnerships and Democratic Services

BACKGROUND:

Following the local elections in May 2022, a new Corporate Strategy is required to set out the Council's new Corporate Well-being Objectives (corporate priorities) and ambitions for the next five years. The Strategy illustrates how the Council will seek to enhance the social, economic, environmental and cultural well-being for the citizens and communities of Ceredigion and also maximise its contribution to the seven National Well-being Goals in accordance with the Well-being of Future Generations (Wales) Act 2015.

CURRENT SITUATION:

The draft Corporate Strategy 2022-27 has now been prepared and sets out the proposed Corporate Well-being Objectives for the next five years. The draft Corporate Strategy is attached at Appendix 1.

The core purpose of the Corporate Strategy is to illustrate how the authority will support and promote sustainability and the wellbeing of the citizens of Ceredigion, through its long-term Vision and its Corporate Well-being Objectives. The proposed Corporate Well-being Objectives are:

- **Boosting the Economy, Supporting Businesses and Enabling Employment**
- **Creating Caring and Healthy Communities**
- **Providing the Best Start in Life and Enabling Learning at All Ages**
- **Creating Sustainable, Green and Well-connected Communities**

They have been identified through extensive analysis of evidence and engagement with residents, including the ambitions of the new political administration, the Ceredigion Assessment of Local Well-being and the recent public consultation on the draft strategy.

The objectives have also been identified through the lens of the Wellbeing of Future Generations (Wales) Act 2015. This involved identifying how we could maximise our contribution to the national well-being goals and also ensure that we used the sustainable development principle to ensure that the needs of the present are met without compromising the ability of future generations to meet their own needs.

The draft Corporate Strategy includes an action plan detailing the steps necessary to deliver each of the Corporate Well-being Objectives. Progress is reviewed each year which will be published in the Council's Self-Assessment Report.

Consultation on the draft Strategy and Corporate Well-being Objectives took place between 24 August and 30 September 2022. The Consultation Feedback Report is attached at Appendix 2. Any amendments from the consultation have been incorporated into the final document.

Has an Integrated Impact Assessment been completed? If, not, please state why

Yes

Summary: All of our Priorities seek to establish a more Equal Wales by ensuring equal opportunities for employment, housing, education, healthier lifestyles and sustainable communities.

Long term: The Corporate Strategy looks at the Priorities for the Council for the next 5 years. The new Corporate Well-being Objectives seek to maximise the contribution that will be made to the seven well-being goals.

Integration: The priorities together seek to impact on the social, economic, environmental and cultural well-being of the people.

Collaboration: Partnership working and collaboration on the delivery of services is an important element of the Strategy.

Involvement: Consideration has been given to the ambitions of the new administration, Corporate Managers workshop, the Ceredigion Assessment of Local Well-being and the public consultation on the Strategy and the Corporate Well-being Objectives.

WELLBEING OF FUTURE GENERATIONS:

Prevention: All of the Corporate Well-being Objectives seek to embed the prevention agenda.

RECOMMENDATION (S): That Members consider and agree the draft Corporate Strategy 2022-2027 including the Corporate Well-being Objectives prior to consideration by Cabinet and Council

REASON FOR RECOMMENDATION (S): To progress the preparation of the Corporate Strategy 2022-2027.

INTRODUCTION

From the Leader and Chief Executive of Ceredigion County Council

Welcome to Ceredigion County Council's new Corporate Strategy 2022-27. Following the Local Elections in May 2022, this document sets out our new Corporate Well-being Objectives and ambitions for the next five years.

Over the past five years the Council has continued to deliver quality services and improve the social, cultural, economic and environmental well-being of Ceredigion. We have positively embraced our duties under the Well-being of Future Generations Act and embedded the Sustainable Development Principle across the Council.

We would like to thank the previous administration for pushing ahead with key investment projects such as Growing Mid Wales, school improvements and of course co-ordinating our response to the COVID-19 pandemic. Our achievements over the last term are numerous and include:

- Signing of the Final Deal Agreement of the Mid Wales Growth Deal which will result in a combined investment of £110m into the Mid Wales economy
- £10.8m of capital funding secured through the Levelling Up Fund and £2.5m secured through the Community Renewal Fund
- A 61% reduction in carbon emissions since 2007 saving £6m to reinvest.
- The Council's recycling rate of over 70% remains amongst the best in Wales

- The new area school for Drefach, Ysgol Dyffryn Cledlyn opened its doors in September 2017

In this document, we turn our attention to the next five years and set out our commitments to local residents to build on these achievements.

Following extensive analysis of evidence and engagement with residents, we have identified our new Corporate Well-being Objectives as:

- **Boosting the Economy, Supporting Businesses and Enabling Employment**
- **Creating Caring and Healthy Communities**
- **Providing the Best Start in Life and Enabling Learning at All Ages**
- **Creating Sustainable, Green and Well-connected Communities**

It is into these areas that we will direct our resources to re-invigorate the local economy and provide a prosperous, healthy, safe and affordable environment in which the citizens and communities of Ceredigion can thrive.

In doing so we will continue to apply and embed the principles of the Well-being of Future Generations Act and maximise our contribution to the National Well-being Goals.

We are working hard to bring economic recovery and success to Ceredigion

through supporting local businesses, tackling poverty, and providing greater opportunities for young people to stay or return to their local communities.

During this term we will also be working collaboratively with local Housing Associations to increase our stock of social housing to meet the needs of local people, and discouraging ownership of second homes in the county.

We will also be pushing ahead with implementing our ground-breaking Through Age Well-being Programme to transform the delivery of social care and ensure people get the right level and type of support at the right time.

Everyone recognises the importance of being connected, and we will be working to improve digital and transport connectivity across the County, through supporting the rollout of 4G Broadband, pushing for greater road safety and campaigning for greater provision of active travel routes.

Our ambition remains to be a net zero carbon Council by 2030. In order to achieve this we will continue to ensure that decarbonisation and climate change initiatives underpin all that we do as we seek to protect our beautiful environment now and for future generations.

We hope you enjoy reading about the ambitions for our County, and look forward to reporting back on progress.

Councillor Bryan Davies
Leader of Ceredigion County Council

Eifion Evans
Chief Executive of Ceredigion County Council

The Aberystwyth Farmers' Market goes from strength to strength and is held twice monthly throughout the year. The market has been running for over twenty years in the town and continues to be successful, hosting up to 25 stalls every first and third Saturday of every month. The market is administered via Food Centre Wales at Horeb, Llandysul.

ABOUT CEREDIGION

Ceredigion covers an area of 1,900km² and is mostly made-up of agricultural land, moorland and forestry, with the upland areas to the east forming a significant portion of the Cambrian Mountains.

The County has a variety of natural landscapes and habitats: coastal cliffs and beaches, marshlands and open upland. The County's landscapes and natural environment are highly valued by local people and visitors alike.

Ceredigion has a high proportion of land recognised for its high environmental value through official designations, including two internationally important wetland areas (the Dyfi estuary and Cors Caron); 13 Special Areas of Conservation (SAC); around 100 Sites of Special Scientific Interest (SSSI's) seven National Nature Reserves and three Local Nature Reserves. The Cambrian Mountains uplands are important for wildlife as are the wet 'rhos pastures'.

The County is bordered by over 90km of coastline, with four sections (around 35km) designated as Heritage Coast. The Wales Coast Path follows a 60 mile (96km) route between the Teifi and Dyfi estuaries. The Coast Path links towns and villages dotted along the spectacular Cardigan Bay coastline.

The rivers in the Ceredigion catchment are the Rheidol, Ystwyth, Clarach, Aeron and Teifi rivers. Ceredigion's river catchment is varied and distinctive, with each river flowing through a variety of landscapes, before reaching the sea. The Teifi River is one of the longest rivers in Southwest Wales, at 122km long.

The attractive landscapes and remote locations in Ceredigion form the basis of

'rural well-being' tourism, which draws in many visitors to the area. Overall, there almost 3 million visitors to Ceredigion each year.

Although the environment has always been a valued feature of well-being, over the past few years protecting the environment has become much more important to people. The adverse effects of climate change on the environment and nature are far more recognised and people want to do more to protect our environment. In 2020 Ceredigion County Council declared a global climate emergency, prior to this the Council had also committed to being a net zero carbon council by 2030.

The economy of Ceredigion is fairly typical of that of many rural and coastal areas. A high proportion of jobs are in the tourism industry (12.9%), wholesale and retail (12.9%) and human health and social work activities (12.3%). Education is the largest sector in the county, employing around 4,300 people and accounting for around 13.9% of jobs in the county.

Unlike many rural areas, the County has two universities at Aberystwyth and the University of Wales Trinity St. David's Campus at Lampeter. It is also home to national institutions such as the National Library of Wales. The knowledge economy is strong in Ceredigion and it has a growing 'green economy' focusing on low carbon emissions, efficient use of resources and being socially inclusive.

Self-employment is an important element in the local economy, and Ceredigion has one of the highest proportions of self-employed people nationally. Many are farmers with others working in a range of established small-scale enterprises such as building repair and maintenance.

The vast majority (99%) of enterprises in Ceredigion are 'micro' or 'small' sized (up to 49 employees). Only 1% of enterprises in Ceredigion have fifty or more employees. The survival rates of newly established businesses are consistently amongst the highest nationally, making Ceredigion a great place to start and grow a business

Ceredigion is one of the heartlands of the Welsh language, despite a substantial student population. The 2011 Census showed that 47.3% of Ceredigion's residents could speak Welsh, the third highest of all counties nationwide.

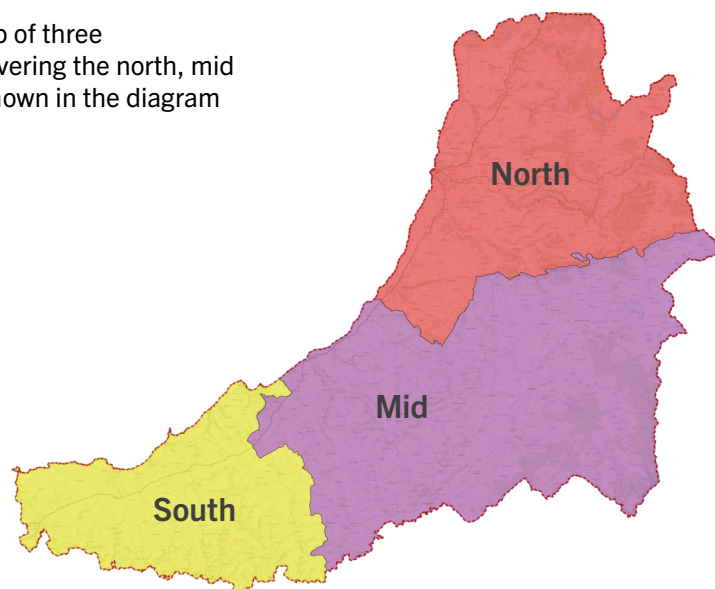

There are 43 schools in Ceredigion, a mixture of primary, secondary and through age schools. 37 are Welsh medium schools, meaning that the majority of our younger

population are learning and using the Welsh language from a young age.

Ceredigion's Welsh in Education Strategic Plan 2022-32 aims for all pupil's in the authority's schools to attend Welsh-medium immersion education until the age of seven and increases the pupil's choice to follow a fully bilingual path through their career and in their future work and social life. It also contributes to the Wales national well-being goal and Welsh Government's aim of increasing the number of Welsh speakers to 1 million by 2050.

Ceredigion is a County well known for its cultural and heritage sites. There are castles and museums situated across the County, which draw many tourists to the area throughout the year.

The County is made up of three geographical areas covering the north, mid and southern parts, shown in the diagram below right.

OUR COUNTY IN NUMBERS

71,500
people

46.8 years
average age

4%
BAME population*

8,350
university students

10%
with a disability

47.3%
of residents are Welsh speakers

KEY ACHIEVEMENTS

£10.8m

of capital funding secured through the Levelling Up Fund 2022-25

£2.5m

of revenue funding secured through the Community Renewal Fund for 2022/23

15,000+

food parcels delivered to medically vulnerable residents during the COVID-19

£98,000

of Carers Fund distributed to unpaid carers in Ceredigion

£5.8m

secured to refurbish and build extension at Ysgol Uwchradd Aberteifi, as one of a number of investments in local schools

Gold Standard

awarded to various local schools in the Welsh Language Charter, including Gynradd Llanilar and Dyffryn Cledlyn

70.2%

of waste collected by the Council was composted or reused, consistently amongst the best nationally

61%

reduction in carbon emissions since 2007 saving £6m to reinvest

INVESTING IN CEREDIGION

A number of Welsh Government **Transforming Towns Place making grants** and strategic projects have been secured for a range of partners in Ceredigion

Consultants and contractors being appointed to deliver the new **£11.5m** Aeron Valley area school, and the new **£5.4m** extension at Ysgol Gymraeg, Aberystwyth

Over **£30m** will be spent on the coastal defence schemes in Aberaeron and Aberystwyth

New **£1.2m** Well-being Centre in Lampeter

New **£300,000** Dementia Wing at Hafan Deg Care Home in Lampeter

£2.6m school redevelopment at Cardigan Primary School

Over **£250,000** has been secured to improve people's access to Ceredigion's natural assets through the Local Nature Partnership

Helped fund the development of Cardigan as a **Smart Town**, applying technologies such as Wifi, Internet of Things and a popular town App to allow traders, Cardigan Town Council and Ceredigion County Council to measure information such as footfall and popular areas of town

Boosting the Economy, Supporting Businesses and Enabling Employment

Creating Caring and Healthy Communities

Providing the Best Start in Life and Enabling Learning at All Ages

Creating Sustainable, Greener and Well-Connected Communities

Ceredigion ▶

IMPROVING OUTCOMES

Creating Opportunities

January 2022 saw the signing of the final deal agreement of the Mid Wales Growth Deal by the Welsh Government, UK Government and Ceredigion and Powys County Councils.

The Growth Deal is a ground-breaking partnership to bring a combined investment of £110m from UK and Welsh Government, which is expected to lever in significant additional investment from other public and private sources to maximise the impact in the Mid Wales region.

This milestone is significant as the programmes and projects supported by the Growth Deal are expected to produce wider social and economic benefits, such as **enhanced quality of life, creating business opportunities** following the impact of COVID-19, **decarbonisation** in industry and consideration of climate change impacts.

The potential outcomes that are achievable in Mid Wales through Growth Deal investment are:

- To create between 1,100 and 1,400 new jobs in Mid Wales by 2032.
- To support a net additional GVA uplift of between £570 million and £700 million for the Mid Wales Economy by 2032.
- To deliver a total investment of up to £400 million in the Mid Wales Economy by 2032.

Independent and Fulfilling Lives

The first residents at Aberystwyth's new extra care scheme have spoken about how it has transformed their lives, from sparking new friendships to providing the platform for a fresh start in life.

Maes y Môr, provided by Wales & West Housing in partnership with Ceredigion County Council, opened in October at Pen-yr-Angor, overlooking the town and harbour. But for many of its new residents, it has offered much more than just spectacular sea views.

Their new homes provide easy access to a range of facilities, 24-hour on-site care and support as well as a Wellbeing Officer, ensuring that residents **lead an independent, healthy, and fulfilling life.**

Supporting vulnerable people

During the COVID-19 pandemic around 2,900 residents from young people to families to carers were supported through regular 'Keeping in Touch' calls from Council staff in Porth Cymorth Cynnar to check on their well-being and provide an opportunity to talk to someone whilst in lockdown, helping to **reduce social isolation and loneliness.**

Strong Communities

Ceredigion Museum is delighted to have been awarded £115,894 development funding by the National Lottery Heritage Fund for the following project: Perthyn 'belonging to/possessing': An exploration of how collections can **create community in Ceredigion.**

Perthyn is an ambitious project that aims to ensure that every Ceredigion resident can find something in the museum collection that resonates with their **sense of identity and values**, regardless of their age, gender, ethnicity, beliefs, sexuality, ability or other characteristics that they identify with.

Connected Ceredigion

The last two years have shown just how critical digital connectivity is for Wales' businesses, public services and communities. Continued investment and lobbying by the Council has led to the improvement of digital connectivity across the County. For example, the provision of Fibre to the Premises (FTTP) broadband has increased from 20% to 28.3%.

Improved digital connectivity increases not only **innovation and productivity** across the economy, it also **keeps people and communities connected.** The Council will continue to support improvements to digital connectivity, such as the rollout of 4G Broadband, to help provide the connectivity that businesses and people need, **tackle digital exclusion and increase opportunities** for all.

Healthy Environment

In June 2022 at the Wales Regional Energy Efficiency Awards, Ceredigion County Council's Energy Efficiency Schemes scooped 2 awards.

The Energy Efficiency Awards recognise the work being undertaken by the energy efficiency sector in Wales. The measures were introduced to help homeowners **reduce their energy bills, tackle fuel poverty and reduce carbon emissions.**

The Council has been delivering the ECO Local Authority Flexibility scheme along with the Warm Homes Cozy Ceredigion Scheme for a number of years. These schemes have seen a number of insulation measures and heating systems being installed in properties improving their **energy efficiency.**

To date, the Council has invested over £5 million in energy efficiency and carbon reduction projects, and this investment has saved £2.8m to date.

OUR COUNCIL

At the local elections in May 2022, Ceredigion residents returned 38 councillors in 34 wards across the County.

The new administration is a Plaid Cymru majority with 20 councillors, along with 9 independents, 7 Welsh Liberal Democrats, 1 Welsh Labour and 1 GWLAD. The new Leader of the Council is Councillor Bryan Davies and Councillor Ifan Davies is the current Chairman of the Council.

Local Councillors are elected by the community to decide how the council should carry out its various activities. They represent public interest as well as individuals living within the ward in which he or she has been elected to serve a term of office.

The frequency of local government elections in Wales has been increased from four to five years, in order to avoid clashes with Senedd elections, meaning the next Ceredigion Council election will take in May 2027.

You can find out more about the Committees of the Council and access Reports, Agendas and Minutes on the Council's website:

<https://council.ceredigion.gov.uk/mgListCommittees.aspx?bcr=1>

MONEY AND FINANCE

The Council's Medium-Term Financial Strategy sets out how the Council plans its budget annually and over the next 3 years. It supports the overall management of the Council's key resources to meet its objectives.

The Council's expenditure supports the delivery of its Corporate Strategy and the delivery of its Corporate Well-being Objectives. Despite the COVID-19 pandemic, Ceredigion County Council continues to demonstrate an open desire to improve services and invest in better resources and facilities.

The financial objective is for the careful and responsible use of resources and to ensure that the financial resilience of the Council is maintained and strengthened. In order to meet the budgetary challenges it faces, the

Council continues to implement back office efficiencies, develop alternative delivery methods whilst also sustaining services. The following charts show where the money comes from and how it is spent.

- Welsh Government (72%)
- Council Tax (28%)

Based on service expenditure in 2020/21, showing revenue funding only and excludes income generated by the Council

Schools and Culture	£48.86m
Porth Cynnal (Specialist Through Age Services)	£21.95m
Finance and Procurement	£20.86m
Highways and Environmental Services	£16.31m
Porth Gofal (Targeted Intervention Services)	£10.24m
Leadership Group	£6.94m
Customer Contact	£5.45m
Levies, Council Tax Premium and Reserves	£4.48m
Democratic Services	£3.96m
Economy and Regeneration	£3.28m
Porth Cymorth Cynnar (Community Well-being and Learning)	£3.16m
Partnerships, Performance and Public Protection	£2.18m
People and Organisation	£2.01m
Legal and Governance	£1.48m

Local Government elections across Wales took place on 5th May 2022

TRANSFORMATION

Ceredigion is investing in new technology to transform the way services are provided to our customers. This is to ensure they meet growing demands and are sustainable in the future, and also provide an enhanced experience for our customers.

