An integrated tool to inform effective decision making

This **Integrated Impact Assessment tool** incorporates the principles of the Well-being of Future Generations (Wales) Act 2015 and the Sustainable Development Principles, the Equality Act 2010 and the Welsh Language Measure 2011 (Welsh Language Standards requirements) and Risk Management in order to inform effective decision making and ensuring compliance with respective legislation.

1. PROPOSAL DETAILS: (Policy/Change Objective/Budget saving)

Proposal Title	Corporate Strategy 2022-27
----------------	----------------------------

Service Area	PPPP	Corporate Lead Officer	Alun Williams	Strategic Director	Barry Rees
--------------	------	------------------------	---------------	--------------------	------------

Name of Officer completing the IIA	Rob Starr	E-mail	Rob.starr@cereigion.gov.uk	Phone no	2653
------------------------------------	-----------	--------	--	----------	------

Please give a brief description of the purpose of the proposal

The previous Corporate Strategy 2017-22 came to an end in March 2022. Best practice and the Well-being of Future Generations (Wales) Act 2015 requires a new Corporate Strategy. The new Corporate Strategy sets out the new Corporate Well-being Objectives and the steps the Council intends to take to deliver the Objectives and maximise its contribution to the National Well-being Goals whilst ensuring that it implements the Sustainable Development Principle.

Who will be directly affected by this proposal? (e.g. The general public, specific sections of the public such as youth groups, carers, road users, people using country parks, people on benefits, staff members or those who fall under the protected characteristics groups as defined by the Equality Act and for whom the authority must have due regard).

All citizens and stakeholders in Ceredigion.

VERSION CONTROL: The IIA should be used at the earliest stages of decision making, and then honed and refined throughout the decision making process. It is important to keep a record of this process so that we can demonstrate how we have considered and built in sustainable development, Welsh language and equality considerations wherever possible.

COUNCIL STRATEGIC OBJECTIVES: Which of the Council's Strategic Objectives does the proposal address and how?

Boosting the Economy	<p>This proposal seeks to replace the Council's previous corporate priorities and previous well-being objectives with a new set of four Corporate Well-being objectives. The proposed new Objectives are:</p> <ul style="list-style-type: none"> • Boosting the Economy, Supporting Businesses and Enabling Employment • Creating Caring and Healthy Communities • Providing the Best Start in Life and Enabling Learning at All Ages • Creating Sustainable, Green and Well-connected Communities <p>The Objectives have been identified through extensive analysis of evidence and engagement with residents, including the ambitions of the new political administration, the Ceredigion Assessment of Local Well-being and the recent public consultation on the draft strategy.</p> <p>The objectives have also been identified through the lens of the Wellbeing of Future Generations (Wales) Act 2015. This involved identifying how we could maximise our contribution to the national well-being goals and also ensure that we used the sustainable development principle to ensure that the needs of the present are met without compromising the ability of future generations to meet their own needs.</p>
Investing in People's Future	
Enabling Individual and Family Resilience	
Promoting Environmental and Community Resilience	

NOTE: As you complete this tool you will be asked for **evidence to support your views**. These need to include your baseline position, measures and studies that have informed your thinking and the judgement you are making. It should allow you to identify whether any changes resulting from the implementation of the recommendation will have a positive or negative effect. Data sources include for example:

- *Quantitative data - data that provides numerical information, e.g. population figures, number of users/non-users*
- *Qualitative data – data that furnishes evidence of people's perception/views of the service/policy, e.g. analysis of complaints, outcomes of focus groups, surveys*
- *Local population data from the census figures (such as Ceredigion Welsh language Profile and Ceredigion Demographic Equality data)*
- *National Household survey data*
- *Service User data*
- *Feedback from consultation and engagement campaigns*
- *Recommendations from Scrutiny*

