

Appendix A: Review of Well-being and Improvement Objectives

The Well-being and Improvement Objectives focus on short-term more focused response and recovery to the COVID-19 pandemic in order to protect and enhance the well-being of everyone now and in the future. They were identified, and are still aligned to, each of our Corporate Priorities, and take into account the Public Services Board's Assessment of Local Well-being and the Well-being Plan.

The existing Well-being and Improvement Objectives have been reviewed and it was concluded that they should remain in place to support the ongoing recovery work of the Council and its partners.

Therefore for the 2022/23 year the focus of our attention will be to support the needs of citizens in recovering from the pandemic and at the same time delivering against the priorities of the Council.