The Through Age Well-being Programme that is transforming social care and the Customer Contact Centre called 'CLIC' are two good examples of this.

Through-Age Well-being

The priorities aim to enable the delivery of services that will enhance the social, economic, environmental and cultural well-being for the people of Ceredigion.

Providing support for all ages and needs is a significant challenge for the Council with limited resources. The profile of society and demographics have changed considerably

over the last decade with a significant increase in the prevalence and impact of substance misuse, poor mental health and domestic abuse and older age groups living in Ceredigion. As a consequence, demand for certain services has increased placing a greater financial pressure on those service areas.

The Through Age and Wellbeing strategy sets out the vision and approach that will be taken to transform how the wellbeing and safety of the people of Ceredigion is supported.

To achieve our vision we have developed a Through Age and Wellbeing operating model that is designed to ensure people get the right level and type of support, at the right time, to prevent, reduce or delay the need for ongoing support, and to maximise people's independence and to be able to

remain in their own home in their own community wherever possible.

Customer Contact

The CLIC Team is the face and voice of Ceredigion County Council. Whether calling the Contact Centre with a query regarding bins, checking Council Tax or submitting an application to the Housing Team, the customer comes into contact with CLIC.

Our Customer Contact Centre is an example of how we're using new technology to provide an enhanced customer experience. All initial contacts to the Council are received and tracked by the Contact Centre through the Customer Relationship Management (CRM) system. This provides an effective way to manage the increasing number of contacts we receive, provide a higher quality, more tailored service and enhance the customer experience. For our customers:

- It is **easier to make initial contact** - just one telephone number and one email address.
- Our advisors are trained to deal with a wide range of enquiries - so that where possible, queries are resolved at the **first point of contact**.
- There is no need to retell the same story each time a customer calls - their **information is on hand** via the CRM system to provide a quicker and more tailored response to resolving their enquiry.
- Services are provided in Welsh or in English according to **their choice of language**.

KEY ACHIEVEMENTS IN 2021/22:

114,060

Telephone calls handled by CLIC during the 2021/22 year

15%

Of telephone calls (or 16,677) were in Welsh

38,508

Emails responded to by CLIC during the 2021/22 year

77,921

Enquiries logged by CLIC during the 2021/22 year (an increase of 21,000 on the previous year)

The Objectives of the Through-Age Well-being Programme:

1. PROMOTE POSITIVE HEALTH AND WELLBEING AND SUPPORT PEOPLE TO SELF SUPPORT
2. STRENGTHEN FAMILIES SO THAT CHILDREN AND YOUNG PEOPLE REMAIN WITH THEIR FAMILY
3. ENABLE INDIVIDUALS TO LIVE INDEPENDENTLY IN THEIR OWN COMMUNITY
4. PROVIDE PROPORTIONATE APPROACHES TO MANAGED CARE AND SUPPORT
5. PROTECT INDIVIDUALS AND KEEP THEM SAFE FROM ABUSE, HARM AND NEGLECT

OUR VISION AND PRIORITIES

The Corporate Strategy 2022-2027 outlines how the Council intends to deliver its four Corporate Well-being Objectives or Strategic Priorities.

The core purpose of the Corporate Strategy is to illustrate how the authority will support and promote sustainability and the wellbeing of the citizens of Ceredigion, through its long term Vision and its Corporate Well-being Objectives.

The Corporate Well-being Objectives will enable the delivery of services that will enhance the social, economic, environmental and cultural well-being for the citizens and communities of Ceredigion. They have been identified through public engagement, the Ceredigion Assessment of Local Well-being and the ambitions of the new political administration.

The process started with a desktop analysis of a variety of evidence, in order to identify the main issues affecting the well-being of Ceredigion's citizens. This included reviewing the Ceredigion Public Service's Board Assessment of Local Well-being, which provides a comprehensive picture of well-being in the county, and included extensive public engagement during 2021. This told us about the concerns people had and the areas they would like to see improve.

A triangulation exercise was then conducted, looking at the new Administration's priorities for the next five years and comparing with the Assessment to identify any gaps. Workshops were run with Council services to provide a further check and to develop the individual

steps to be taken to deliver the Objectives.

The draft Strategy and Well-being Objectives were consulted on during August and September 2022, with the final agreed objectives being:

- **Boosting the Economy, Supporting Businesses and Enabling Employment**
- **Creating Caring and Healthy Communities**
- **Providing the Best Start in Life and Enabling Learning at All Ages**
- **Creating Sustainable, Green and Well-connected Communities**

We developed the objectives through the lens of the Wellbeing of Future Generations Act, in particular identifying how we could maximise our contribution to the national well-being goals and also ensure that we used the sustainable development principle to ensure that the needs of the present are met without compromising the ability of future generations to meet their own needs.

More information on how we have assessed our objectives using the sustainable development principle can be found on page 36.

We review our Corporate Well-being Objectives and steps annually to ensure they remain the right Objectives for Ceredigion and ensure we are delivering them.

The Strategy sets out clearly our priorities and demonstrates our commitment to improving social, economic, environmental and cultural well-being in the County.

Our Vision:

Ceredigion County Council delivers value for money, sustainable bilingual public services, that support a strong economy and healthy environment, while promoting well-being in our people and our communities

Our Corporate Well-being Objectives:

CONTRIBUTION TO THE NATIONAL WELL-BEING GOALS

The Well-being of Future Generations Act (Wales) 2015 seeks to improve the social, economic, environmental and cultural well-being of Wales by requiring public bodies to work together to create a sustainable Wales. It is intended to help to create a Wales that we all want to live in, now and in the future. There are 7 national well-being goals that set out a shared vision for all public bodies to work towards (shown right).

We know that we face challenges in Ceredigion - the COVID-19 pandemic has been unprecedented in its impact on all walks of life, but more recently the cost of living crisis is impacting many households in the County. There is also the need to grow the local economy and create opportunities for local people, tackle poverty and the high costs of accommodation, along with the County's decreasing population which will have far reaching impacts.

Ceredigion County Council works collaboratively with its local and regional

partners to tackle these complex issues to create the Ceredigion that we want.

Our Corporate Well-being Objectives have been developed based on evidenced local needs and on the views of local people as identified in the Ceredigion Assessment of Local Well-being. The Assessment provides a comprehensive review of well-being in the County, and was underpinned by extensive public engagement during the summer and autumn of 2021.

The steps we plan to take to achieve our Corporate Well-being Objectives will help us improve outcomes for local people and also maximise our contribution to the national Well-being Goals. We will use the steps set out on pages 11-31 to measure our progress towards achieving the Corporate Well-being Objectives and national Well-being Goals.

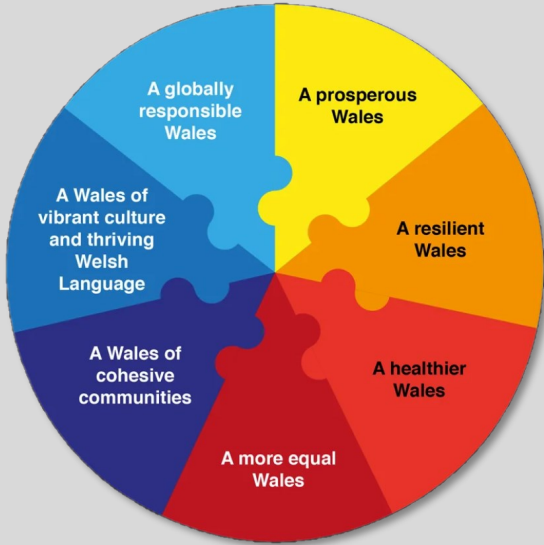

The table below shows a summary of how each of the Council's Well-being Objectives contributes to Wales' national Well-being Goals.

Ceredigion Public Services Board brings together the County's public service leadership and decision-makers, to improve the economic, social, environmental and cultural well-being of the County by strengthening joint working across the County's services.

The Board is in the process of developing its new Five Year Local Well-being Plan for 2023-28. Like the Council, its priorities were developed using the evidence and engagement feedback from the Ceredigion Assessment of Local Well-being.

This ensures that both Ceredigion County Council and Ceredigion Public Services Board's Well-being Objectives are aligned to focus on the priority needs of the County, and maximise the contribution to the national Well-being Goals. The new Local Well-being Plan will be published in May 2023.

THE 7 NATIONAL WELL-BEING GOALS

The Well-being of Future Generations (Wales) Act 2015 puts in place 7 Well-Being Goals

All public bodies must work to achieve all of the goals

	Prosperous	Resilient	Healthier	More Equal	Cohesive	Culture	Global

BOOSTING THE ECONOMY, SUPPORTING BUSINESSES AND ENABLING EMPLOYMENT

Page 18

Food Centre Wales is a dedicated food technology centre offering advice, technical services and training to business start-ups, SME's and existing food manufacturers. The centre boasts a dedicated Research and Development building with unrivalled facilities for food manufacturers to develop new and existing products .

Our priorities for delivering the Corporate Well-being Objective are:

- Progress the £110m Mid Wales Growth Deal
- Support local businesses in the recovery from COVID-19
- Support new and growing businesses in the County
- Create new job opportunities for skilled young people
- Promote equal opportunities in employment
- Achieve sustainable economic growth
- Pursue the Local Development Plan
- Prioritise locally sourced produce and supply chains
- Improve 4G Broadband
- Equitable funding within the Arfor programme
- Improve digital, transport and energy connectivity
- Tackle poverty in Ceredigion
- Support working parents in Ceredigion
- Enhance the provision of skills and learning opportunities for people aged 16+
- Further develop apprenticeships in the County

Progress Made

- The Growing Mid Wales economic partnership has been established and has succeeded in attracting a £110m Growth Deal of investment to Mid Wales over the next 10 years for projects across the region.
- £10.8m of investment has been secured from the UK Government's Levelling Up Fund to help transform Aberystwyth's Harbour, Old College and Promenade.
- 2.8m worth of investment has been secured from the UK Government's Community Renewal Fund, for 12 community schemes across the county.
- A Welsh Government funded Small Capital Grant scheme delivered in early 2021 led to almost £500,000 of grant investment in Ceredigion businesses, attracting a further £631,000 of private sector funding. The support led to the creation of 146 new jobs in Ceredigion, and a further 408 jobs were safeguarded in 81 businesses through the investments.
- Ceredigion's new Economic Strategy was published in March 2021 setting out how we will work together towards achieving strong, sustainable and more resilient economic growth for Ceredigion, created and shared by all. The strategy sets out the actions that will address the challenges and opportunities that exist in the local economy.
- External funding secured to the tune of over £20m, including Levelling Up Fund, Community Renewal Fund, Transforming Towns, Land Release Fund, Land and Buildings Development fund, Helix, Arfor, Business Capital and revenue grant schemes.
- Ceredigion County Council has one of the most advanced Internet of Things (IoT) network now installed across the county (LoRaWAN), giving the opportunity for improved service performances, and allowing businesses to harness and take advantage of the capabilities of IoT.
- Supporting the independent sector through collaborative working providing mutual aid, funding and resources. Provision of additional staffing resources, equipment as well as H&S advice and policies and procedures.
- Leading on work of Centre for Local Economic Strategies (CLES) to develop community wealth building approaches to local procurement policy and practices
- Supported local businesses during the COVID pandemic by administering 8,835 Business Grant payments across Ceredigion with a value of £49m.
- Significant lobbying by Ceredigion County Council and others has resulted in 29.5% coverage of full Fibre broadband giving over 100 Mbps capability. The county wide current average download of 54mbps is one of the highest levels for a rural local authority.
- Ceredigion C4W+ and Workways+ has continued to help people who are not in employment to access training, work experience, volunteering and job opportunities.
- Supported local businesses during the COVID-19 Pandemic - 8,900 COVID related enquiries were managed by Ceredigion's Customer Contact Service 'CLIC'. This included enquiries relating to Business Grants, the Cultural Recovery Fund and the Small Business Capital Grant Scheme. Over 2,000 alone were in relation to the Non-Domestic Rate Grant to help businesses in the hospitality, tourism, leisure and non-essential retail sectors that had to close.

Priorities for 2022/23

Background

Ceredigion is a confident, attractive county in which many of our people prosper and develop, where many have established thriving and successful businesses.

However, our size and location mean we face challenges to growing the local economy, but equally there are many opportunities for us to take full advantage of in positioning the county to adapt to both a low-carbon future and increased digitisation.

The key challenges can be summarised as the need to attract new businesses and grow existing businesses, create more and higher paid job opportunities, provide opportunities for younger people to remain in the county, and increase average earnings of the County in comparison to Wales as a whole

The strengths and unique selling points for the local economy are that new business start-ups have some of the best survival rates across Wales, our workforce has much higher than average skills and qualifications, and the knowledge economy is strong with two highly rated Universities.

It is against this backdrop that we have developed our Corporate Well-being Objective to build on our strengths as a county, take full advantage of the opportunities open to us and tackle the challenges facing us to grow the local economy. Boosting the economy, supporting our local businesses and enabling our people to access good quality employment and careers will help us achieve this.

Boosting the Economy

We will continue to progress the Mid Wales Growth Deal to realise the benefits of the £110m investment in the mid-Wales economy. The projects supported by the Growth Deal will leverage additional investment in the economy and maximise the economic impact of Ceredigion, such as creating additional jobs and economic growth of up to £700m.

A key part of growing the local economy will be

the delivery of Ceredigion's Economic Strategy which sets out the actions we will take over the next 15 years. We will continue to deliver the actions in the Strategy, and work with partners across the County to identify and deliver further interventions to bring economic growth to the County.

Tackling poverty and supporting working parents will continue to be a priority for the Council, and we will work with our partners on the Ceredigion Public Service Board's Poverty Sub Group to identify actions to mitigate the impacts.

Supporting Businesses

We will continue to support local businesses in the recovery from COVID-19, but also work to support new business start-ups in Ceredigion and support existing businesses to expand and grow.

Part of this will involve prioritising locally-sourced produce and supply chains in council business in order to keep as much money and as many jobs as possible within the local community. Where possible we will break up contracts in order to maximise the use of local suppliers.

Enabling Employment

In addition, to supporting job creation, we will continue to promote equal opportunities in employment, boost inclusive growth, promote gender equality in employment and encourage greater investment in education and skills throughout working life.

We will achieve this by enhancing the provision of skills and learning opportunities at age 16 and further developing apprenticeships in the County. We will establish an employability skills development pathway for young people and those with disability to promote inclusion in the workforce.

For parents, we will support the provision of free childcare for all two-year olds, and also the expansion of Flying Start to help children develop social, emotional and communication skills they need for success in school.

WHAT WILL BOOST CEREDIGION'S ECONOMY, SUPPORT BUSINESSES AND ENABLE EMPLOYMENT?

Boosting the Economy

We will:	Service
Deliver coastal defences for Aberaeron and Aberystwyth	Highways and Environmental Services
Complete the coastal defence works at Aberaeron, Aberystwyth, Borth and Llangrannog	Highways and Environmental Services
Support the development of the County's harbour provision	Highways and Environmental Services
Continue to develop the £110m Mid Wales Growth Deal	Economy and Regeneration
Pursue the Ceredigion Local Development Plan	Economy and Regeneration
Support the roll-out of 4G Broadband	Economy and Regeneration
Explore possibilities for enabling seacraft to access the Teifi estuary	Economy and Regeneration Highways and Environmental Services
Support Aberystwyth's bid to become a UNESCO City of Literature	Economy and Regeneration
We need to develop our Asset base of physical and natural assets that contribute fully to the efficient operation of Ceredigion County Council, but also contribute to the growth of the Economy in Ceredigion while halting and reversing the decline in nature: <ul style="list-style-type: none"> Ensure that the Asset programme is linked to our corporate and economic ambitions and feeds into the long-term Capital programme and prioritises contributing to the Env (Wales) Act Section 6 Duty and An Ecologically Resilient Wales goal 	Economy and Regeneration

We will:	Service
<p>Economic growth will be achieved sustainably - whilst also continuing to play our part in dealing with the causes and impacts of climate change, biodiversity loss and helping our communities prosper throughout Ceredigion:</p> <ul style="list-style-type: none"> Digital connectivity - In simple terms, our ambition is to ensure that residents and businesses in Ceredigion are not at a disadvantage because of a lack of digital connectivity. It is widely acknowledged that digital connectivity is now considered an essential part of home and business life, and is a fourth utility. It is not therefore about catching up – but ensuring we have parity of access and opportunity to towns and communities across the UK. That means an ambition to deliver services that equate to full fibre equivalent to levels well above the current 80% reach. Transport connectivity - To drive economic growth and attract new investment we need to improve connectivity both to and within Ceredigion. We will build on our existing linkages to deliver the transport network required to help grow the economy and raise productivity. Energy Connectivity - Affordable connectivity to a decarbonised energy network is a vital part of our future economic growth. Energy is everything, without it we cannot heat our homes, move around, or have employment. The UK decarbonisation agenda means this energy has to come from renewable sources in the future. The county and region are well placed to contribute to meeting this need, but poor existing grid infrastructure hampers this. 	Economy and Regeneration Highways and Environmental Services
Supporting the local economy to ensure it works well for local people by: <ul style="list-style-type: none"> Supporting Ceredigion's UK Shared Prosperity Fund bid 	Economy and Regeneration All
To support families in Ceredigion by: <ul style="list-style-type: none"> Developing a resource centre to support vulnerable / low-income families 	Porth Cymorth Cynnar

Supporting Businesses

We will:	Service
<p>Poverty is seen as a cross-cutting theme of the Local Wellbeing Plan (2023-2028):</p> <ul style="list-style-type: none"> Develop economic dashboard to monitor the delivery of the Economic Strategy and Growing Mid Wales 	Economy and Regeneration
<p>Ensure the alignment and linkages across what is in the Wellbeing Plan and Corporate Strategy to tackle poverty:</p> <ul style="list-style-type: none"> Ensure alignment between Local Authority and PSB in relation to Boosting the Economy & Tackling Poverty 	Economy and Regeneration
Household income above national average	Economy and Regeneration
Working parents are supported	Schools and Culture

We will:	Service
Support the development of the Smart Towns project in Cardigan in our other Ceredigion towns	Economy and Regeneration Highways and Environmental Services
Prioritise locally-sourced produce and supply chains in council business	Economy and Regeneration
<p>Push for equitable funding within the Arfor programme between the two areas of West Wales and the Valleys</p> <p><i>(The Arfor Innovation Fund 2022-25 is a £11 million scheme funded by Welsh Government to pilot innovative approaches in promoting entrepreneurship, business growth, community resilience and the Welsh language in the Arfor region of West Wales the counties of Ceredigion, Carmarthenshire, Gwynedd and Anglesey).</i></p>	Economy and Regeneration
<p>More businesses will be established and businesses will grow, enjoying the positive environment for growth here in Ceredigion:</p> <ul style="list-style-type: none"> Our ambition is also to see an increase in the number and proportion of our businesses that are mid-sized (employing over 50 people). Simply, we want to see Ceredigion as a great place to start up in business and to grow a business. We will see new businesses starting across a range of sectors, but particularly focused on our core strengths of food manufacturing, agriculture, agri-tech, tourism, environmental science, aerospace, spectrum and other science-based research and development industries. The foundational economy will also play an important part of growth in Ceredigion, with key opportunities particularly in construction and care. 	Economy and Regeneration
We aim to be the catalyst for creating new businesses in Ceredigion and helping existing businesses grow into mid-size businesses.	Economy and Regeneration

WHAT WILL BOOST CEREDIGION'S ECONOMY, SUPPORT BUSINESSES AND ENABLE EMPLOYMENT?