<p>3.6. A more equal Wales People can fulfil their potential no matter what their background or circumstances.</p> <p><i>In this section you need to consider the impact on equality groups, the evidence and any action you are taking for improvement.</i> <i>You need to consider how might the proposal impact on equality protected groups in accordance with the Equality Act 2010?</i> <i>These include the protected characteristics of age, disability, gender reassignment, marriage or civil partnership, pregnancy or maternity, race, religion or beliefs, gender, sexual orientation.</i> Please also consider the following guide: Equality Human Rights - Assessing Impact & Equality Duty</p>	<p>Describe why it will have a positive/negative or negligible impact.</p> <p><i>Using your evidence consider the impact for each of the protected groups. You will need to consider do these groups have equal access to the service, or do they need to receive the service in a different way from other people because of their protected characteristics. It is not acceptable to state simply that a proposal will universally benefit/disadvantage everyone. You should demonstrate that you have considered all the available evidence and address any gaps or disparities revealed.</i></p>	<p>What evidence do you have to support this view?</p> <p><i>Gathering Equality data and evidence is vital for an IIA. Having due regards in relation to the three aims of the Equality Duty - determine whether the proposal will assist or inhibit your ability to eliminate discrimination; advance equality and foster good relations.

3.6.2. How could/does the proposal help advance/promote equality of opportunity?

You should consider whether the proposal will help you to: ● Remove or minimise disadvantage ● To meet the needs of people with certain characteristics ● Encourage increased participation of people with particular characteristics

All of the Corporate Well-being Objectives seek to establish a more Equal Ceredigion and Wales by ensuring equal opportunities for employment, housing, education, healthier lifestyles and sustainable communities, regardless of protected characteristic. The Council's Strategic Equality Plan sets out how it will ensure that residents and stakeholders in Ceredigion have a voice to influence the development of policies and strategies that will affect their lives. One of the steps in the draft Corporate Strategy under Creating Caring and Healthy Communities is to update the Strategy for 2022-24 which will set out the actions we plan to take to achieve our equality objectives. There are a number of other steps in the draft Corporate Strategy that will also help to eliminate or minimise disadvantage and these are:

- Develop and publish Ceredigion Strategic Equality Plan 2024-2028
- Promote equal opportunities in employment

- Enhance the provision of skills and learning opportunities for people aged 16+
- Further develop apprenticeships in the County
- Create new job opportunities for skilled young people
- Provide for the nursing care needs of our population
- Progress Cylch Caron extra care facility at Tregaron
- Deliver schools investment across the County, including the net carbon zero 3-storey extension at Cardigan Secondary School
- Ensure that pupils are confident communicators in both Welsh and English by the end of Key Stage 2 (year 6)
- Support the Ceredigion Youth Council as a forum for children and young people
- Developing Children and Young People's skills, knowledge and confidence to be physically active
- Develop Leadership skills within our Children and Young People at the earliest opportunity
- Support the provision of Free School Meals for primary school pupils
- Support the provision of free childcare for all two-year-olds
- Tackle poverty in Ceredigion
- Launch Well-being Centres across the County
- Develop a Culture Strategy and Equity Strategy to support school and community wellbeing
- Welcome and support refugees

3.6.3. How could/does the proposal/decision help to eliminate unlawful discrimination, harassment, or victimisation?

You should consider whether there is evidence to indicate that: ● *The proposal may result in less favourable treatment for people with certain characteristics* ● *The proposal may give rise to indirect discrimination* ● *The proposal is more likely to assist or impeded you in making reasonable adjustments*

The draft Corporate Strategy and the proposed Corporate Well-being Objectives set out a series of steps to eliminate unlawful discrimination, harassment and victimisation. There is no evidence yet of their success as the Corporate Strategy has not been approved. However, if approved, the delivery of these steps will be reviewed and reported on annually through the new Self-Assessment Report, and adjustments made, where necessary, to ensure that the Council meets its Equality Duty and eliminates unlawful discrimination. One of the key steps to this will be updating and delivering the new Strategic Equality Plan for 2022-24.