Enabling Employment

We will:	Service
<p>Prevent the talent drain from Ceredigion:</p> <ul style="list-style-type: none"> Develop through the Regional Skills Partnership, Economy and Regeneration, and LL&S a robust employer forum Develop online/ social connectivity and pop-up events to market roles/ sectors within Ceredigion 	<p>Porth Cymorth Cynnar</p> <p>People and Organisation</p>

We will:	Service
<p>Enterprise-led innovation will lead to new job opportunities for skilled young people educated and trained in our schools, colleges and universities:</p> <ul style="list-style-type: none"> We have an excellent education system that delivers excellent results for learners. We will work with education providers in Ceredigion to build stronger relationships with employers, so that education and training services are firmly aligned with the needs of those employers 	Economy and Regeneration
<p>Young people who wish to stay in Ceredigion, as well as those who may want to return to live and work here or move here for the first time, will see Ceredigion as a place of opportunity. This will ensure our communities remain vibrant places where our culture and Welsh language can thrive:</p> <ul style="list-style-type: none"> We want Ceredigion to continue to be a place where people want to live, work and visit. We will work to understand the changing needs of its residents, workers, visitors, as well as the challenges represented by climate change and the nature emergency to adapt in a changing World in the wake of the Covid 19 pandemic and Brexit). 	Economy and Regeneration
<p>Enhance provision for pupils at age 16 ensuring that there is a wide, appropriate, bilingual and equitable choice of subjects offered to learners, that meets their needs and develops their skills and supports the needs of the local economy:</p> <ul style="list-style-type: none"> Undertake a review of post-16 education and implement the approved recommendations Continue to develop the E-sgol provision Ensure that the UK Shared prosperity fund is utilised on identified projects to develop appropriate skills to support the local economy 	Schools and Culture
<p>Strengthen the pool of highly skilled and qualified applicants/ candidates in Ceredigion by</p> <ul style="list-style-type: none"> Further developing apprenticeships, micro enterprise and social enterprise 	Porth Cymorth Cynnar

We will:	Service
The RLSP will be established by Ceredigion County Council and Powys County Council to provide a focus for skills in Mid Wales, and to drive economic growth by ensuring investment in the right skills	Porth Cymorth Cynnar Economy and Regeneration
Develop an employability skills development pathway for young people and those with disability to promote inclusion in the workforce	Economy and Regeneration
Raise the profile of the DP PA workforce through active recruitment	Porth Gofal
Progress with the development of the provider hub and raising the profile of the sector and opportunities for skill development	Porth Gofal
Work with regional partners in the development of social and micro enterprise opportunities.	Porth Gofal
<p>We need to be at the forefront of achieving a change in the narrative where people in Ceredigion feel there are genuine career opportunities that will enable them to have the choice to develop meaningful careers in Ceredigion:</p> <ul style="list-style-type: none"> • Ensure effective delivery of the investment programmes secured. • Launch of 'Softer' business / career development programmes e.g. Business Awards, Careers information linked to Ceredigion's business community 	Economy and Regeneration
<p>To have equal opportunities for people to work in Ceredigion:</p> <ul style="list-style-type: none"> • Develop an employability skills development pathway across the Porth for young people and those with disability to promote inclusion in the workforce 	Porth Gofal

We will:	Service
To have a sustainable and resilient independent care sector	Porth Gofal
<p>Every pupil to have a destination</p> <ul style="list-style-type: none"> • Development of 'Life Skills and Work Skills' project for those that are furthest from the labour market, including disengaged learners. • Collaboratively develop/ strengthen early identification pathways to ensure that those identified as at risk of exclusion, disengagement or other socio-economic factors receive support as early as possible 	Porth Cymorth Cynnar
<p>People of all ages to have a learning pathway:</p> <ul style="list-style-type: none"> • Development of a career pathway for post-16 across Ceredigion County Council services, including work experience, volunteering, traineeships and apprenticeship opportunities 	Porth Cymorth Cynnar

CREATING CARING AND HEALTHY COMMUNITIES

Page 24

The Council's Through Age Well-being Programme is transforming social care in Ceredigion. Providing support for all ages and needs is a significant challenge for the Council with limited resources. The profile of society and demographics has changed considerably over the last decade and demand for certain services has increased placing a greater financial pressure on those service areas.

Our Through Age and Wellbeing operating model is designed to ensure people get the right level and type of support at the right time. It aims to prevent, reduce or delay the need for ongoing support, and to maximise people's independence and to be able to remain in their own home in their own community wherever possible. The Programme is in the process of being implemented and will run until 2027.

Ceredigion has responded to the challenges in the provision of social care by moving towards combining the previously separate children and adults' services into a single Through-Age and Well-Being Service. This eliminates departmental barriers, provides a more consistent, lifelong service for users and maintains the generic skills and flexibility of staff. In 2021, the Council approved the Through Age and Wellbeing Strategy for 2021-2027 and action plan for Ceredigion.

Our priorities for delivering the Corporate Well-being Objective are:

- Provide for the nursing care needs of our population
- Deliver the Through Age Well-being Programme
- Promote the Welsh Language in Ceredigion
- Launch Well-being Centres across the County
- Pursue initiatives to train and recruit social care staff
- Progress Cylch Caron extra care facility at Tregaron
- Welcome and support refugees
- Develop carers' breaks/ respite and support the aspiration of creation of a National Care Service for Wales
- Support community mental health facilities
- Encourage and enable people to get physically active so they can benefit from positive health and wellbeing
- Develop an improvement plan for the strategic provision of facilities to increase physical activity levels in the county
- Enhance the role of Community Connectors to support the development of resilient communities
- Further develop participation events to ensure communities have a voice
- Develop and increase the number of focussed and universal extra-curricular and holiday activity programmes
- Develop and increase the number of support groups and programmes

Progress Made

- Ceredigion County Council has continued to implement the Welsh Language Standards and develop procedures to enable service users to access services in their language of choice. It has also have worked with the National Centre for Learning Welsh to part-fund a “Welsh in the Workplace” language tutor in order to increase the opportunities for Council staff to learn the language and build confidence in using the language in the workplace.
- The Council has worked in collaboration with its partners through the Bilingual Futures Forum to deliver the Ceredigion Welsh Language Strategy 2018-2023, which contributes towards the delivery of the Welsh Government target of having one million Welsh speakers by 2050.
- The Welsh in Education Strategic Plan 2022-2032 has been published, which is integral to the County's vision of developing truly bilingual citizens. A very successful National Eisteddfod was held in Ceredigion in 2022. It was a unique opportunity to celebrate language and culture of the area and Wales on the national stage. The Eisteddfod is one of the cornerstones of the Welsh language, which offered important opportunities for people to speak the language and to reinforce their confidence in their Welsh skills.
- As part of its prevention work, the Council has invested in giving full recognition and support to the role of carers, in particular by providing opportunities for respite, allowing carers to take a rest from what can be a demanding 24/7 role.
- Working with Wales and West Housing Association, we have facilitated the ground-breaking Maes y Môr Extra Care Housing development in Trefechan that helps to maintain independent living for the vulnerable by varying the level of care required by the individual.
- Completed the £100k Canolfan Steffan Community Support Facility in Lampeter, and delivering the £150k refurbishment of Canolfan Padarn Day Centre in Aberystwyth.
- Commissioning arrangements for the new Complex Children's residential provision have commenced.
- Maximised the Disabled Facility Grant and associated Welsh Government Funding to provide adaptations to homes, in order to enable people to remain within their communities.
- Used Welsh Government allocated Social Housing Grant to deliver much needed Affordable Housing for rent.
- Allocation of Social Housing via the Common Housing Register now allows applicants to select 5 areas, giving them more choice for where they and their family wish to live.
- A new Strategic Equality Plan 2020-2024 has been published to ensure that residents and stakeholders in Ceredigion have a voice to influence the development of policies and strategies that will affect their lives.
- A Tackling Hardship Strategy was published to help to mitigate the impact of COVID-19 and the cost of living crisis on the most vulnerable in Ceredigion.
- Public Space Protection Orders (PSPOs) have been renewed for Cardigan, Lampeter and Aberystwyth to deal with nuisance or problems in an area that cause harm to the quality of life of the local community.
- Reinvigorated Dyfed Powys Police and Police and Crime Commissioner's work on Anti-Social Behaviour and introduced a Community Trigger Protocol for Ceredigion County Council.
- Introduced multi agency weekly tension monitoring meetings to address early signs of community tensions through early intervention/ preventative work on a partnership basis.
- Implemented with partner organisations, place-based pilots in Cardigan, Lampeter and Aberystwyth to address wellbeing in communities based on need.
- Increased provision for our National Exercise Referral Scheme (NERS) from 21 weekly sessions in 2014 to 75 sessions a week in 2020.
- Introduced a Walking for Wellbeing Programme in 2020.
- Achieved Insport Silver Accreditation from Disability Sport Wales.

Priorities for 2022/23

Background

The 'Social Services and Well-being (Wales) Act, 2014' places a legal requirement on the Council to develop a range of early intervention and prevention strategies that include collaborative arrangements with communities and the voluntary sector to support independent living.

Ceredigion has an ageing population. It is expected that this will put a significant strain on our public services, particularly our local health and care service.

Creating caring and healthy communities will improve well-being through supporting independent living, preventing future problems, providing for the nursing care needs, and supporting mental as well as physical well-being following the COVID-19 pandemic.

Creating Caring Communities

The Council's Through Age Well-being Programme has progressed well, and we will continue to push forward with transforming how people's health, wellbeing and safety can be supported in Ceredigion. The Programme aims to identify at an early stage what concerns people have and aim to prevent escalation, wherever possible, through a timely and proportionate response. This approach will help to ensure people get the right level and type of support, at the right time, to prevent, reduce or delay the need for ongoing support, and to maximise people's independence and to be able to remain in their own home in their own community wherever possible.

A higher level of provision is needed in housing for older people, housing with care and nursing care in order to match the aspirations of the Welsh Government's Older People's Expert Housing Panel report, and to meet the older people's preference to staying independent and living in their home. The potential development of the Cylch Caron Integrated Resource Centre in Tregaron and Maes Y Môr (extra care scheme) in Aberystwyth will help to address this need.

As a result we will continue to progress the ground-breaking Cylch Caron integrated health and social care project in partnership with Hywel Dda University Health Board and will pursue further extra-care facilities in Aberaeron and elsewhere. Maes Y Môr opened in October 2021, a supportive community of 56 apartments, allowing people to live in their own home with access to 24-hour on site care and support.

Ceredigion has a history of supporting families fleeing from war, hunger and homelessness. Over the past few years the Council has successfully supported 74 refugees from Syria to be welcomed into the community. We will continue to play a leading role in helping refugees and resettling them into our communities.

Creating Healthy Communities

Ceredigion is predominately a bilingual county, and our Welsh heritage and culture is important. Safeguarding the language is a high priority for the Council, where the County continues to be a heartland of the Welsh Language and that it is an everyday language that is heard and spoken naturally by children, young people and adults.

We want to encourage all of our citizens, regardless of ability, to become physically active so they can benefit from positive health and well-being. To achieve this we have put in place a series of actions to deliver over the next five years, including the provision of outreach physical activity opportunities, providing Health Intervention Programmes to improve physical activity levels in older adults and supporting community organisations to provide opportunities for residents to be active.

We will also be moving ahead with transforming Lampeter Leisure Centre into a 'Wellbeing Centre'. The Centre will enhance the core offer of Leisure provision with areas for meeting, consultation and treatment to contribute to improving the physical, mental and social well-being of the County's residents. Our aim is for the whole of Ceredigion to benefit from Well-being Centres, and as a result we will be progressing plans to develop Wellbeing Centres in the North and South of the county, as well as 'pop-up' provision in other locations.

WHAT WILL CREATE CARING AND HEALTHY COMMUNITIES?

Creating Caring Communities

We will:	Service
Pursue the building of a new nursing home in the Aberystwyth area and fully provide for the nursing care needs of our population	Porth Cynnal
Progress the ground-breaking Cylch Caron integrated health and social care project in partnership with Hywel Dda University Health Board <ul style="list-style-type: none"> Completion of Cylch Caron Tender and approval of business case by Welsh Government 	Porth Gofal
Pursue further extra-care facilities in Aberaeron and elsewhere	Porth Gofal
Support the aspiration of creating a National Care Service for Wales	Porth Gofal
Further strengthen the provision and use of the Welsh language within social care services to be able to provide services in the language of service users' choice by implementing the actions as set out in Welsh Government Strategic Framework: 'More than Just Words'	Through Age Well-being
We will work with our local universities with the aim of seeing our county becoming one of the bases for social worker training in Wales	
Progress the Through Age Delivery Model providing 70% of services within universal and early help services, 20% in Assessment and short-term services and 10% in Specialist services	Through Age Well-being

We will:	Service
<p>Improve the opportunity and capability for everyone to be physically active everyday by:</p> <ul style="list-style-type: none"> • Provide modern, accessible and inspiring leisure facilities across all three areas of Ceredigion (north, mid and south) • Encouraging people to Get Physically Active so they can benefit from positive health and wellbeing • Introducing an improved membership package for use of council operated leisure facilities • Providing outreach physical activity opportunities outside of the county's towns • Further developing mobile and outreach services to promote wellbeing and community safety • Delivering Health Intervention Programmes to improve physical activity levels in older adults • Developing Wellbeing activities for individuals with chronic conditions • Introduce a focussed intervention to improve the physical and emotional wellbeing of individuals in registered settings to regain their independence • Supporting community organisations to provide opportunities for residents to be active • Significantly increase the active travel provision including walking and cycling throughout the County in order to improve the health of our population • Identifying the future role of Ceredigion Local Sports Council in order to maximise its contribution to community organisations • Achieving Disability Sport Wales In sport Gold Accreditation • Transforming Lampeter Leisure Centre into a Wellbeing Centre to improve the physical, social and emotional wellbeing of citizens in the Mid of the county • Progressing with plans to develop Wellbeing Hubs serviced by a Wellbeing Centre in the North and South of the county 	<p>Porth Cymorth Cynnar</p> <p>Highways and Environmental Services</p>

We will:	Service
<p>Ensure everyone has the opportunity and capability to be physically active everyday by</p> <ul style="list-style-type: none"> • Upgrading council owned Artificial Turf Pitches, creating 3G facilities in the Mid and South of the county • Developing an improvement plan for the strategic provision of facilities to increase activity levels in the county • Undertaking a joint feasibility study with Aberystwyth University and provide a report that identifies the facility infrastructure required in the North of Ceredigion to meet the strategic aspirations of both organisations • Effective resourcing for universal and focussed activities 	<p>Porth Cymorth Cynnar</p>
<p>To develop and maintain the Toilet Strategy:</p> <ul style="list-style-type: none"> • To deliver the Toilet Strategy for Ceredigion • Engage with the general public for their feedback 	<p>Economy and Regeneration</p>
<p>To provide additional Changing Places provision in Ceredigion</p>	<p>Economy and Regeneration</p>
<p>To maintain cleaning regimes and to ensure all facilities are clean, accessible and well maintained</p>	<p>Economy and Regeneration</p>

PROVIDING THE BEST START IN LIFE AND ENABLING LEARNING AT ALL AGES

Page 30

Ceredigion's new Welsh in Education Strategic Plan (WESP) is a 10-year strategy, 2022–2032, seeking to reinforce and strengthen the Welsh language provision and meet targets set by the Welsh Government for a million Welsh speakers Wales-wide by 2050. One over-riding aim is to ensure that pupils are confident communicators in both Welsh and English by the end of Key Stage 2 (year 6) when they progress from primary to secondary education. The Strategy was approved by Council's Cabinet in February 2022.

Our priorities for delivering the Corporate Well-being Objective are:

- Deliver schools investment across the County, including the net carbon zero 3-storey extension at Cardigan Secondary School
- Deliver the Welsh in Education Strategic Plan (WESP) 2022 to 2032
- Ensure that pupils are confident communicators in both Welsh and English by the end of Key Stage 2 (year 6)
- Support the Ceredigion Youth Council as a forum for children and young people
- Developing Children and Young People's skills, knowledge and confidence to be physically active
- Develop Leadership skills within our Children and Young People at the earliest opportunity
- Support the provision of Free School Meals for primary school pupils
- Support the provision of free childcare for all two-year-olds
- Support the development of Theatr Felinfach's facilities
- Ensure that all learners' identified Additional Learning Needs are supported appropriately to become independent and fulfilled individuals
- Provide support for schools to successfully implement the new curriculum for Wales
- Develop a Culture Strategy and Equity Strategy to support school and community wellbeing
- Enhance the range of care and support options for looked after children and young people

Progress Made

- Ceredigion's Education system continues to be considered amongst the most successful in Wales. The support and resources provided to all Ceredigion schools during the Covid-19 pandemic – particularly during periods of lockdown – were particularly commended, praised and appreciated by inspectors, school staff, parents and pupils alike.
- The Council established childcare hubs during the early stages of the pandemic to support those children and their families who needed care.
- In response to long waiting times to access mental health support, Ceredigion County Council have supported a local youth charity to provide easily accessible mental health services to young people in the county.
- Working with 3rd sector and private businesses to provide work experience opportunities for individuals/vulnerable groups
- Roll out of funded childcare for 3-year olds across the county.
- Invested in and delivered nursery provision such as the £900k Llwyn yr Eos Nursery in Aberystwyth, the £700k Cenarth School Nursery and the £600k Tregaron Nursery facility.
- The new area school for Drefach, Ysgol Dyffryn Cledlyn, opened its doors in September 2017.
- Invested in and delivered school improvements such as the refurbishment and extension to create a 3-16 school at Henry Richard, the extension and improvements at Cardigan Primary School and the new net-zero carbon 3-storey extension at Ysgol Uwchradd Aberteifi.
- School developments already underway including the £100k of construction work at Penglais secondary school, providing the school with new and improved facilities, £160k of construction work at Ysgol Henry Richard School and £5.4m of work on the Cardigan Secondary School as part of the 21st Century Schools Programme.
- Professional consultants and contractors being appointed to deliver the new £11.5m Aeron Valley new area school, and the new £5.4m extension at Ysgol Gymraeg, Aberystwyth.
- Appointing consultants to scope works to Aberystwyth Museum totalling approximately £1m.
- 2-year programme of investments worth £500,000 as part of the Arfor Programme to support and strengthen the links between economic growth and the Welsh language.
- Proactively working with Cadw (Welsh Government's historic environment service) and the Royal Commission on the Ancient and Historical Monuments of Wales "Historic Place Names Task and Finish Group".
- Developed apprenticeship scheme within Local Authority care homes in Ceredigion.
- Collaborative working across the Pyrth in supporting young people and prevention of crisis
- Introduced a complete Young Ambassador (YAs) Pathway in the county with Bronze YAs in every primary school; Silver YAs in every secondary school and a Play Unified Pathway for young people with an intellectual impairment to develop their leadership skills.

Priorities for 2022/23

Background

The Ceredigion education system is one of the most successful in Wales, but earnings in the County are below average, and the perceived lack of career and social opportunities have resulted in an outwards migration of our younger adults.

Ceredigion is also a low income economy, with household income amongst the lowest in Wales despite having relatively high qualification levels in the workforce. In-work poverty and child poverty is significant and affects a higher proportion of citizens in our county than in the acknowledged deprived areas in the Valleys and East Wales.

Providing the best start in life and helping people to learn at all ages will ensure that the appropriate training programmes will enable learners to meet the employment needs of current and future businesses within Ceredigion. This includes equipping post-16 and adult learners with the necessary skill set to enable them to be agile, bilingual workers and adapt to the requirements of future employment.

Providing the best start in life

In order to provide the best start in life for our children and young people we will be supporting the provision of Free School Meals for primary pupils from September 2022. Under the initiative, all Reception Class children will receive free nutritious school meals. This is an important initiative as the cost of living crisis continues.

Flying Start provides childcare of the highest quality and has been highly effective in Ceredigion for families in our most deprived areas. We will be supporting the expansion of early years childcare provision via Flying Start for all 2-year olds, from September 2022. Flying Start supports development of children's speech, language and communication; parenting support; and an enhanced health visitor service.

Enabling learning at all ages

During the next term we will build on the investment in our schools in recent years. This will include delivering the new net carbon zero 3-story extension at Cardigan primary school, that will provide a new main entrance and two new classrooms.

Research shows that Welsh language development in early years can encourage feelings of belonging and offer a path into new cultural and social opportunities. As a result we will deliver the Welsh in Education Strategic Plan to strengthen Welsh language provision and ensure that pupils are confident in both Welsh and English at year 6. This will be supported by the development of a Culture Strategy and Equity Strategy to support community well-being.

We believe in young people and will also support the Ceredigion Youth Council as a forum for children and young people to share their opinions, discuss current projects and raise their concerns. The following pages outline the steps we will take to deliver the Corporate Well-being Objective.

WHAT WILL PROVIDE THE BEST START IN LIFE AND ENABLE LEARNING AT ALL AGES?

Providing the Best Start in Life

We will:	Service
<p>Ensure purposeful and resilient school infrastructure for high quality provision based on the capital available for the next 5 years including:</p> <p>Completion of new Dyffryn Aeron 3-11 Area school:</p> <ul style="list-style-type: none"> Open a new 3-11 area school at Dyffryn Aeron <p>Complete extension to Ysgol Gymraeg Aberystwyth and the new Canolfan Iaith for the north of the county:</p> <ul style="list-style-type: none"> Complete the extension at Ysgol Gymraeg Aberystwyth <p>Work in conjunction with Welsh Government to ensure capital investment for a new school at Penglais:</p> <ul style="list-style-type: none"> Explore Mutual Investment Model as funding to enable a new build at Penglais 	Schools and Culture
<p>Continue to review school places and Additional Learning Needs provision to ensure the infrastructure is resilient and sustainable and aligned to the net-zero carbon agenda:</p> <ul style="list-style-type: none"> Continue to annually review school places and Additional Learning Needs provision, projections, standards, building condition and financial resilience to ensure a sustainable infrastructure 	Schools and Culture
Progress the net zero 3-storey extension at Cardigan Secondary School	Schools and Culture
Progress plans for the extension and improvements to Cardigan Primary School	Schools and Culture

We will:	Service
<p>Implement all 7 outcomes in the Welsh in Education Strategic Plan including all pupils taught predominantly through the medium of Welsh until age 7 thus contributing to the National Cymraeg 2050 policy:</p> <ul style="list-style-type: none"> Create and implement Action Plan to include within the first 5 years a statutory Consultation to change the language category of a group of primary schools in the county to Welsh language at the foundation Phase of education and provide a new Canolfan Iaith in Aberystwyth in order to support this vision. 	Schools and Culture
Ensure that pupils are confident communicators in both Welsh and English by the end of Key Stage 2 (year 6)	Schools and Culture
<p>Develop Leadership skills within our Children and Young People at the earliest opportunity:</p> <ul style="list-style-type: none"> We will expand our school based Young Leaders programme into Community Organisations Support the Ceredigion Youth Council as a forum for children and young people from each secondary school in Ceredigion 	Porth Cymorth Cynnar
Support the development of Theatr Felinfach's facilities	Schools and Culture
Open Sycharth and work regionally on the therapy model of support	Porth Gofal
Increase recruitment in in-house Welsh speaking foster carers	Porth Gofal

We will:	Service
Enhanced range of care and support options for looked after children and young people: <ul style="list-style-type: none"> Implement the Proportionate Assessment for Children 	Porth Gofal
Availability of a suite of options for respite and day opportunities for Children and Young People: <ul style="list-style-type: none"> Complete review of respite and day opportunities 	Porth Gofal
Support the Co-operation Agreement negotiated between Plaid Cymru and the Welsh Government to provide childcare for children from 2 years of age and free school meals for primary school pupils in order to support families: <ul style="list-style-type: none"> Support the implementation of funded childcare for all two-year-olds Implement the phased roll out of free school meals for primary school pupils, starting in September 2022 	Schools and Culture Porth Cymorth Cynnar
All children have the best possible start in life and access support when needed: <ul style="list-style-type: none"> Provide Needs-led and Evidence-based programmes for parents, to promote positive parenting practices, supporting the holistic growth and development of healthy and happy children Use the findings of Surveys and feedback across Porth Cymorth Cynnar to shape our future provision 	Porth Cymorth Cynnar

We will:	Service
Provide our Children and Young People the Best Start in Life by developing their skills, knowledge, and confidence to be physically active through: <ul style="list-style-type: none"> Supporting the expansion of Flying Start Increasing the contribution of Play to positive health and wellbeing Providing the opportunity for every child in the county to learn to swim Provide the opportunity for every child in the county to learn key foundation of movement skills. 	Porth Cymorth Cynnar School and Culture
Support the monitoring and delivery of Early Years Outcomes by developing a regional Early Years Outcomes Dashboard to be used by partners across Ceredigion to monitor progress against the national Early Years Outcomes Framework	Schools and Culture
Support pupils and families to access local youth clubs, social groups and organised activities	Porth Cymorth Cynnar

WHAT WILL PROVIDE THE BEST START IN LIFE AND ENABLE LEARNING AT ALL AGES?

Enabling Learning at All Ages

We will:	Service
Complete the review of Sixth Form education and implement the approved recommendations to ensure the infrastructure supports the needs of learners	Schools and Culture
<p>Develop a Culture Strategy to support school and community wellbeing by ensuring equitable access to a vibrant arts and culture offer, including:</p> <ul style="list-style-type: none"> Work in conjunction with Welsh Government to ensure capital investment to replace Theatr Felinfach with a new theatre and Centre for the Arts in Dyffryn Aeron as approved by Cabinet <p>Provide a new Store and Public Engagement Facility for Ceredigion Museum Collections:</p> <ul style="list-style-type: none"> Develop a comprehensive Culture Strategy to include Theatr Felinfach and Museum infrastructure 	Schools and Culture
<p>Develop a clear understanding of the nature of rural deprivation, and a strategy and action plan to reduce the impact of deprivation on pupils, aligned to the corporate Tackling Hardship Strategy:</p> <ul style="list-style-type: none"> Create and implement a Rural Deprivation and Equity Action Plan to support schools to reduce the impact of poverty on pupils 	Schools and Culture
<p>Ensure that all learners experience a wide range of learning opportunities to develop skills, knowledge and understanding that reflect the four core purposes of the Curriculum for Wales by</p> <ul style="list-style-type: none"> Ensuring appropriate support for schools to successfully implement curriculum for Wales 	Schools and Culture

We will:	Service
<p>Ensure that all learners' identified Additional Learning Needs are supported appropriately to become independent and fulfilled individuals</p> <ul style="list-style-type: none"> Ensure appropriate support for schools to successfully implement Additional Learning Needs transformation 	Schools and Culture
<p>Provide a number of targeted courses linking in with the Regional Skills Partnership, labour market research to improve opportunities for upskilling and employment</p> <ul style="list-style-type: none"> Strengthen informal and non-formal learning opportunities for hard-to-reach learners and those not ready to engage in education and training due to emotional and mental wellbeing needs The Regional Skills and Learning Partnership will be established by Ceredigion County Council and Powys County Council to provide a focus for skills in Mid Wales, and to drive economic growth by ensuring investment in the right skills. 	Porth Cymorth Cynnar
<p>People of all ages have a learning pathway</p> <ul style="list-style-type: none"> Expand community-based adult learning opportunities, that meet the needs of all learners 	Porth Cymorth Cynnar
<p>Children and young people identified as at risk of exclusion and disengagement are supported to access structured informal learning programmes and activities to support their attainment</p>	Porth Cymorth Cynnar

We will:	Service
Achievements are celebrated and showcased	All

CREATING SUSTAINABLE, GREENER AND WELL-CONNECTED COMMUNITIES

Page 36

Ceredigion County Council is keen to create more opportunities for walking and cycling in the County, in order to improve the health of our population, and to make it easier for people to leave their cars at home, thereby reducing carbon emissions. To help achieve that, we will push for our smaller towns and rural areas to be included in Welsh Government's criteria for funding active travel routes.

Our priorities for delivering the Corporate Well-being Objective are:

- Prioritising the reduction of carbon emissions and pursue our goal of becoming a Net Carbon Zero Council by 2030
- Build on Ceredigion's excellent performance in waste management and recycling
- Transition towards an Ultra Low Emission Vehicle corporate fleet
- Work with local Housing Associations to increase our stock of social housing
- Discourage the ownership of second homes in the county
- Enable more young people to build their lifetime home
- Protect Welsh-language house and place names
- Press for an urgent resolution to the phosphates issue that is preventing building in the Teifi Valley
- Find solutions to flooding in the Teifi Valley
- Pursue funding for coastal defences at Aberaeron and Aberystwyth and develop proposals for the next phase of the Borth coastal defence scheme and for the frontage at Llangrannog
- Halt and reverse the decline in biodiversity including in our marine environment
- Support increased provision for walking and cycling
- Advocate strongly for a rail link between Aberystwyth and Carmarthen

Progress Made

- Prioritised climate change and carbon reduction. Since 2007 the Council has undertaken a series of three 5-year Carbon Management Plans. Since the first plan was instigated, Ceredigion County Council has reduced its carbon emissions by 61%.
- In 2020, the Council declared a Climate Emergency and committed the Council to achieving Net Zero Carbon by 2030.
- Developed the first net carbon zero building on the Council's estate with the new nursery block at Ysgol Llwyn yr Eos in Penparcau.
- Placed 70kw of photovoltaic cells on the roof of Ysgol Bro Teifi, generating 160kw hours of clean electricity.
- In addition we have placed 22kw of photovoltaic cells on Ysgol Bro Pedr in Lampeter, 10kw on Ysgol Henry Richard in Tregaron and another 10kw on Ysgol Comins Coch.
- Fitted hundreds of LED bulbs into our street lighting around the county, resulting in a saving of over £2 million.
- Instigated a review into transitioning our corporate fleet of vehicles towards Ultra Low Emission Vehicles.
- In the last five years Ceredigion has achieved one of the highest recycling rates in both Wales and the UK and is currently at 70%. This has avoided 9,000 tons of carbon emissions and saved around £2 million compared to traditional disposal. We collect enough food waste in one year to power 300 homes.
- Introduced a kerbside glass recycling collection.
- The Council's award-winning Cosy Caron project has ensured that the homes of many local residents are energy-efficient and warm. The programme has provided central heating and insulation for 137 homes that were previously energy-inefficient, particularly in rural areas where the gas network does not reach.
- The Council has delivered Energy Efficiency initiatives providing efficiency measures and advice in people's homes.
- Delivered public transport infrastructure improvements along the TrawsCymru corridor through Local Transport Funding.
- A Towns Development Officer has been employed to engage with town representatives to help facilitate and support ideas to reinvigorate Ceredigion's rural towns. This is provided with the support of Leader funding through the Cynnal y Cardi programme.
- £379k of funding secured from Welsh Government to support a range of projects to bring town centre assets into economic use and to enhance green infrastructure in town centres.
- Continued to invest in and improve digital connectivity across the County. Over the last two years, the provision of Fibre to the premises (FTTP) has increased from 20% to 28.3%, and for Superfast Broadband (>30Mbps or over) from 80.6% to 86.3%.
- Supported local suppliers throughout the COVID-19 pandemic during the period of service reduction or postponement in waste and transport.
- Delivered a number of Active Travel improvements, including major refurbishment of Pont-yr-Odyn, Trefechan and construction of a shared use path between Gogerddan and Penrhyncoch.
- Enabled over £200k of Local Places for Nature Funding for Ceredigion projects.
- Hosted the Ceredigion Local Nature (LNP) Partnership Coordinator as part of the 3 year Wales Wide LNP project and now the first year of the Wales Wide LNP / LPfN project.
- £25k funding allocation for allotment improvements in 2021 -2022

Priorities for 2022/23

Background

The Council has a leading role to play in protecting and enhancing the natural resources of the County whilst endeavouring to protect air, land and water quality. In March 2020, the Council declared a global climate emergency. The decision highlights the need to take further drastic action to reduce our carbon emissions.

It also has a key role in promoting, securing and enhancing bio-diversity. The Council's environmental stewardship responsibility also extends to the built environment and the positive management of future development and land use is crucial to achieving these aims.

There are key challenges to achieving this such as the phosphates levels in the River Teifi Special Area of Conservation that is preventing building in the Teifi Valley.

Housing affordability continues to be a major challenge for many in the county. The demand for housing in Ceredigion has seen average property prices reach record levels, making it increasingly difficult for local people to remain in their local community and for first time buyers to get on the housing 'ladder'.

Creating Sustainable Communities

We will continue to work with local housing associations to increase our stock of social housing to meet the needs of local people and our ageing population, in particular the approximately 1,700 people on the housing waiting list. We will also take action to discourage second home ownership in the County and use the review of the Local Development Plan to enable more young people to build their lifetime homes in order to ensure the sustainability of our rural communities.

Creating Greener Communities

During the next term we will continue to prioritise the reduction of carbon emissions in

order to pursue our goal of becoming a net zero carbon Council by 2030. Some of the actions we will be taking include delivering all new schools developments in Ceredigion to net zero carbon and investigating the transition of our corporate fleet to Ultra Low Emission vehicles to deliver a 3% reduction in carbon emissions year-on-year. The Council's current five year action plan will continue to be delivered as we aim to protect our environment for future generations.

We will also be pushing ahead with further projects to maximise green and renewable energy production on the Council's estate. For example, completing the programme of installing energy saving LED bulbs in street lights, rationalising the Council's building stock, and installing further solar canopies. Our new hybrid working policy will permanently reduce the amount of travelling for both Councillors and officers, thus reducing congestion and emissions.

Creating Well-Connected Communities

The last two years have shown just how important being connected is to our residents and businesses. As a result we will be advocating for increased provision for walking and cycling, continue to maintain and repair our highway network and push for a rail link between Aberystwyth and Carmarthen.

Good progress has been made in recent years in strengthening the County's digital connectivity, and we will continue to push for better connectivity across the county, including supporting the rollout of 4G Broadband masts in the next three years, including in our most rural areas to reduce inequality in services. We will do everything we can to ensure that the residents and businesses of Ceredigion can become full members of an inter-connected Wales.

WHAT WILL CREATE SUSTAINABLE, GREENER AND WELL-CONNECTED COMMUNITIES?

Creating Sustainable Communities

We will:	Service
Work with local Housing Associations to increase our stock of social housing to meet the needs of local people and our ageing population	Porth Gofal
Work alongside the Well-Being Centres and Third Sector to provide a range of Housing advice / services through a proactive approach, promoting independence and both personal and community resilience	Porth Gofal
Provide a range of Affordable Housing Options from rental to Home Ownership initiatives	Porth Gofal
Discourage the ownership of second homes in the county	All
Support the setting of maximum thresholds for the number of second and holiday homes in a given area	Porth Gofal
Use the review of the Local Development Plan to enable more young people to build their lifetime homes	Economy and Regeneration
Support the Welsh Housing Justice Charter	Porth Gofal
Enable initiatives and mitigation measures to help with the resolution to the phosphates and nutrient ecological issue in the Teifi Valley and other catchments	Economy and Regeneration
Work with all relevant agencies to find solutions to flooding in the Teifi Valley with Natural Resources Wales taking the lead on intervention in their role as the flood risk managers for main rivers	Highways and Environmental Services Economy and Regeneration
Continue to push for the protection of Welsh-language house and place names	Democratic Services
Complete delivery of the coastal defence works at Aberaeron, Aberystwyth, Borth and Llangrannog, and the flood risk management works at Llandre, Aberaeron, Borth, Talybont and Capel Bangor (subject to appropriate funding being made available from Welsh Government)	Highways and Environmental Services

We will:	Service
Pursue funding for coastal defences at Aberaeron and Aberystwyth and develop proposals for the next phase of the Borth coastal defence scheme and for the frontage at Llangrannog	Highways and Environmental Services
Assist local communities wishing to provide Growing Spaces to local residents	Economy and Regeneration
Assist local communities wishing to establish or improve Local Places for Nature for local residents	Economy and Regeneration
Maintain Ceredigion's position as one of the most successful recyclers in Wales and to continue to build on that success by: <ul style="list-style-type: none"> Undertaking a review of waste functions to ensure that services are future-proofed, and identify appropriate funding support 	Highways and Environmental Services
To implement the vision of sustainable communities for learning as regards the net zero agenda	Schools and Culture
Enhancing and protecting biodiversity for future generations - halt and reverse the decline in biodiversity by: <ul style="list-style-type: none"> Declare a Nature Emergency Develop and implement Corporate Biodiversity Management Plans and Nutrient Management Plans Actively engage in programmes to minimise Ceredigion's contribution to biodiversity loss and deal with its effects, including in our marine environment Ensure that the asset programme and the management of all amenity areas and road verges contributes to the Environment (Wales) Act Section 6 Duty and An Ecologically Resilient Wales Goal 	All

Creating Greener Communities

We will:	Service
<p>Pursue our goal of becoming a net carbon zero council by 2030 by:</p> <ul style="list-style-type: none"> • Prioritising the reduction of carbon emissions • Delivering schemes that contribute to the Council's Net Zero Action Plan • Delivering the Council's current 5-Year Carbon Management Plan • Develop depot infrastructure and appropriate funding • Continuing to develop an Energy Action Plan for the region, as well as Local Area Energy Plans. The Mid-Wales Energy Strategy is in place • Transition towards an Ultra Low Emission Vehicle (ULEV) corporate fleet of vehicles • Using 21st Century Schools funding to refurbish Ysgol Uwchradd, Aberteifi to include more photovoltaic cells on the roof (photovoltaics is the conversion of light into electricity) • Install solar canopies in the car park of Canolfan Rheidol in Aberystwyth • Increase renewable energy generation on Council property • Identify baseline for permanently reducing travel for both Councillors and Officers • Deliver a 3% carbon reduction year-on-year by identifying resources to progress the incremental decarbonisation of the corporate fleet 	<p>Economy and Regeneration</p> <p>Highways and Environmental Services</p> <p>Schools and Culture</p>
<p>Continue to support strategic opportunities with our Mid Wales partners, including scoping and developing proposals identified within the Mid Wales Energy Strategy including green hydrogen and other sources</p>	<p>Economy and Regeneration</p> <p>Highways and Environmental Services</p>

We will:	Service
<p>Share Net Zero aspirations between Ceredigion Public Services Board members, exchange examples of good practice and actively support individual and collective actions for the promotion of a carbon neutral county:</p> <ul style="list-style-type: none"> • Undertake Feasibility Study and report to the Ceredigion Public Service Board with regards to the District Heat Network project based at the University Campus, Penglais, Aberystwyth 	<p>Economy and Regeneration</p>
<p>All new schools built and maintained to net zero carbon in operation:</p> <ul style="list-style-type: none"> • We will continue to deliver major School schemes to provide and energy efficiency rating of EPC +10% • New schools will be maintained to deliver net zero carbon in operation wherever possible • To reduce the carbon footprint of materials and use innovative construction and maintenance methods wherever possible • New schools and major projects will have embodied carbon of 20% below the baseline. 	<p>Economy and Regeneration</p>
<p>All new schools built to achieve BREEAM Excellent</p> <p><i>(BREEAM is an assessment and certification scheme designed to help building managers reduce and improve the environmental performance of existing non-domestic buildings. BREEAM stands for Building Research Establishment Environmental Assessment Method)</i></p>	<p>Economy and Regeneration</p>
<p>Rationalise the Council's building stock in order to further save carbon and resources</p>	<p>Economy and Regeneration</p>
<p>Develop a single green energy district heating system for the public sector organisations on Penglais Hill - the Penglais District Heating Project</p>	<p>Economy and Regeneration</p>

WHAT WILL CREATE SUSTAINABLE, GREENER AND WELL-CONNECTED COMMUNITIES?