3.6.4. How could/does the proposal impact on advancing/promoting good relations and wider community cohesion?

You should consider whether the proposal will help you to: ● *Tackle prejudice* ● *Promote understanding*

The draft Corporate Strategy and the proposed Corporate Well-being Objectives set out a series of steps to promote good relations and wider community cohesion. One of the key steps to this will be updating and delivering the new Strategic Equality Plan for 2022-24, but there are steps across the four proposed Corporate Well-being Objectives that seek to eliminate inequality, tackle prejudice and promote understanding. There is no evidence yet of their success as the Corporate Strategy has not been approved. These steps are:

- Develop and publish Ceredigion Strategic Equality Plan 2024-2028
- Promote equal opportunities in employment
- Enhance the provision of skills and learning opportunities for people aged 16+
- Further develop apprenticeships in the County
- Create new job opportunities for skilled young people
- Deliver schools investment across the County, including the net carbon zero 3-storey extension at Cardigan Secondary School
- Ensure that pupils are confident communicators in both Welsh and English by the end of Key Stage 2 (year 6)
- Support the Ceredigion Youth Council as a forum for children and young people

Having due regard of the Socio-Economic Duty of the Equality Act 2010.

Socio-Economic Disadvantage is living in less favourable social and economic circumstances than others in the same society.

As a listed public body, Ceredigion County Council is required to have due regard to the Socio-Economic Duty of the Equality Act 2010. Effectively this means carrying out a poverty impact assessment. The duty covers all people who suffer socio-economic disadvantage, including people with protected characteristics.

3.6.5 What evidence do you have about socio-economic disadvantage and inequalities of outcome in relation to the proposal?

Describe why it will have a positive/negative or negligible impact.

The Corporate Strategy and the Corporate Well-being Objectives have been developed to specifically tackle socio-economic disadvantage and reduce inequality as part of the Council's duty under the Equality Act 2010. The Objectives have been developed by drawing on evidence such as the Assessment of Local Well-being that highlighted poverty, including in-work poverty and child poverty, as a key local and regional issue across West Wales. The new Objectives have been set with this in mind and contain a number of actions to reduce socio-economic disadvantage and

Cyngor Sir Ceredigion County Council - Integrated Impact Assessment (IIA)

An integrated tool to inform effective decision making

reduce inequality in all of its forms, and therefore contribute to a more equal Wales National well-being goal. These actions are listed below for reference.

The main source of evidence is the Ceredigion Assessment of Local Well-being published in March 2020 by the Ceredigion Public Services Board. This document sets out a comprehensive picture of the state of well-being in Ceredigion according to the four pillars of well-being (Economic, Social, Environmental and Cultural). The Assessment considers socio-economic disadvantage and poverty and made the following conclusions:

- The cost of living is increasing and there is a strong link between poverty and longer-term health.
- Child poverty in Ceredigion is higher than average and has seen the second highest increase nationally since 2014/15. In Ceredigion 3,459 children are living in poverty. This is key a regional issue affecting Carmarthenshire and Pembrokeshire as well.
- The data available suggests that in-work poverty is increasing and remains a key challenge for households, particularly in Aberystwyth North, Cardigan & Aberporth and Aberystwyth South.
- Poverty remains one of the biggest challenges for the County. Low earnings and incomes, affordable childcare, Universal Credit reduction and high housing costs/ housing affordability are the drivers of poverty in Ceredigion.

It is important to note tackling poverty was already a council priority prior to the development of the new Corporate Strategy, and as part of the Ceredigion Public Services Board the Council is a contributor to the Poverty Sub-Group that is tasked with delivering the Tackling Hardship Strategy that was developed in July 2020 and monitoring trends in poverty to help guide the work of the Group and the actions that need to be taken. This has been an ongoing workstream for several years.

What evidence do you have to support this view?

The evidence is taken from the draft Corporate Strategy. The specific ambitions of the Strategy in relation to tackling poverty and wider hardship are listed below. These are all aimed to have a positive impact on socio-economic disadvantage and there are no anticipated negative effects.