Creating Well-Connected Communities

We will:	Service
Support planning policies in favour of renewable energy and low energy housing	Economy and Regeneration
Complete programme of installing energy-saving LED bulbs in street lights and illuminated road signs	Highways and Environmental Services
Improve the Electric Vehicle (EV) charging infrastructure across Ceredigion, to encourage decarbonisation of transport and increase uptake in Ultra Low Emission Vehicles (ULEVs) by <ul style="list-style-type: none"> • Install Electric Vehicle charging points in council owned and managed car parks • Providing a comprehensive Electric Vehicle charging network through a provision of private infrastructure and public funding 	Highways and Environmental Services
Identify and address the impact of climate change on our communities and infrastructure, and seek appropriate funding for mitigation	All
Use land in Ceredigion for carbon offsetting , halting and reversing the decline in nature and for nutrient management	All
Through the work of the Ceredigion Public Services Board, identify skills gaps and deliver training to enable Ceredigion's businesses and residents to contribute to improving 'greener' homes, workplaces and environment	All
Work with partners to ensure social, green and blue prescribing is used proactively and reactively to address health related conditions	Through Age Well-being

We will:	Service
Support the delivery of an integrated public transport network by <ul style="list-style-type: none"> • Working with stakeholders to support and sustain the public transport network, and identify funding/improvement where appropriate 	Highways and Environmental Services Economy and Regeneration
Continue the improvement in the condition of the highway network in accordance with the Highways Asset Management Plan: <ul style="list-style-type: none"> • Continue to inspect, maintain and repair the highway network subject to available funding 	Highways and Environmental Services
Significantly increase the active travel provision including walking and cycling throughout the County in order to improve the health of our population by <ul style="list-style-type: none"> • Securing increased funding for the delivery of a wide range of active travel improvements • Campaigning for active travel routes alongside the whole length of our trunk roads • Pushing for our smaller towns and rural areas to be included in Welsh Government's criteria for funding active travel routes. • Make it easier for people to leave their cars at home, thereby reducing carbon emissions by pushing for our smaller towns and rural areas to be included in Welsh Government's criteria for funding active travel routes. 	Highways and Environmental Services
Support the Bwcabus on-demand service in our rural communities	Highways and Environmental Services

We will:	Service
Make the case strongly for any Welsh Government ambitions to franchise public transport routes to include small locally-based bus companies	Highways and Environmental Services
Develop the role of Community Connectors who support residents of all ages in Ceredigion by helping them to make connections to access support opportunities in their area that can maintain and improve their wellbeing: <ul style="list-style-type: none">Enhance the role of Community Connectors to support the development of resilient communities	Porth Gofal

RESPONDING TO COVID-19 AND DEVELOPING NEW WAYS OF WORKING

Ceredigion, like the rest of Wales, is still recovering from the COVID-19 health pandemic that reached Wales in March 2020. Inevitably it has impacted most of the services the Council provides, and brought some of them to the fore.

Despite the challenges of responding to the pandemic, the last two years have connected the Council more closely with the community it serves than ever before. Councillors, staff, community groups and partners have all pulled together to support Ceredigion's communities and the most vulnerable in society.

We are proud and grateful for the response from our frontline services, Council staff and the many volunteers who have worked in partnership with the Council to ensure Ceredigion's residents have received the support they need.

The recovery period is now well underway, and the Council is working hard to support local businesses, bring economic success and support the most vulnerable, whilst ensuring that our decarbonisation and climate change initiatives protect the County's beautiful environment for future generations.

While the focus was on the immediate response to the pandemic, COVID-19 created windows of opportunity to learn from, to transform services and to bring about sustainable change and improvements.

In essence, it has allowed us to reconsider the way we work and reorganize it in a way that benefits the customer, the workforce, and has much less impact on our environment.

The Council has a track record of innovation and responded quickly and positively to the pandemic. It was already moving towards

more agile and smarter ways of working, including investment in digital equipment and software, and enhancing the existing flexible working arrangements in place.

Since then, it has been building on the experiences of the pandemic to change the way it works through a new 'hybrid working' model, which provides more agile and mobile ways of working for staff, a better experience for customers and which is also environmentally and financially sustainable.

Our learning shows that virtual / remote working has resulted in increased productivity, improved collaboration and provided a more flexible working environment to help maintain the health and well-being of the workforce. The sustainability of the organisation is also supported through a reduction in costs and overall expenditure per employee.

Technologically, it provides the opportunity for us to develop public Information Communication Technology services in order to improve digital customer contact and ensure we offer customer focused, well-managed and joined-up services which are easy to access and simple to use.

This approach also makes a positive contribution to the sustainability of our natural environment through permanently reducing the amount of travel for Councillors and officers. The impact is reduced congestion on our roads and less carbon emission, thus helping our aim of becoming net zero carbon by 2030.

Over the next five years we will continue to develop this innovative approach and invest in new technologies to deliver high quality services in an efficient, sustainable and environmentally friendly way.

SUPPORTING CEREDIGION'S RESIDENTS, BUSINESSES AND COMMUNITIES THROUGH THE COVID-19 PANDEMIC

3,700

Visits to ensure business premises were compliant with COVID-19 rules

15,000

Food parcels delivered to medically vulnerable residents

138

Staff Redeployed to other roles to help support the COVID-19 response

7,400

People referred for contact tracing to help everyone stay safe

35,000

Mail-outs to support the Vaccination Programme in Ceredigion

195

Active family bags distributed with Flying Start and Families First services

160

Press releases with news and advice on COVID-19

11.4m

Items of Personal Protective Equipment (PPE) distributed

8,835

Business Grant payments administered across Ceredigion with a value of £49m

1,000

Laptops, tablets and MiFi devices supplied to pupils to access distance learning

HOME OF THE NATIONAL EISTEDDFOD 2022

Between 30th July and 6th August 2022, Ceredigion welcomed the long-awaited National Eisteddfod of Wales to the County. The event, which is one of Europe's largest cultural festivals was held in Tregaron after being postponed in 2020 and 2021 due to the COVID-19 pandemic.

The event was an overwhelming success and the Council's preparations with the National Eisteddfod Team over the preceding months made it easier than ever for everyone to enjoy the language and culture of the county.

It was great to welcome people from close and afar to Tregaron, Ceredigion towns and the surrounding areas, and provided a unique opportunity to celebrate language and culture of the area and Wales on the national stage.

The local economy was supported during the week, being on the maes or as people wandered around the site to support businesses in the county.

This year, there were competitions in poetry, reciting, dance, drama, literature, arts and craft and much more.

There was also an extensive play area for children and young people, a green area to relax and admire nature, and a performing stage called 'Llwfan-ni' which was full of exciting events and performances.

Pentre' Ceredigion was Ceredigion County Council's home in the Eisteddfod. A variety of activities were offered for children, young people and families during the week. Over 25,000 people visited the area to support new businesses, watch cooking demonstrations which highlighted local businesses and produce, enjoy in the play area for children, learn new skills, and listen to interesting performances on the performing stage.

A sense of belonging was also created as communities came together in the months before the Eisteddfod to decorate, raise money, socialise and have fun together.

During the week, a ceremony was held to celebrate the achievements of Camu 'Mlaen students. Camu 'Mlaen Ceredigion is an innovative new project and initiative led by Ceredigion County Council in partnership with Coleg Ceredigion and Careers Wales, which gives young people, post-16 with additional learning needs the opportunity to stay and continue their education within Ceredigion and to develop key skills as they prepare for their next stage in life.

Other events this year included talks and workshops held in the main building to celebrate Ceredigion as the ideal place to live, belong, learn and succeed.

Living

“Home, rest, opportunity, work within reach, forms part of the view from the fields to the beach”

Learning

“The children of our deep-rooted fields, in a word, are the children of community, Wales and the world”

Belonging

“Let's speak our language, each to the other, let's share our stories and create together”

Succeeding

“We can move ahead without moving away: the horizon stands on our doorstep each day”

MANAGING OUR PERFORMANCE

The Corporate Strategy should not be viewed in isolation. It is part of the Council's overall approach to corporate planning and performance management.

The Council uses a 'Golden Thread' diagram (shown right) to show the links between its key strategies and plans. It describes the flow of information from national and regional priorities for improvement contained in the Local Well-being Plan and Corporate Strategy, through to individual services, teams and members of staff in the Council responsible for delivering them.

A strong Golden Thread is important as it shows how each level of planning and action contributes to the next level, and how each role within the Council contributes towards achieving Ceredigion's Corporate Well-being Objectives.

The Corporate Strategy sets the vision and direction for the Council which flows down through our business plans through to individual appraisals and development plans. The steps to deliver the Corporate Well-being Objectives flow up from the individual members of staff and teams that contribute to the Council's Strategy and Vision.

Performance Management is a high priority in Ceredigion. The Council is committed to continuous improvement, regularly seeks citizen's views and undertakes self-evaluation to identify opportunities for improvement.

To ensure we achieve this, we have a Performance Management Framework in place which allows us to regularly review and track progress, check how we are performing and ensure we are delivering the Corporate Wellbeing Objectives and improving outcomes for the people and communities of Ceredigion.

Annual Appraisal and Individual Development Plans

Self-Assessment

The Local Government and Elections (Wales) Act 2021 introduced a new performance regime for Councils in Wales based on self-assessment.

Self-Assessment is about self-awareness, understanding our strengths and areas for improvement, what the needs of our residents are, and knowing where and how to improve.

For Ceredigion, the principles of self-assessment already form an integral part of its ongoing strategic and corporate governance arrangements.

Consultation and engagement is a prominent theme throughout the Act and we will be using the feedback from our consultation exercises with residents, businesses, staff and Trade Unions to influence our annual Self-Assessment Report and Action Plan.

Every year we will conduct our self-assessment exercise using a broad range of evidence to produce a Self-Assessment Report and Action Plan setting out the actions we will take to ensure that we are:

- Exercising our functions effectively
- Using our resources economically, efficiently and effectively and
- That governance is effective for securing the matters set out above

The Council's first Self-Assessment Report will be published in November 2022.

SUSTAINABLE DEVELOPMENT

The Well-being of Future Generations (Wales) Act 2015 introduced the Sustainable Development Principle and outlines the 5 Ways of Working that all public bodies must adopt. Sustainable development is the central organising principle that shapes what we do and how we do it.

In essence, it means we must strive to ensure that the needs of the present are met without compromising the ability of future generations to meet their own needs. We have embedded the principle across the Council and adopt the principle in the planning and delivery of our new Corporate Well-being Objectives. Some of the ways in which we have used the Sustainable Development Principle are outlined below.

Long-Term

The importance of balancing short-term needs with the need to safeguard the long-term needs. This Corporate Strategy looks to develop and improve the social, economic, environmental and cultural well-being of Ceredigion over the next 5 years and beyond.

The Corporate Well-being Objectives and steps in this plan were informed by the Ceredigion Public Service's Board's

Assessment of Local Well-being and the West Wales Population Assessment. The Council's Medium Term Financial Planning ensures that decisions consider the impact on future generations, and its workforce planning ensures the development of workforce skills for the future.

Prevention

Drawing on the evidence, our Corporate Well-being Objectives and steps are designed to prevent problems from occurring or getting worse. These include addressing the effects of poverty, the issues of rurality and improving the well-being of people of all ages, from early years through to older age. For example, Homelessness focuses on the prevention agenda and the Through Age Social Services Model promotes early intervention and prevention as one of its core aims.

Collaboration

The Corporate Well-being Objectives in this plan align with the Ceredigion Public Services Board's Well-being Plan. This reflects our shared aspirations and common understanding of the challenges facing the County, such as tackling poverty, decarbonisation and reducing inequality. The Council is proactive in collaborating with partners to achieve these aims through the Ceredigion Public Services Board, the Growing Mid Wales Partnership and the Community Safety Partnership.

contribute to the seven national Well-being Goals. The Objectives are also embedded in the Council's corporate planning and performance management arrangements.

Involvement

The Corporate Strategy has taken into account the Assessment of Local Well-being, which was produced following extensive engagement with citizens, including those with protected characteristics, as defined under the Equality Act 2010.

We are also proactive in running stakeholder events with groups whose voices are seldom heard, and are currently in the process of developing a new Public Participation and Engagement Strategy which will ensure we reflect the diversity of the County and its communities.

Integration

The Corporate Well-being Objectives have been set collectively by all services and cut across all Council functions. They focus on what all services can do to improve the well-being of the people of Ceredigion and

OUR PERFORMANCE

The Council routinely monitors and benchmarks its performance as part of its ongoing performance management arrangements. Performing benchmarking contributes to our overall effectiveness and efficiency by allowing us to identify best practice and opportunities for improvement.

Due to the impact of the COVID-19 pandemic, the reporting of the national Performance Accountability Measures (PAMs) was suspended for the 2020/21 year. As a result only a small number were collected and these are shown overleaf.

The last full year of collection was 2019/20, when twenty-one Performance Accountability

Measures were collected. Results from that year show that the majority (14) of Ceredigion's measures were meeting their target, with a further 3 slightly off target and 4 were significant off-target, (see chart below left).

When compared to the previous year, the majority (14) had shown improvement on the previous year, none were at the same level and the remaining 7 had decreased, (see chart below).

The Council is proactively working with Data Cymru and all 21 other Local Authorities nationwide to develop an improved set of measures to assist in benchmarking and work on this will continue during 2023/24.

- On target: 14 (72%)
- Off target by less than 5%: 3 (14%)
- Off target by more than 5%: 4 (13%)

- On target: 14 (67%)
- Off target by less than 5%: 0 (0%)
- Off target by more than 5%: 7 (33%)

OTHER KEY MEASURES

The Council uses a variety of performance indicators to monitor how well our services are performing in meeting the needs of service users and to measure their efficiency and value for money.

They measure performance across a wide range of Council services including: financial management, education, housing, leisure services, waste management and street cleansing. Targets are set for each measure and comparisons made with the West Wales region and the national picture.

For example, despite the significant challenges over the last two years due to the COVID-19 pandemic, two key measures of efficiency, the collection of Council Tax and

Non-domestic (business) rates, both remain above average. The average Band 'D' Council Tax, often used as a comparator between different Counties, shows that current rates are equal to the national average across Wales.

Band D Council Tax Rate

Council Tax Collection Rate

Non-Domestic Rates Collection

2020/21 PERFORMANCE ACCOUNTABILITY MEASURES

Sickness Absence

Number of days lost to sickness absence per Full-Time Equivalent employee (2020/21)

Homelessness Prevention

% of households successfully prevented from becoming homeless (2020/21)

Recycling

Percentage of municipal waste collected and prepared for recycling or reuse (2020/21)

Apprenticeships

Number of apprentices on formal recognised apprenticeship schemes per 1,000 employees (2020/21)

Affordable Housing

Number of additional affordable housing units delivered per 10,000 households (2020/21)

Waste Collection

Kilograms of household waste generated per person (2020/21)

Not in Education Employment or Training (NEET)

Percentage of Year 11 leavers Not in Education, Training or Employment

Consultation undertaken between 24th August and 30th September 2022

The survey was available online via the Council's website and advertised through social media

A total of 35 responses were received

The full results and the equalities monitoring information are contained on the following pages

Background

Between 24th August and 30th September 2022, Ceredigion County Council consulted with residents on its Draft Corporate Strategy 2022-27.

Following the Local Elections in May, a new Corporate Strategy was needed to set out the priorities of the Council for the next five years. The Corporate Strategy sets out the Council's priorities called Corporate Well-Being Objectives, along with its ambitions and the steps to achieve these over the next five years. The Strategy informs everything the Council does and is based on a wide-ranging review of evidence and needs-assessments. Residents' views were sought to help guide future opportunities to improve outcomes for all residents and communities in Ceredigion.

The survey was made available online via the Council's website and advertised through social media. Printed copies and easy read versions were available on request.

Response Rate

As at 23rd September, there were a total of 35 responses to the Consultation and 145 written comments. Consultation responses on Council Strategies and Policies tend to be fewer but more detailed. On average respondents took 14mins 30 seconds to complete the survey. The pages that follow provide a summary of the findings.

Main Findings

Q1: Do you agree or disagree with the ambitions and steps for the "Boosting the economy, supporting businesses and enabling employment" objective?

Overall, the majority of respondents (74%) either agreed or strongly agreed with the ambitions and steps for the Boosting the Economy objective. There were also a further 17% or 6 responses that neither agreed nor disagreed. A further 9% or 3 respondents either disagreed or strongly disagreed with the objective, although the reasons for this were very varied – one was due to the need for more affordable housing, another was due to the need to support the tourism industry and the remaining respondent felt strongly that protecting the natural environment should feature strongly within the Boosting the Economy objective.

Q1. Do you agree or disagree with the ambitions and steps for the "Boosting the economy, supporting businesses and enabling employment" objective?

Q2: Can you suggest any gaps or improvements?

There were a variety of ideas presented as to how this objective could be strengthened. The most prevalent of these was support for local and small businesses. Although this does feature in the draft Corporate Strategy, there were eight comments highlighting its importance. Some suggested lower business rates and some pointed to specifically supporting the tourism industry by reducing parking charges and super-boosting market towns. Others stressed the importance of helping new start-ups in the wake of the COVID-19 pandemic which had hit some local businesses hard, while others felt that SMEs (Small and Medium Sized Enterprises) should be supported and promoted as they are what helps to give the County and its towns its unique feel and characteristic.

Other identified improvements were for the environment to feature in the objective, i.e. for businesses and developers to consider the impact on the natural environment and to prioritise low carbon aims and sustainability. There was one comment in relation to the commitments to improve digital connectivity in the County, which stressed that achieving decent broadband should apply to *all* households and businesses and not be satisfied with a proportion of properties achieving this standard. They drew on their own experience trying to run a business but struggling to get connected. A sample of these comments are shown in the table below.

Sample Comments	
"SMEs should be supported and promoted - they give Ceredigion's unique feel and characteristic."	"Help for early start-up companies. Mine was decimated due to covid and I have not been able to start again due to lack of funding help to get up and running again."
"Base on low carbon aims and sustainability - put the cohesiveness of local communities first."	"Decent broadband for ALL!!! Not a percentage. We live 150 yards from a cabinet but cannot get connected as there are not enough takers in the area. It would cost hundreds of pounds to do privately!! Yet we run a small business and need decent internet."

Q3: Are there any that you disagree with, and if so why?

There were three respondents who disagreed or strongly disagreed with the ambitions and steps for this objective. Of these three, there were very different reasons provided as to why they disagreed and what should be amended in the draft Corporate Strategy. One highlighted the urgent need for affordable housing for working people, and another focused on tourism and the impact of the 182 day rule for the qualification of business rates, fearing that this will have a negative impact on the industry and businesses in this sector. The third respondent focused on the environmental impact of boosting the economy and that it does not feature strongly enough in this Objective. Their view is that the natural environment should play a much greater role in this objective and that developers and businesses consider the effects on our environment. These views are shown in the table overleaf.

Sample Comments	
"Affordable housing for working people, with supportive housing department who actually listen and carry out home or face to face visits."	"Yet again the natural environment is apparently not of any importance. Move it to a position that will force entrepreneurs and economists to consider the effects on our environment. All of them. Pollution and development should not be allowed to run roughshod over the environment."
"The 182-day rule is ridiculous as not many people want to travel in the winter for holidays. With the cost of fuel escalating we cannot charge more as this will be out of everybody's budget."	

Q4: Do you agree or disagree with the ambitions and steps for the "Creating caring and healthy communities" objective?

The Creating Caring and Healthy Communities objective received the strongest support from respondents with 43% strongly agreeing and a further 31% agreeing with the ambitions and steps to deliver the objective, which is 74% supportive overall. Like the Boosting the economy objective there were 17% or 6 responses that were neither supportive nor against. However, there were also 3 responses that strongly disagreed with this objective, citing lack of facilities for younger people, the need to create opportunities in food production (not meat and dairy), water quality and green energy for younger people, and the vacancies in the carers paid workforce as the reasons for this.

Q4. Do you agree or disagree with the ambitions and steps for the "Creating caring and healthy communities" objective?

▼ Percentage

Q5: Can you suggest any gaps or improvements?

There were a variety of different views expressed as to how this objective could be improved. Some respondents argued strongly for better provision of active travel routes and infrastructure throughout the County to help create healthy communities, while others highlighted the challenges in the provision of social care, such as the number of vacancies in the sector both locally and nationally. One highlighted the need for greater support for people living with dementia, while another focused on local democracy and suggested that greater opportunities to influence decisions in their local area was needed. (Please note that increasing the opportunities for active travel is a key part of the Council's ambitions in the draft Strategy on page 33). A sample of these comments are listed in the table overleaf.

Sample Comments	
"Healthy communities refers to all ages yet sporting provision and opportunities for all are being taken away from our younger generation, for example a 3G pitch for football as opposed to multi surface. A multi surface is inclusive and support an array of sports, 3G is football only therefore not promoting healthy communities only healthy football players."	"Put communities and the wellbeing of residents first - residents should be able to walk and cycle directly from A to B - not currently possible as villages and towns are not joined up. Invest in a post and apply Netherlands cycle planning to Ceredigion - make it a green and sustainable destination - to genuinely make it a caring and healthy community".
	"There is so little support available for the elderly those living with dementia - and what is it not joined up and promoted effectively."

Q6: Are there any that you disagree with, and if so why?

There were three respondents who strongly disagreed with this objective, and as in the previous Boosting the economy objective there were three very different reasons provided. The first concerned the lack of leisure facilities particularly for younger people, explaining that they felt sporting facilities were actually being reduced and that facilities should be available for *all* sports and activities. The second highlighted the value of small but close communities and the opportunity for younger people to enter into careers in food production (but not meat and dairy), water quality and green energy production. They suggested that this should feature prominently in the education of Ceredigion's pupils.

The third respondent highlighted one of the key challenges in the provision of social care – the number of vacancies in the sector and questioned the Council's approach, arguing that looking to families and volunteers to provide care is a flawed approach given there are many vacancies. Another respondent who actually agreed overall with the ambitions and steps for this objective raised the issue of homelessness and that more needs to be done to help them. They highlighted that Council policies might be the place to start to help them qualify for housing. A sample of these comments are shown in the table below.

Sample Comments	
"Healthy communities refers to all ages yet sporting provision and opportunities for all are being taken away from our younger generation, for example a 3G pitch for football as opposed to multi surface. A multi surface is inclusive and support an array of sports, 3G is football only therefore not promoting healthy communities only healthy football players."	"Go back to small, local schools where the value of small scale communities can be inculcated. Careers in food production (not meat and dairy), water quality and green energy production should be prominent in the education of our youngest pupils".
"Looking towards family and volunteers to provide care when there are so many vacancies in the carers paid workforce highlights a flawed ideology. This is leaving people and families already vulnerable in dangerous and damaging circumstances. It actively goes against prudent health care."	"I would challenge that we are talking about creating caring and healthy communities and yet we have so many homeless on the prom who aren't being helped because [council] policies put too high a demand on them just to qualify for housing. They are vulnerable and at risk adults who can't handle these things and need to be eased into it."

Q7. Do you agree or disagree with the ambitions and steps for the “Providing the best start in life and enabling learning at all ages” objective?

The majority of respondents (24 respondents or 69%) either strongly agreed or agreed with the ‘Providing the best start in life and enabling learning at all ages’ well-being objective and the steps to deliver it. However, over a quarter of respondents (9 respondents or 26%) neither agreed nor disagreed with the Corporate Well-being Objective. Analysing the responses further, highlighted that half of those that selected “neither agree not disagree” did not have an opinion on the matter (i.e., the hidden “don’t know”), whilst the other half had a neutral opinion (i.e., the respondent was between agreeing and disagreeing). A very small percentage of respondents (2 respondents or 6%) disagreed, whilst none of the respondents strongly disagreed with the ambitions and steps that were set out in the third Corporate Well-being Objective.

Q7. Do you agree or disagree with the ambitions and steps for the “Providing the best start in life and enabling learning at all ages” objective?

Q8. Can you suggest any gaps or improvements?

Sixteen respondents (46%) highlighted gaps and/or suggested improvements to the third Corporate Well-being Objective. However, the responses were varied, with no clear trends. Suggestions on improvements and gaps ranged from providing learning opportunities for older people that are not tailored towards employment, to ensuring that all children have access to three healthy meals per day. A number of respondents that agreed or strongly agreed with the initial question used this as an opportunity to qualify their decision, for example, through expressing their support for the ambition to ensure purposeful and resilient school infrastructure. A selection of the comments is contained in the table below.

Sample Comments	
"I strongly agree with the efforts to obtain funding for a new build at Ysgol Penglais. In my opinion this is imperative for future pupils to achieve their educational potential. Penglais is without a doubt an aging building that requires a replacement to keep up with modern education. The school does it's upmost to provide all pupils with facilities to carry out their studies however, the property is becoming unfit for purpose."	"Ensure all ages have provision and opportunities. Promote health and wellbeing across the County, rather than reduce services. Wellbeing hubs could offer specific clubs e.g., netball in a County where there is only 1 junior club."

"I know that Ceredigion supports education really well. Please continue to do so."

"What about adults who wish to learn Welsh? If you want more Welsh speakers there needs to be FREE classes provided, or schemes set up in community centres / pubs / or cafes etc to encourage social interaction alongside conversation in Welsh with native speakers."

Q9: Are there any that you disagree with, and if so why?

Overall, three survey participants provided an answer to question nine: whether they disagreed with the steps and ambitions set out in the Corporate Well-being Objective - Providing the best start in life and enabling learning at all ages. One respondent agreed with the Corporate Well-being Objective but felt that the ambitions and steps were unachievable in practice, particularly in relation to understanding rural deprivation and funded childcare. The remaining two respondents disagreed with specific ambitions and steps, however, they did so for different reasons. One respondent was concerned about the emphasis placed on the Welsh language, which they felt disincentivises non-bilingual schoolteachers from applying for teaching jobs, whilst the other respondent expressed concerns about the delivery of the net zero emissions target. A selection of comments is outlined in the table below.

Sample Comments	
"I agree with it but I'm not sure we do it well in practice. For example...I know people who have left university and are unable to find work but their partner works. They're busy looking for a job but have one or more children to care for. Because they're not working, they are not eligible for free educational childcare. They struggle to balance raising and teaching their child while trying to find work which is a huge challenge and are essentially penalised for it. Meanwhile people who are very wealthy benefit off the free childcare scheme when they could afford it without any trouble or change to their quality of life."	"My second example is seeing the local primary school where I am considering moving...the schools in the rural villages clearly haven't had work on them (save the addition of cabins to provide more classrooms) in decades. Meanwhile, if you live in a town like Aberystwyth, you're spoilt for choice on great schools... I agree with the sentiment of this but feel in practice this aim has never rung true as if you live rural or just one parent (or worse a single parent) is unable to find work, your child is not going to receive the best start in life from this LA [Local Authority]."
"Net zero is unattainable and will cost hundreds of millions which will be seen to be a waste of money by Ceredigion residents. The new curriculum needs further scrutiny, as RSE [Relationships and Sex Education] lessons in the way proposed for primary aged children would be inappropriate."	"Stop insisting teachers must have Welsh you are not getting a high grade of graduates because they are put off by this."

Q10: Do you agree or disagree with the ambitions and steps for the "Creating sustainable, greener and well-connected communities" objective?

Most respondents either agreed (31%) or strongly agreed (34%) with the ambitions and steps for the Corporate Well-being Objective of "Creating sustainable, greener and well-connected communities", a total of 65% of all respondents. Just over 30% (31%) of respondents selected 'Neutral' when answering this question. 0% of respondents strongly disagreed with the ambitions and steps for this Corporate Well-being Objective.

Q10. Do you agree or disagree with the ambitions and steps for the “Creating sustainable, greener and well-connected communities” objective?

▼ Percentage

Q11: Can you suggest any gaps or improvements?

There were 17 written answers to this question, which is just under half of all respondents (48%). The majority of written comments related to the need to improve cycling routes and better connecting communities in Ceredigion. It is clear that these respondents do not think that there are enough adequate, safe and suitable cycling routes around the County. Additionally, they noted that public transport is lacking, which results in people having to use their car to travel. Improving walking and cycling links between communities was identified as the solution to this issue.

Sample Comments

"You really need to get our isolated communities connected better. There is some public transport available, however please please please start to consider getting cycle lanes or designated cycle lanes/routes so that we can get from A to B safely and in a green and sustainable manner using bicycles."

"Sustainably connected. With an emphasis on green transport. Safe cycling routes between communities in Ceredigion are lacking."

"Proper on road cycle routes are needed or green ways linking all towns and villages."

"Walking and cycling paths need to be placed along EVERY road on Ceredigion to ensure people can safely walk or cycle wherever they need to go."

"Make a planning post to have a vision of Netherlands style cycle routes linking up Ceredigion - how infrastructure could be if proper standards were put in place to join communities up. Aim for a green and connected Ceredigion. Make all villages and towns 20mph zones and have adequate Netherlands style direct cycle routes between all towns and villages. Make Ceredigion the green sustainable county. Actually have public transport provision which works - 6am to 12 pm, affordable and reliable..."

Q12: Are there any that you disagree with, and if so why?

The written responses to this question included a variety of opinions around sustainable transport and protection of the environment. Some respondents took the opportunity to emphasize the importance of opportunities for active travel, particularly walking and cycling, and creating active travel routes to link up the Counties towns and villages. However, some respondents also questioned the approach to protecting the environment, explaining that the cost of achieving a net zero Council will be prohibitive and another that the climate emergency does not exist. Instead, they explained that the Council should focus on supporting and engaging with local farmers in the production of high-quality local produce.

Another respondent linked the Council's decarbonisation ambitions to the Experimental Traffic Orders in four of Ceredigion's Towns which retains selected parking and traffic flow elements installed temporarily in response to the COVID-19 pandemic. Their view is that these arrangements have increased traffic congestion and therefore resulted in increased carbon emissions. A sample of some of these comments are shown below.

Sample Comments

"Net zero is unattainable and will cost hundreds of millions which will be seen to be a waste of money by Ceredigion residents. Teifi Valley flooding is a result of poor land & forestry management."

"Be more specific. Offer green sustainable initiatives actually supported by a planning department which is not stuck in the past."

"There is no Climate Emergency. The Council needs to stop spending money on this nonsense. Focus on reducing pollution, support our farmers in their role, producing excellent quality food. Do not become side tracked by minority pressure groups. Vitally, engage with farmers to maintain our beautiful county."

"I think that CCC need to think about their lower carbon emissions plan again. The ETRO's and safe zone road closures and changes have just escalated the problems to other areas. Traffic queues making matters worse. Then we had the Rali in the town centre? The changes and cuts to refuse collection in the name of carbon reduction have had very damaging effects on the town centre and housing estates with litter and rats escalating."

Q13: We would like to know your views on the effects that the proposed Corporate Strategy would have on the Welsh language, specifically on opportunities for people to use Welsh and on treating the Welsh language no less favourably than English. What effects do you think there would be? How could positive effects be increased, or negative effects be mitigated?

There were 29 comments received on the impact that the Corporate Strategy would have on the Welsh language. The most prevalent comment was that the promotion of the Welsh language needed to be strengthened considerably to reflect its importance to the County, its communities and as a priority of the Council. There were, for example, a number of strong views expressed that the Welsh language should be prioritised over the use of English and greater opportunities should be provided for people to learn and use it in everyday life. The provision of Welsh lessons was raised not only in response to this question, but also in the responses to the Providing the best start in life objective as one way of promoting the Welsh language, encouraging people to learn or develop their Welsh further and in creating opportunities for the use of Welsh in all settings. A sample of these comments are shown in the table below.

Sample Comments	
"The Welsh language is our first language and needs to be given priority."	"Put Welsh first (I'm monolingual English) - street signs for e.g. should be Welsh only."
"Free courses for Ceredigion school Staff and council staff for Welsh and sign language."	"If you had more Welsh lessons more people might use it."
"I agree that it is good to promote the ideals of Welsh language and culture, by persuasion rather than by law preferably! Make it easier for people to understand the local culture and adapt to their new life in Ceredigion, whilst also recognising we are part of the UK, and everyone has the right to be understood and appreciated, whatever their heritage and native language."	"This wasn't mentioned at all. Not at all in the Corporate Strategy and the Corporate Strategy was in English and not bi-lingual. That has favoured English over Welsh. I am a Welsh learner but it wasn't until I began to work here that I had access to free Welsh lessons as I couldn't afford them. Welsh shouldn't be equal to English."

Q14: Please also explain how you believe the proposed Corporate Strategy could be formulated or changed so as to have positive effects or increased positive effects on opportunities for people to use the Welsh language and on treating the Welsh language no less favourably than the English language. Also how the Corporate Strategy could be formulated or changed so that there are no adverse effects on opportunities for people to use the Welsh language and on treating the Welsh language no less favourably than the English language.

The follow-on question asked what changes could be made to increase the positive impact on the Welsh language and avoid negative impacts. There were two main themes in response to this question. Firstly, there were some comments reflecting the sentiment expressed in Q13, i.e. stating simply that Welsh should be prioritised over English. Secondly, some responses went one step further and expressed ideas as to how Welsh could be promoted, such as through the provision of additional lessons for learners. One response highlighted the need to focus on opportunities for employment, housing and levels of pay as one way of encouraging local people to stay and live in their local area and thus retain their language skills in their community. A sample of these comments are shown in the table below.

Sample Comments	
"Every school in Ceredigion should be all Welsh first"	"Welsh first"
"Ensure that employment, housing and opportunities are of a good standard with acceptable rates of pay to encourage local people to stay local"	"Welsh should be prioritised as we're meant to be aiming for a fully Welsh speaking Wales. Free Welsh education should be available and encouraged through various schemes for business or just to the general public so the language does not die."

Q15: Do you have any other comments about the draft Corporate Strategy?

This question was open-ended and provided respondents with the opportunity to raise any issues or ideas not covered in the rest of the survey. Fifteen respondents took the opportunity to either raise further issues or emphasize points already made in the previous questions. There were specific mentions of the need to include voluntary organisations and the role of volunteering in the County,

explaining that their role is vital in supporting people in a multitude of ways, for example, in training and jobs, in education and in health initiatives.

There were some further comments regarding transport in the County, highlighting the cost and frequency of bus services, the need for cycling infrastructure and reductions to speed limits through the County's towns and villages. Environmental issues were also further emphasized, as was the importance of developing the local economy, improving education and tackling poverty. Of note, was the importance of communicating that Ceredigion is 'open for business' and creating a positive narrative around the economy to help attract entrepreneurs, businesses and jobs. Finally, some respondents questioned whether the Council would actually be able to achieve these ambitions. A sample of these comments are contained in the table below.

Sample Comments	
"I must admit to having skimmed it rather than reading in detail, but I didn't find any specific mention of voluntary organisations/volunteering. This is vital, especially in the present circumstances, and applicable to more than one of the objectives. It can help people into training for jobs/careers; it can play a role in education/play; it can support health initiatives - I could go on."	"Buses too expensive, not reliable and don't give enough coverage - need proper cycle routes linking all communities towns and villages up. The future is cycling using e bikes for both residents and visitors- Ceredigion should try to promote itself as a green county- this would support development and wellbeing the most. Safety on the main roads - A487 for e.g. would be most served by implementing 20mph through all towns and villages from 2023 - without this the affected villages are not communities but dormitory settlements without any thought being given to residents health or wellbeing."
"There is an environmental crisis, brought about by human littering & fly-tipping. There is NOT an overall climate crisis. Tackle the environmental issue & see how things quickly improve."	"The plan must say, Ceredigion is open for business, all are welcomed. Let's move on, reduce poverty, improve educational outcomes (including science) and reduce unemployment."
"I believe the Council need to seek out the things affecting their residents and really listen to what people need. A dramatically improved bus service and toilet facilities will bring elderly people out of their homes, get them moving and enable them to remain independent for many more years than the current situation is allowing. Access to walking paths and cycle lanes will allow people to use their cars less, allow children to move around safely and give everyone the chance to stay fit and healthy for the future."	"Please do more than produce a strategy, get on with demonstrating progress and then the Council would face less criticism".

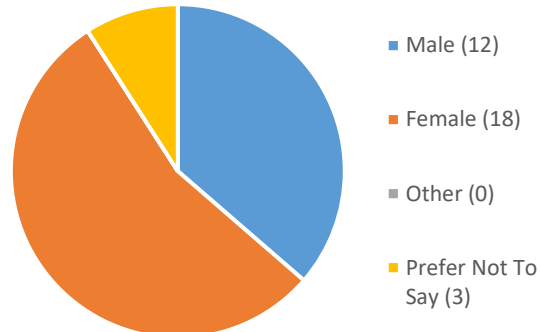

Equalities Monitoring Questions

The Council's standard demographic and equalities monitoring questions were asked as part of the survey.

16. Age - What is your age group?

17. Gender - What is your gender?

18. Transgender - is your gender the same as when it was assigned at birth?

19. Sexual Orientation - Which one of the following options best describes how you think of yourself?

20. Partnership - Which of the following options describes your partnership status?

21. National identity - How would you describe your national identity?

22. Race - What is your ethnic group? Choose one option that best describes your ethnic group or background.

23. Language - What is your preferred language?

24. Lanuage - Can you understand, speak, read or write Welsh?

25. Disability - Do you have a long term physical or mental health condition or illness that reduces your ability to carry out day to day activities?

26. Disability - If you answered 'Yes' to question 25, please indicate which applies to you?

27. Caring Responsibilities - Do you look after or give help or support to family members, friends, neighbours, or others because of either: long term physical or mental ill-health / disability; or problems related to old age?