Action	How the action will help tackle poverty/hardship
Boosting the economy, supporting businesses and enabling employment	

<ul style="list-style-type: none"> • Progress the £110m Mid Wales Growth Deal • Support local businesses in the recovery from COVID-19 • Support new and growing businesses in the County • Achieve sustainable economic growth • Create new job opportunities for skilled young people • Further develop apprenticeships in the County • Promote equal opportunities in employment • Equitable funding within the Arfor programme • Tackle poverty in Ceredigion • Support working parents in Ceredigion • Enhance the provision of skills and learning opportunities for people aged 16+ 	<ul style="list-style-type: none"> • Growing the local economy will help to create job opportunities, attract new businesses and encourage existing businesses to expand. • Increase higher paid jobs and household incomes. • Provide opportunities for local people to stay and live in their local area. • Provide increased opportunities for young people to stay and live in their local area rather than move away in search of better career opportunities. • Investment in projects to deliver economic resilience and growth over the next ten years. Represent the region's interests and priorities for improvements to our local economy. • Deliver the Tackling Hardship Strategy and coordinate the work of the Poverty Sub-Group in tackling poverty in Ceredigion. • Reduce inequalities that exist in employment • Provide support for working parents to enter or return to the workforce, helping to boost confidence, income and well-being. • Develop the skills and opportunities for adults in the local economy.
<ul style="list-style-type: none"> • Creating Caring and Healthy Communities • Launch Well-being Centres across the County • Welcome and support refugees from Ukraine • Develop carers' breaks/ respitality and support the aspiration of creation of a National Care Service for Wales • Enhance the role of Community Connectors to support the development of resilient communities 	<ul style="list-style-type: none"> • Provides welcoming environment for the delivery of a range of support services to local people in the North, Mid and South areas of Ceredigion. Well-being Centres provide a facility that enhances the Council's core offer of leisure provision with areas for meeting, consultation and treatment to contribute to improving the physical, mental and social well-being of the County's residents • Provides additional support to local people to access support opportunities in their area that can maintain and improve their wellbeing. Community Connectors can work with people and families to identify targeted solutions that meet their needs, such as accessing advice and assistance that is provided by the third sector, as well as identify appropriate services and groups, within their own communities, such as social groups that could help contribute to their wellbeing.

<p>What action(s) can you take to mitigate any negative impacts or better contribute to positive impacts?</p>	
<p>As the Corporate Strategy is intended to reduce socio-economic disadvantage and inequality, there are no negative impacts of the Strategy identified at this stage. However, there are some key actions that will be taken to better contribute to positive impacts. These actions are to monitor the delivery of the Corporate Strategy and Corporate Well-being Objectives to assess their impact and adjust or add to them if necessary. These actions will provide crucial feedback on the effectiveness of the Corporate Strategy in reducing socio-economic disadvantage and inequality, and directing future actions put in place. Specifically, these are:</p> <ol style="list-style-type: none"> 1) The delivery of the Corporate Well-being Objectives is assessed annually as part of the Self-Assessment Report in November as required by the Well-being of Future Generations (Wales) Act 2015. 	

- 2) Part of the process of conducting the annual Self-Assessment includes a desktop analysis of a variety of evidence, including internal performance reports, external inspection reports and the results of consultation. This helps to provide essential feedback and independent views on the Council's performance and on progress with the delivery of its Corporate Well-being Objectives.
- 3) The delivery of business plans is assessed quarterly through the internal Corporate Performance Board Meetings. The business plans align with the Corporate Strategy and the Corporate Well-being Objectives and contribute the National Well-being Goals.
- 4) The annual business planning process seeks to strengthen the Golden Thread and ensure that business plans support the delivery of the Corporate Well-being Objectives and national well-being goals.
- 5) Ongoing public consultation/engagement with protected groups will provide important feedback on Council services and where inequalities may exist.

4. STRENGTHENING THE PROPOSAL: If the proposal is likely to have a negative impact on any of the above (including any of the protected characteristics), what practical changes/actions could help reduce or remove any negative impacts as identified in sections 2 and 3?