28. Religion or Belief - What is your religion?

Cyngor Sir Ceredigion County Council - Integrated Impact Assessment (IIA)

An integrated tool to inform effective decision making

This **Integrated Impact Assessment tool** incorporates the principles of the Well-being of Future Generations (Wales) Act 2015 and the Sustainable Development Principles, the Equality Act 2010 and the Welsh Language Measure 2011 (Welsh Language Standards requirements) and Risk Management in order to inform effective decision making and ensuring compliance with respective legislation.

1. PROPOSAL DETAILS: (Policy/Change Objective/Budget saving)

Proposal Title	Corporate Strategy 2022-27				
Service Area	PPPP	Corporate Lead Officer	Alun Williams	Strategic Director	Barry Rees
Name of Officer completing the IIA	Rob Starr	E-mail	Rob.starr@cereigion.gov.uk	Phone no	2653

Please give a brief description of the purpose of the proposal

The previous Corporate Strategy 2017-22 came to an end in March 2022. Best practice and the Well-being of Future Generations (Wales) Act 2015 requires a new Corporate Strategy. The new Corporate Strategy sets out the new Corporate Well-being Objectives and the steps the Council intends to take to deliver the Objectives and maximise its contribution to the National Well-being Goals whilst ensuring that it implements the Sustainable Development Principle.

Who will be directly affected by this proposal? (e.g. The general public, specific sections of the public such as youth groups, carers, road users, people using country parks, people on benefits, staff members or those who fall under the protected characteristics groups as defined by the Equality Act and for whom the authority must have due regard).

All citizens and stakeholders in Ceredigion.

VERSION CONTROL: The IIA should be used at the earliest stages of decision making, and then honed and refined throughout the decision making process. It is important to keep a record of this process so that we can demonstrate how we have considered and built in sustainable development, Welsh language and equality considerations wherever possible.

Author	Decision making stage	Version number	Date considered	Brief description of any amendments made following consideration
	<i>e.g. Budget Process, LG, Scrutiny, Cabinet etc.</i>			<i>This will demonstrate how we have considered and built in sustainable development throughout the evolution of a proposal. Have you considered and applied the sustainable development principle and Well-being Goals?</i>

Cyngor Sir Ceredigion County Council - Integrated Impact Assessment (IIA)

An integrated tool to inform effective decision making

Rob Starr	Overview and Scrutiny Coordinating Committee	V1	14/10/2022	To consider the draft Corporate Strategy following consultation and approve for implementation.
COUNCIL STRATEGIC OBJECTIVES: Which of the Council's Strategic Objectives does the proposal address and how?				
Boosting the Economy	<p>This proposal seeks to replace the Council's previous corporate priorities and previous well-being objectives with a new set of four Corporate Well-being objectives. The proposed new Objectives are:</p> <ul style="list-style-type: none"> • Boosting the Economy, Supporting Businesses and Enabling Employment • Creating Caring and Healthy Communities • Providing the Best Start in Life and Enabling Learning at All Ages • Creating Sustainable, Green and Well-connected Communities <p>The Objectives have been identified through extensive analysis of evidence and engagement with residents, including the ambitions of the new political administration, the Ceredigion Assessment of Local Well-being and the recent public consultation on the draft strategy.</p> <p>The objectives have also been identified through the lens of the Wellbeing of Future Generations (Wales) Act 2015. This involved identifying how we could maximise our contribution to the national well-being goals and also ensure that we used the sustainable development principle to ensure that the needs of the present are met without compromising the ability of future generations to meet their own needs.</p>			
Investing in People's Future				
Enabling Individual and Family Resilience				
Promoting Environmental and Community Resilience				

NOTE: As you complete this tool you will be asked for **evidence to support your views**. These need to include your baseline position, measures and studies that have informed your thinking and the judgement you are making. It should allow you to identify whether any changes resulting from the implementation of the recommendation will have a positive or negative effect. Data sources include for example:

- Quantitative data - data that provides numerical information, e.g. population figures, number of users/non-users
- Qualitative data – data that furnishes evidence of people's perception/views of the service/policy, e.g. analysis of complaints, outcomes of focus groups, surveys
- Local population data from the census figures (such as Ceredigion Welsh language Profile and Ceredigion Demographic Equality data)
- National Household survey data
- Service User data
- Feedback from consultation and engagement campaigns
- Recommendations from Scrutiny

- Comparisons with similar policies in other authorities
- Academic publications, research reports, consultants' reports, and reports on any consultation with e.g. trade unions or the voluntary and community sectors, 'Is Wales Fairer' document.
- Welsh Language skills data for Council staff

2. SUSTAINABLE DEVELOPMENT PRINCIPLES: How has your proposal embedded and prioritised the five sustainable development principles, as outlined in the Well-being of Future Generations (Wales) Act 2015, in its development?

Sustainable Development Principle	Does the proposal demonstrate you have met this principle? If yes, describe how. If not, explain why.	What evidence do you have to support this view?	What action (s) can you take to mitigate any negative impacts or better contribute to the principle?
Long Term Balancing short term need with long term and planning for the future.	<ul style="list-style-type: none"> • This Corporate Strategy seeks to develop and improve the social, economic, environmental and cultural well-being of Ceredigion over the next 5 years and beyond • Medium Term Financial Planning ensures that decisions consider the impact on future generations • Workforce planning will ensure the development of workforce skills for the future • Workforce planning will ensure the Council has a sustainable and qualified workforce for the future • Asset Management will ensure that the new ways of working are implemented and take advantage of the opportunities that exist post COVID-19 to ensure sustainable and high-quality services Boosting the Economy, supporting Business and enabling employment	Draft Corporate Strategy Medium Term Financial Strategy Workforce Plan Economic Strategy Ceredigion's Welsh in Education Strategic Plan Asset Management Plan Ceredigion County Council Capital Programme Through Age Well-being Strategy Carbon Management Plan Census 2021 Ceredigion Draft Self-Assessment Report Assessment of Local Well-being	<ul style="list-style-type: none"> • Conduct a 'triangulation' exercise of the evidence used to ensure that the objectives identified are evidenced. • Full public consultation conducted between 24th August and 30th September 2022. • All responses to the consultation have been considered and where necessary amendments made. • Develop the objectives through the lens of the Wellbeing of Future Generations Act, in particular identify how we can maximise our contribution to the national well-being goals and also ensure that we used the sustainable development principle to ensure that the needs of the present are met without compromising the ability of future generations to meet their own needs.

3. WELL-BEING GOALS: Does your proposal deliver any of the seven National Well-being Goals for Wales as outlined on the Well-being of Future Generations (Wales) Act 2015? Please explain the impact (positive and negative) you expect, together with suggestions of how to mitigate negative impacts or better contribute to the goal. We need to ensure that the steps we take to meet one of the goals aren't detrimental to meeting another.			
Well-being Goal	Does the proposal contribute to this goal? Describe the positive or negative impacts.	What evidence do you have to support this view?	What action (s) can you take to mitigate any negative impacts or better contribute to the goal?
3.1. A prosperous Wales Efficient use of resources, skilled, educated people, generates wealth, provides jobs.	<p>All of the Corporate Well-being Objectives capture the importance of developing the local economy in Ceredigion. In particular, the ambitions under the Boosting the Economy, Supporting Businesses and Enabling Employment aim to grow the local economy, support new and local businesses, create higher paid and skilled jobs, improve connectivity, tackle poverty and support learning. The combination of these will support a prosperous Ceredigion and Wales. Specifically, the ambitions we propose to undertake to achieve this are:</p> <ul style="list-style-type: none"> • Progress the £110m Mid Wales Growth Deal • Support local businesses in the recovery from COVID-19 • Support new and growing businesses in the County • Create new job opportunities for skilled young people • Promote equal opportunities in employment 	<p>Draft Corporate Strategy Medium Term Financial Strategy Workforce Plan Economic Strategy Ceredigion's Welsh in Education Strategic Plan Asset Management Plan Ceredigion County Council Capital Programme Through Age Well-being Strategy Carbon Management Plan Census 2021 Ceredigion Draft Self-Assessment Report Assessment of Local Well-being</p>	<ul style="list-style-type: none"> • Conduct a 'triangulation' exercise of the evidence used to ensure that the objectives identified are evidenced • Full public consultation conducted between 24th August and 30th September 2022 • All responses to the consultation have been considered and where necessary amendments made. • Develop the objectives through the lens of the Wellbeing of Future Generations Act, in particular identify how we can maximise our contribution to the national well-being goals and also ensure that we used the sustainable development principle to ensure that the needs of the present are met without compromising the ability of future generations to meet their own needs.

	<ul style="list-style-type: none"> • Achieve sustainable economic growth • Pursue the Local Development Plan • Prioritise locally sourced produce and supply chains • Improve 4G Broadband • Equitable funding within the Arfor programme • Improve digital, transport and energy connectivity • Tackle poverty in Ceredigion • Support working parents in Ceredigion • Enhance the provision of skills and learning opportunities for people aged 16+ • Further develop apprenticeships in the County 		
3.2. A resilient Wales Maintain and enhance biodiversity and ecosystems that support resilience and can adapt to change (e.g. climate change).	All of the Corporate Well-being Objectives capture the importance of sustainability and protecting the environment for future generations. In particular, the Creating Sustainable, Greener and Well-Connected Communities Objective aims to achieve carbon net zero by 2030, improve biodiversity and create the infrastructure to support greener and cleaner means of transportation and energy. The combination of these will support a resilient Ceredigion and Wales. Specifically, the actions we plan to undertake to achieve this are:	Draft Corporate Strategy Medium Term Financial Strategy Workforce Plan Economic Strategy Ceredigion's Welsh in Education Strategic Plan Asset Management Plan Ceredigion County Council Capital Programme Through Age Well-being Strategy Carbon Management Plan Census 2021	<ul style="list-style-type: none"> • Conduct a 'triangulation' exercise of the evidence used to ensure that the objectives identified are evidenced • Full public consultation conducted between 24th August and 30th September 2022 • All responses to the consultation have been considered and where necessary amendments made. • Develop the objectives through the lens of the Wellbeing of Future Generations Act, in particular identify how we can maximise our contribution to the national well-

	<ul style="list-style-type: none"> • Prioritising the reduction of carbon emissions and pursue our goal of becoming a Net Carbon Zero Council by 2030 • Build on Ceredigion's excellent performance in waste management and recycling • Transition towards an Ultra-Low Emission Vehicle corporate fleet • Press for an urgent resolution to the phosphates issue that is preventing building in the Teifi Valley • Find solutions to flooding in the Teifi Valley • Pursue funding for coastal defences at Aberaeron and Aberystwyth and develop proposals for the next phase of the Borth coastal defence scheme and for the frontage at Llangrannog • Enhancing and protecting biodiversity for future generations • Deliver schools investment across the County, including the net carbon zero 3-storey extension at Cardigan Secondary School 	Ceredigion Draft Self-Assessment Report Assessment of Local Well-being	being goals and also ensure that we used the sustainable development principle to ensure that the needs of the present are met without compromising the ability of future generations to meet their own needs.
3.3. A healthier Wales People's physical and mental wellbeing is maximised and health impacts are understood.	All of the Corporate Well-being Objectives capture the importance of improving people's physical and mental health and well-being in Ceredigion. The Council aims to improve well-being through the following ambitions in the Creating Caring and Healthy	Draft Corporate Strategy Medium Term Financial Strategy Workforce Plan Economic Strategy Ceredigion's Welsh in Education Strategic Plan	<ul style="list-style-type: none"> • Conduct a 'triangulation' exercise of the evidence used to ensure that the objectives identified are evidenced • Full public consultation conducted between 24th August and 30th September 2022

	<p>Communities and in the Providing the Best Start in Life:</p> <ul style="list-style-type: none"> • Provide for the nursing care needs of our population • Deliver the Through Age Well-being Programme • Launch Well-being Centres across the County • Pursue initiatives to train and recruit social care staff • Progress Cylch Caron extra care facility at Tregaron • Welcome and support refugees • Develop carers' breaks/ respitality and support the aspiration of creation of a National Care Service for Wales • Support community mental health facilities • Encourage people to get physically active so they can benefit from positive health and wellbeing • Develop an improvement plan for the strategic provision of facilities to increase physical activity levels in the county • Enhance the role of Community Connectors to support the development of resilient communities • Further develop participation events to ensure communities have a voice 	<p>Asset Management Plan Ceredigion County Council Capital Programme Through Age Well-being Strategy Carbon Management Plan Census 2021 Ceredigion Draft Self-Assessment Report Assessment of Local Well-being</p>	<ul style="list-style-type: none"> • All responses to the consultation have been considered and where necessary amendments made. • Develop the objectives through the lens of the Wellbeing of Future Generations Act, in particular identify how we can maximise our contribution to the national well-being goals and also ensure that we used the sustainable development principle to ensure that the needs of the present are met without compromising the ability of future generations to meet their own needs.

Cyngor Sir Ceredigion County Council - Integrated Impact Assessment (IIA)

An integrated tool to inform effective decision making

<p>3.6. A more equal Wales People can fulfil their potential no matter what their background or circumstances.</p> <p><i>In this section you need to consider the impact on equality groups, the evidence and any action you are taking for improvement.</i> <i>You need to consider how might the proposal impact on equality protected groups in accordance with the Equality Act 2010?</i> <i>These include the protected characteristics of age, disability, gender reassignment, marriage or civil partnership, pregnancy or maternity, race, religion or beliefs, gender, sexual orientation.</i> Please also consider the following guide: Equality Human Rights - Assessing Impact & Equality Duty</p>	<p>Describe why it will have a positive/negative or negligible impact.</p> <p><i>Using your evidence consider the impact for each of the protected groups. You will need to consider do these groups have equal access to the service, or do they need to receive the service in a different way from other people because of their protected characteristics. It is not acceptable to state simply that a proposal will universally benefit/disadvantage everyone. You should demonstrate that you have considered all the available evidence and address any gaps or disparities revealed.</i></p>	<p>What evidence do you have to support this view?</p> <p><i>Gathering Equality data and evidence is vital for an IIA. You should consider who uses or is likely to use the service. Failure to use <u>data</u> or <u>engage</u> where change is planned can leave decisions open to legal challenge. Please link to involvement box within this template. Please also consider the general guidance.</i></p>	<p>What action (s) can you take to mitigate any negative impacts or better contribute to positive impacts?</p> <p><i>These actions can include a range of positive actions which allows the organisation to treat individuals according to their needs, even when that might mean treating some more favourably than others, in order for them to have a good outcome. You may also have actions to identify any gaps in data or an action to engage with those who will/likely to be effected by the proposal. These actions need to link to Section 4 of this template.</i></p>

Having due regards in relation to the three aims of the Equality Duty - determine whether the proposal will assist or inhibit your ability to eliminate discrimination; advance equality and foster good relations.

3.6.2. How could/does the proposal help advance/promote equality of opportunity?

You should consider whether the proposal will help you to: ● Remove or minimise disadvantage ● To meet the needs of people with certain characteristics
● Encourage increased participation of people with particular characteristics

All of the Corporate Well-being Objectives seek to establish a more Equal Ceredigion and Wales by ensuring equal opportunities for employment, housing, education, healthier lifestyles and sustainable communities, regardless of protected characteristic. The Council's Strategic Equality Plan sets out how it will ensure that residents and stakeholders in Ceredigion have a voice to influence the development of policies and strategies that will affect their lives. One of the steps in the draft Corporate Strategy under Creating Caring and Healthy Communities is to update the Strategy for 2022-24 which will set out the actions we plan to take to achieve our equality objectives. There are a number of other steps in the draft Corporate Strategy that will also help to eliminate or minimise disadvantage and these are:

- Develop and publish Ceredigion Strategic Equality Plan 2024-2028
- Promote equal opportunities in employment

- Enhance the provision of skills and learning opportunities for people aged 16+
- Further develop apprenticeships in the County
- Create new job opportunities for skilled young people
- Provide for the nursing care needs of our population
- Progress Cylch Caron extra care facility at Tregaron
- Deliver schools investment across the County, including the net carbon zero 3-storey extension at Cardigan Secondary School
- Ensure that pupils are confident communicators in both Welsh and English by the end of Key Stage 2 (year 6)
- Support the Ceredigion Youth Council as a forum for children and young people
- Developing Children and Young People's skills, knowledge and confidence to be physically active
- Develop Leadership skills within our Children and Young People at the earliest opportunity
- Support the provision of Free School Meals for primary school pupils
- Support the provision of free childcare for all two-year-olds
- Tackle poverty in Ceredigion
- Launch Well-being Centres across the County
- Develop a Culture Strategy and Equity Strategy to support school and community wellbeing
- Welcome and support refugees

3.6.3. How could/does the proposal/decision help to eliminate unlawful discrimination, harassment, or victimisation?

You should consider whether there is evidence to indicate that: • The proposal may result in less favourable treatment for people with certain characteristics • The proposal may give rise to indirect discrimination • The proposal is more likely to assist or impeded you in making reasonable adjustments

The draft Corporate Strategy and the proposed Corporate Well-being Objectives set out a series of steps to eliminate unlawful discrimination, harassment and victimisation. There is no evidence yet of their success as the Corporate Strategy has not been approved. However, if approved, the delivery of these steps will be reviewed and reported on annually through the new Self-Assessment Report, and adjustments made, where necessary, to ensure that the Council meets its Equality Duty and eliminates unlawful discrimination. One of the key steps to this will be updating and delivering the new Strategic Equality Plan for 2022-24.

3.6.4. How could/does the proposal impact on advancing/promoting good relations and wider community cohesion?

You should consider whether the proposal will help you to: • Tackle prejudice • Promote understanding

The draft Corporate Strategy and the proposed Corporate Well-being Objectives set out a series of steps to promote good relations and wider community cohesion. One of the key steps to this will be updating and delivering the new Strategic Equality Plan for 2022-24, but there are steps across the four proposed Corporate Well-being Objectives that seek to eliminate inequality, tackle prejudice and promote understanding. There is no evidence yet of their success as the Corporate Strategy has not been approved. These steps are:

- Develop and publish Ceredigion Strategic Equality Plan 2024-2028
- Promote equal opportunities in employment
- Enhance the provision of skills and learning opportunities for people aged 16+
- Further develop apprenticeships in the County
- Create new job opportunities for skilled young people
- Deliver schools investment across the County, including the net carbon zero 3-storey extension at Cardigan Secondary School
- Ensure that pupils are confident communicators in both Welsh and English by the end of Key Stage 2 (year 6)
- Support the Ceredigion Youth Council as a forum for children and young people
- Developing Children and Young People's skills, knowledge and confidence to be physically active
- Develop Leadership skills within our Children and Young People at the earliest opportunity
- Support the provision of Free School Meals for primary school pupils
- Support the provision of free childcare for all two-year-olds
- Tackle poverty in Ceredigion
- Launch Well-being Centres across the County
- Develop a Culture Strategy and Equity Strategy to support school and community wellbeing
- Welcome and support refugees

Having due regard of the Socio-Economic Duty of the Equality Act 2010.

Socio-Economic Disadvantage is living in less favourable social and economic circumstances than others in the same society.

As a listed public body, Ceredigion County Council is required to have due regard to the Socio-Economic Duty of the Equality Act 2010. Effectively this means carrying out a poverty impact assessment. The duty covers all people who suffer socio-economic disadvantage, including people with protected characteristics.

3.6.5 What evidence do you have about socio-economic disadvantage and inequalities of outcome in relation to the proposal?

Describe why it will have a positive/negative or negligible impact.

The Corporate Strategy and the Corporate Well-being Objectives have been developed to specifically tackle socio-economic disadvantage and reduce inequality as part of the Council's duty under the Equality Act 2010. The Objectives have been developed by drawing on evidence such as the Assessment of Local Well-being that highlighted poverty, including in-work poverty and child poverty, as a key local and regional issue across West Wales. The new Objectives have been set with this in mind and contain a number of actions to reduce socio-economic disadvantage and

reduce inequality in all of its forms, and therefore contribute to a more equal Wales National well-being goal. These actions are listed below for reference.

The main source of evidence is the Ceredigion Assessment of Local Well-being published in March 2020 by the Ceredigion Public Services Board. This document sets out a comprehensive picture of the state of well-being in Ceredigion according to the four pillars of well-being (Economic, Social, Environmental and Cultural). The Assessment considers socio-economic disadvantage and poverty and made the following conclusions:

- The cost of living is increasing and there is a strong link between poverty and longer-term health.
- Child poverty in Ceredigion is higher than average and has seen the second highest increase nationally since 2014/15. In Ceredigion 3,459 children are living in poverty. This is key a regional issue affecting Carmarthenshire and Pembrokeshire as well.
- The data available suggests that in-work poverty is increasing and remains a key challenge for households, particularly in Aberystwyth North, Cardigan & Aberporth and Aberystwyth South.
- Poverty remains one of the biggest challenges for the County. Low earnings and incomes, affordable childcare, Universal Credit reduction and high housing costs/ housing affordability are the drivers of poverty in Ceredigion.

It is important to note tackling poverty was already a council priority prior to the development of the new Corporate Strategy, and as part of the Ceredigion Public Services Board the Council is a contributor to the Poverty Sub-Group that is tasked with delivering the Tackling Hardship Strategy that was developed in July 2020 and monitoring trends in poverty to help guide the work of the Group and the actions that need to be taken. This has been an ongoing workstream for several years.

What evidence do you have to support this view?

The evidence is taken from the draft Corporate Strategy. The specific ambitions of the Strategy in relation to tackling poverty and wider hardship are listed below. These are all aimed to have a positive impact on socio-economic disadvantage and there are no anticipated negative effects.

Action	How the action will help tackle poverty/hardship
Boosting the economy, supporting businesses and enabling employment	

<ul style="list-style-type: none"> • Progress the £110m Mid Wales Growth Deal • Support local businesses in the recovery from COVID-19 • Support new and growing businesses in the County • Achieve sustainable economic growth • Create new job opportunities for skilled young people • Further develop apprenticeships in the County • Promote equal opportunities in employment • Equitable funding within the Arfor programme • Tackle poverty in Ceredigion • Support working parents in Ceredigion • Enhance the provision of skills and learning opportunities for people aged 16+ 	<ul style="list-style-type: none"> • Growing the local economy will help to create job opportunities, attract new businesses and encourage existing businesses to expand. • Increase higher paid jobs and household incomes. • Provide opportunities for local people to stay and live in their local area. • Provide increased opportunities for young people to stay and live in their local area rather than move away in search of better career opportunities. • Investment in projects to deliver economic resilience and growth over the next ten years. Represent the region's interests and priorities for improvements to our local economy. • Deliver the Tackling Hardship Strategy and coordinate the work of the Poverty Sub-Group in tackling poverty in Ceredigion. • Reduce inequalities that exist in employment • Provide support for working parents to enter or return to the workforce, helping to boost confidence, income and well-being. • Develop the skills and opportunities for adults in the local economy.
<ul style="list-style-type: none"> • Creating Caring and Healthy Communities • Launch Well-being Centres across the County • Welcome and support refugees from Ukraine • Develop carers' breaks/ respite and support the aspiration of creation of a National Care Service for Wales • Enhance the role of Community Connectors to support the development of resilient communities 	<ul style="list-style-type: none"> • Provides welcoming environment for the delivery of a range of support services to local people in the North, Mid and South areas of Ceredigion. Well-being Centres provide a facility that enhances the Council's core offer of leisure provision with areas for meeting, consultation and treatment to contribute to improving the physical, mental and social well-being of the County's residents • Provides additional support to local people to access support opportunities in their area that can maintain and improve their wellbeing. Community Connectors can work with people and families to identify targeted solutions that meet their needs, such as accessing advice and assistance that is provided by the third sector, as well as identify appropriate services and groups, within their own communities, such as social groups that could help contribute to their wellbeing.

<ul style="list-style-type: none"> • Providing the best start in life and enabling learning at all ages 	
<ul style="list-style-type: none"> • Ensure that all learners' identified Additional Learning Needs are supported appropriately to become independent and fulfilled individuals • Enhance the range of care and support options for looked after children and young people • Support the Ceredigion Youth Council as a forum for children and young people • Support the provision of Free School Meals for primary school pupils • Support the provision of free childcare for all two-year-olds 	<ul style="list-style-type: none"> • Provide the support needed for all of Ceredigion's residents to lead independent and healthy lives. • Provide the education and training to support people at all ages in their working lives and meet their career aspirations. • Ensures that the voices of younger people are recorded and used in the development of future services and support. • Provides regular healthy and nutritious meals to primary pupils from September 2022, important giving the rising cost of living which includes food. • Provides support to parents to help enable them to return or enter the workforce.
<ul style="list-style-type: none"> • Creating sustainable, greener and well-connected communities 	
<ul style="list-style-type: none"> • Work with local Housing Associations to increase our stock of social housing • Discourage the ownership of second homes in the county • Enable more young people to build their lifetime home • Press for an urgent resolution to the phosphates issue that is preventing building in the Teifi Valley 	<ul style="list-style-type: none"> • Provide more affordable housing opportunities to meet the needs of local people • Increase the housing stock to help relieve the pressure in the housing market and provide additional housing options for local people • Support younger people to live and stay in their local area rather than having to move away to seek affordable accommodation
<p>What action(s) can you take to mitigate any negative impacts or better contribute to positive impacts?</p>	
<p>As the Corporate Strategy is intended to reduce socio-economic disadvantage and inequality, there are no negative impacts of the Strategy identified at this stage. However, there are some key actions that will be taken to better contribute to positive impacts. These actions are to monitor the delivery of the Corporate Strategy and Corporate Well-being Objectives to assess their impact and adjust or add to them if necessary. These actions will provide crucial feedback on the effectiveness of the Corporate Strategy in reducing socio-economic disadvantage and inequality, and directing future actions put in place. Specifically, these are:</p> <ol style="list-style-type: none"> 1) The delivery of the Corporate Well-being Objectives is assessed annually as part of the Self-Assessment Report in November as required by the Well-being of Future Generations (Wales) Act 2015. 	

- 2) Part of the process of conducting the annual Self-Assessment includes a desktop analysis of a variety of evidence, including internal performance reports, external inspection reports and the results of consultation. This helps to provide essential feedback and independent views on the Council's performance and on progress with the delivery of its Corporate Well-being Objectives.
- 3) The delivery of business plans is assessed quarterly through the internal Corporate Performance Board Meetings. The business plans align with the Corporate Strategy and the Corporate Well-being Objectives and contribute the National Well-being Goals.
- 4) The annual business planning process seeks to strengthen the Golden Thread and ensure that business plans support the delivery of the Corporate Well-being Objectives and national well-being goals.
- 5) Ongoing public consultation/engagement with protected groups will provide important feedback on Council services and where inequalities may exist.

3.7. A Wales of vibrant culture and thriving Welsh language Culture, heritage and Welsh Language are promoted and protected. <i>In this section you need to consider the impact, the evidence and any action you are taking for improvement. This in order to ensure that the opportunities for people who choose to live their lives and access services through the medium of Welsh are not inferior to what is afforded to those choosing to do so in English, in accordance with the requirement of the Welsh Language Measure 2011.</i>				Describe why it will have a positive/negative or negligible impact.	What evidence do you have to support this view?	What action (s) can you take to mitigate any negative impacts or better contribute to positive impacts?
Will the proposal be delivered bilingually (Welsh & English)?	Positive	Negative	None/ Negligible	The draft Corporate Strategy is available bilingually.	<ul style="list-style-type: none"> These will be the Council's priorities for delivery over the next five years and will be reviewed annually in the Council's Self-Assessment Report which will include reviewing progress. 4. STRENGTHENING THE PROPOSAL: If the proposal is likely to have a negative impact on any of the above (including any of the protected characteristics), what practical changes/actions could help reduce or remove any negative impacts as identified in sections 2 and 3?			
4.1 Actions.			
What are you going to do?	When are you going to do it?	Who is responsible?	Progress
Integrate the delivery of the Corporate Well-being Objectives into service business plans, i.e. ensure the business plans align and contain the steps in order to deliver the Corporate Well-being Objectives and maximise our contribution to the National Well-being Goals. (This is the Golden Thread).	Every year during the business planning process (January - March)	Corporate Lead Officers, Corporate Managers and Service Managers when setting business plans	The Business Planning process was successfully relaunched following the COVID-19 pandemic with a new streamlined process. Overall, it has been a positive start to the performance journey, business plans align with Corporate Well-being Objectives, but further work is needed to develop and strengthen this further. There is also further work on strengthening some of the methods of monitoring their delivery such as the development of new performance measures. This work is in progress and will be an ongoing task annually as new business plans are developed.
Monitor the delivery of service's business plans regularly	Quarterly through the Performance Board	Corporate Lead Officers, Corporate Managers and Service Managers	The Performance Board meetings have been restarted following the COVID-19 pandemic. Overall, it has been a positive start to the performance journey but there is further work to be done on developing them and the dashboards further. This is an ongoing action.
Review the Corporate Well-being Objectives and the progress in implementing them annually to adjust them where appropriate, and amend or add new steps towards their delivery if necessary in service's business plans	Annually as part of the requirements of the Well-being of Future Generations (Wales) Act 2015 and Local	Performance and Research Team and sign off from Leadership Group	Progress against the previous Corporate Priorities and Well-being Objectives has taken place through the Council's Annual Report published in October each year. The last Annual

	Government and Elections (Wales) Act 2021		Report received an unqualified opinion in its compliance certificate in 2021. However, following changes to the legislation (the end of the Local Government Measure 2009 and the implementation of the Local Government and Elections (Wales) Act 2021) this duty will be discharged through the new Self-Assessment Report in November each year. The first of these is in the process of being completed. This report reviews the progress made and identifies opportunities for improvement. The learning from the Self-Assessment Report is used to help review the Corporate Well-being Objectives and make amendments as necessary.
--	-------------------------------------------	--	--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

4.2. If no action is to be taken to remove or mitigate negative impacts please justify why.

(Please remember that if you have identified unlawful discrimination, immediate and potential, as a result of this proposal, the proposal must be changed or revised).

There are key actions in place to mitigate any negative impacts highlighted in section 4.1 above.

4.3. Monitoring, evaluating and reviewing.

How will you monitor the impact and effectiveness of the proposal?

There are both local and statutory processes in place for monitoring the Corporate Strategy, the Corporate Well-being Objectives and the delivery of the individual steps to ensure the Corporate Well-being Objectives are delivered and our contribution to the National Well-being Goals is maximised. These are:

- 1) The delivery of the Corporate Well-being Objectives is assessed annually as part of the Self-Assessment Report in November as required by the Local Government and Elections (Wales) Act 2015.
- 2) Part of the process of conducting the annual Self-Assessment includes a desktop analysis of a variety of evidence, including internal performance reports, external inspection reports and the results of consultation. This helps to provide essential feedback and independent views on the Council's performance and on progress with the delivery of its Corporate Well-being Objectives.

- 3) The delivery of business plans is assessed quarterly through the internal Corporate Performance Board Meetings. The business plans align with the Corporate Strategy and the Corporate Well-being Objectives and contribute the National Well-being Goals.
- 4) The annual business planning process seeks to strengthen the Golden Thread and ensure that business plans support the delivery of the Corporate Well-being Objectives and national well-being goals.
- 5) Ongoing public consultation/engagement with protected groups will provide important feedback on Council services and where inequalities may exist.

5. RISK: What is the risk associated with this proposal?

Impact Criteria	1 - Very low	2 - Low	3 - Medium	4 - High	5 - Very High
Likelihood Criteria	1 - Unlikely to occur	2 - Lower than average chance of occurrence	3 - Even chance of occurrence	4 - Higher than average chance of occurrence	5 - Expected to occur

Risk Description	Impact (severity)	Probability (deliverability)	Risk Score
The new Corporate Strategy/ Corporate Well-being Objectives are not approved	3	3	9
Not all priorities are covered by the steps to deliver the Corporate Well-being Objectives	4	3	12

Does your proposal have a potential impact on another Service area?

Yes – the new Corporate Strategy and Corporate Well-being Objectives impact on all council services as they are required to deliver the steps in the Corporate Strategy in order to achieve the Corporate Well-being Objectives. All future strategies/policies of the Council will also need to take into account the new Corporate Well-being Objectives in their development and ensure they align. Similarly, the development of the annual Business Plans will also need to ensure they align.

The Chairman welcomed everyone to the meeting.
Councillors Endaf Edwards and Ceris Jones apologised for their inability to attend the meeting.

**12 Disclosures of personal interest (including whipping declarations)
Members are reminded of their personal responsibility to declare any personal and prejudicial interest in respect of matters contained in this agenda in accordance with the provisions of the Local Government Act 2000, the Council's Constitution and the Members Code of Conduct. In addition, Members must declare any prohibited party whip which the Member has been given in relation to the meeting as per the Local Government (Wales) Measure 2011**

There were no disclosures of personal or prejudicial interests.

13 CYSUR/CWMPAS Combined Local Operational Group Safeguarding Report Qtr 4 2021/22

Sian Howys and Councillor Alun Williams (Cabinet Member) attended the meeting to present the CYSUR/CWMPAS Combined Local Operational Group Safeguarding report to Committee Members to ensure Members monitor progress of the CYSUR/CWMPAS Combined Local Operational Group quarterly management meetings. These are multi-agency management reports in relation to safeguarding children and adults in

Ceredigion during the period 1st January to 31st March 2022. They provide management information on action taken under the Wales Safeguarding Procedures.

Sian outlined the main points as listed in the covering report. A Member raised a concern that Child Protection referrals in the Aberystwyth area had doubled during the quarter. In response to the concern, it was explained that on occasions group safeguarding referrals can be made in terms of concerns, i.e. more than one individual in one family or in a peer group. There could also be seasonal factors. Another Member noted that 12 individuals had been removed from the child protection register and asked if there is an age limit that they are automatically removed from the register. The Officer confirmed this would happen when an individual turns 18 years old. Concern was also raised that the data shows that not all review child protection conferences are being taken within the required timescale. It was explained by the Officer that the workforce due to vacancies are under considerable pressure and are prioritising tasks. A Member asked whether face to face reviews are now undertaken at Penmorfa and Canolfan Rheidol as were pre-covid. It was confirmed that those offices have not resumed access to the public, however, other appropriate locations will be used for this purpose when required. It was confirmed that use of offices is being reviewed on a corporate basis. A reference was made to self-harming in children and the Officer confirmed that the data in the report is provided from the Child and Adolescent Mental Health Services (CAMHS) team, Hywel Dda University Health Board. The Chairman noted that as a Scrutiny Committee, Members have the right to invite any outside organisations in for questioning. The Healthier Communities Overview and Scrutiny Chair, Councillor Caryl Roberts, requested that a representative from CAMHS team attend a future meeting.

Following discussion, Members were asked to note the contents of the report and the levels of activity with the Local Authority. Members agreed to note its contents so that the governance of the Local Authority and its partner agencies are monitored.

The Chairman thanked Sian Howys for attending and presenting the report and also thanked the Officer concerned for providing an Executive Summary.

14 Ceredigion Public Services Board (PSB) meeting held 12th July 2022 & Ceredigion Local Well-being Annual Report 2021-2022

The Chairman welcomed Naomi McDonagh, Diana Davies and Alun Williams and the Leader of the Council, Councillor Bryan Davies (Cabinet Member) to the meeting to present the minutes of the 12th July 2022 PSB meeting and to present the Ceredigion Local Well-being Annual Report 2021-2022.

Under Section 35 of the Well-being of Future Generations (Wales) Act 2015, Local Authorities are required to ensure their Overview and Scrutiny Committees have the power to scrutinise decisions made, or other action taken, by the Public Services Board for the Local Authority area in the

exercise of its functions. The Public Services Board (PSB) is required to produce and publish annual reports relating to the delivery of their Wellbeing Plans. It is a statutory requirement of the Well-being of Future Generations (Wales) Act 2015 that annual reports are scrutinised by local PSB Overview and Scrutiny Committees. Unlike with the assessments of well-being and the well-being plans, the PSB does not have to wait on the scrutiny panel recommendations to approve annual reports but, the Board is encouraged to use Scrutiny recommendations in developing work programmes and future reporting.

During discussion, it was reiterated that it is important to include Local Members in any discussions/consultations relating to their ward as their input is valuable.

Following discussion, Members were asked to receive the draft minutes of the Ceredigion PSB meetings held on the 12th July 2022, and to receive and note the Ceredigion PSB Local Well-being Plan Annual Report 2021-2022.

The Chairman thanked the Officers and the Leader of the Council for attending and presenting the report.

15 Report on the Council's use of the Regulation of Investigatory Powers Act 2000 (RIPA)

Elin Prysor attended to present the report on the Council's use of the Regulation of Investigatory Powers Act 2000 (RIPA) as the Coordinating Committee Members are responsible for reviewing the Council's use of RIPA. Reports are presented to the Committee on a 6 monthly basis; however; this report is presented 12 months following the previous report due to a lack of RIPA activity.

It was reported that there has been no RIPA activity by any service of the Council during the period between the 13th August 2021 and the 4th July 2022. Authorising Officers have confirmed that they have not considered any RIPA applications during this time.

On the 28th February 2022, a half day training workshop was delivered by an external provider to relevant Officers on RIPA. It was reported that the IPCO report will be presented at the next Committee meeting.

Following discussion, Members agreed to note the report contents.

The Chair thanked Elin Prysor for attending and presenting the report.

16 Overview and Scrutiny Annual Report 2021/2022

Lisa Evans reported that the Overview and Scrutiny Annual Report highlights the key issues that have been considered by the five overview and scrutiny Committees during 2021/2022.

There is a statutory duty on Local Authorities to publish an annual report relating to the work of the Overview and Scrutiny Committees. The Annual Report will be published in the Overview and Scrutiny webpage on the Council Website.

Following discussion, Members agreed to note the information contained within the report prior to it being presented to Council on the 20th October 2022.

17 To receive a update from the Chairmen of the Overview and Scrutiny Committees and to consider the draft Forward Work Programmes

Each Chair in turn provided an update on their respective Overview and Scrutiny Committees. Following discussion, it was agreed to include the following on each Forward Work Programme:

Thriving Communities Overview and Scrutiny Committee – Pay and Display Car Park Machines.

Corporate Resources Overview and Scrutiny Committee – to request a Council Tax Second Homes update report at the 19th December 2022 Committee meeting;

Healthier Communities Overview and Scrutiny Committee – to invite a representative from the Child and Adolescent Mental Health Team (CAMHS) to a future meeting to provide an update on their service; and; to request an update relating to recruitment issues for the Porth Cynnal, Porth Gofal y Gymuned and Porth Ceredigion Cynnar teams.

18 To confirm minutes of the Coordinating meeting held on 15 June 2022 and to consider any matters arising from those minutes

The minutes of the Coordinating meeting held on the 15th June 2022 were confirmed as a true record of proceedings and there were no matters arising from those minutes.

The Chairman thanked Committee Members for attending and closed proceedings at 11:47am.

Confirmed at the Meeting of the Overview and Scrutiny Co-ordinating Committee held on 14 October 2022