4.1 Actions.

What are you going to do?	When are you going to do it?	Who is responsible?	Progress
Integrate the delivery of the Corporate Well-being Objectives into service business plans, i.e. ensure the business plans align and contain the steps in order to deliver the Corporate Well-being Objectives and maximise our contribution to the National Well-being Goals. (This is the Golden Thread).	Every year during the business planning process (January - March)	Corporate Lead Officers, Corporate Managers and Service Managers when setting business plans	The Business Planning process was successfully relaunched following the COVID-19 pandemic with a new streamlined process. Overall, it has been a positive start to the performance journey, business plans align with Corporate Well-being Objectives, but further work is needed to develop and strengthen this further this further. There is also further work on strengthening some of the methods of monitoring their delivery such as the development of new performance measures. This work is in progress and will be an ongoing task annually as new business plans are developed.
Monitor the delivery of service's business plans regularly	Quarterly through the Performance Board	Corporate Lead Officers, Corporate Managers and Service Managers	The Performance Board meetings have been restarted following the COVID-19 pandemic. Overall, it has been a positive start to the performance journey but there is further work to be done on developing them and the dashboards further. This is an ongoing action.
Review the Corporate Well-being Objectives and the progress in implementing them annually to adjust them where appropriate, and amend or add new steps towards their delivery if necessary in service's business plans	Annually as part of the requirements of the Well-being of Future Generations (Wales) Act 2015 and Local	Performance and Research Team and sign off from Leadership Group	Progress against the previous Corporate Priorities and Well-being Objectives has taken place through the Council's Annual Report published in October each year. The last Annual

	<p>Government and Elections (Wales) Act 2021</p>	<p>Report received an unqualified opinion in its compliance certificate in 2021. However, following changes to the legislation (the end of the Local Government Measure 2009 and the implementation of the Local Government and Elections (Wales) Act 2021) this duty will be discharged through the new Self-Assessment Report in November each year. The first of these is in the process of being completed. This report reviews the progress made and identifies opportunities for improvement. The learning from the Self-Assessment Report is used to help review the Corporate Well-being Objectives and make amendments as necessary.</p>

4.2. If no action is to be taken to remove or mitigate negative impacts please justify why.
(Please remember that if you have identified unlawful discrimination, immediate and potential, as a result of this proposal, the proposal must be changed or revised).

There are key actions in place to mitigate any negative impacts highlighted in section 4.1 above.

4.3. Monitoring, evaluating and reviewing.
How will you monitor the impact and effectiveness of the proposal?

There are both local and statutory processes in place for monitoring the Corporate Strategy, the Corporate Well-being Objectives and the delivery of the individual steps to ensure the Corporate Well-being Objectives are delivered and our contribution to the National Well-being Goals is maximised. These are:

- 1) The delivery of the Corporate Well-being Objectives is assessed annually as part of the Self-Assessment Report in November as required by the Local Government and Elections (Wales) Act 2015.
- 2) Part of the process of conducting the annual Self-Assessment includes a desktop analysis of a variety of evidence, including internal performance reports, external inspection reports and the results of consultation. This helps to provide essential feedback and independent views on the Council's performance and on progress with the delivery of its Corporate Well-being Objectives.

An integrated tool to inform effective decision making

- 3) The delivery of business plans is assessed quarterly through the internal Corporate Performance Board Meetings. The business plans align with the Corporate Strategy and the Corporate Well-being Objectives and contribute the National Well-being Goals.
- 4) The annual business planning process seeks to strengthen the Golden Thread and ensure that business plans support the delivery of the Corporate Well-being Objectives and national well-being goals.
- 5) Ongoing public consultation/engagement with protected groups will provide important feedback on Council services and where inequalities may exist.

5. RISK: What is the risk associated with this proposal?

Impact Criteria	1 - Very low	2 - Low	3 - Medium	4 - High	5 - Very High
Likelihood Criteria	1 - Unlikely to occur	2 - Lower than average chance of occurrence	3 - Even chance of occurrence	4 - Higher than average chance of occurrence	5 - Expected to occur
Risk Description	Impact (severity)		Probability (deliverability)		Risk Score
The new Corporate Strategy/ Corporate Well-being Objectives are not approved	3		3		9
Not all priorities are covered by the steps to deliver the Corporate Well-being Objectives	4		3		12

Does your proposal have a potential impact on another Service area?

Yes – the new Corporate Strategy and Corporate Well-being Objectives impact on all council services as they are required to deliver the steps in the Corporate Strategy in order to achieve the Corporate Well-being Objectives. All future strategies/policies of the Council will also need to take into account the new Corporate Well-being Objectives in their development and ensure they align. Similarly, the development of the annual Business Plans will also need to ensure they align.
