Ceredigion County Council

Ceredigion County Council along with all listed public authorities in Wales is required to carry out Gender Pay Reporting under the Equality Act 2010 (Specific Duties and Public Authorities) Regulations 2017.

This involves carrying out six calculations that show the difference between the average earnings of men and women in our organisation; it will not involve publishing individual employees data.

1. The mean gender pay gap
2. The median gender pay gap
3. The mean bonus gender pay gap
4. The median bonus gender pay gap
5. The proportion of males and females receiving a bonus payment
6. The proportion of males and females in each quartile band

This report containing the required information and actions that the Council will undertake in order to address gender pay issues will be published on our website and also be available for staff on the internal Ceri Net intranet site.

Context

The Council workforce as at 31st March 2022 comprised of 66% female and 34% male employees

Gender pay gap figures

The gender pay gap is defined as the difference between the mean or median hourly rate of pay that male and female colleagues receive.

The **mean pay gap** is the difference between average hourly earnings of men and women.

The **median pay gap** is the difference between the midpoints in the ranges of hourly earnings of men and women. It takes all salaries in the sample, lines them up in order from lowest to highest, and picks the middle-most salary.

The information provided in the charts is based on the hourly rate of pay as at 31st March 2022.

This rate is an increase on the previous year (2021): mean pay gap of -5.3% and median pay gap of -3.9% but similar to the outcome for 2020: mean pay gap of -4.5% and median pay gap of -7.6%.

Following the introduction of the Single Status Agreement in 2012 Ceredigion County Council does not pay bonus payments (performance or specific) therefore no figures are published for points 3, 4 and 5 above.

Proportion of male and female colleagues in each pay quartile

This chart shows the gender split when we order hourly rate of pay from highest to lowest and group into four equal quartiles.

Why we have a gender pay gap

While we are confident that men and women are paid equally for doing equivalent jobs across the Council, the main reason for our organisation-wide gender pay gap is an imbalance of male and female colleagues across the organisation. At the moment there are fewer women in senior roles than men, as well as a higher proportion of women relative to men in lower scales.

How we will continue to address the pay gap

Recruitment - We will attract the right people

- We aim to recruit from the widest possible talent pool. We will continue to develop our Careers site in order to attract as many candidates as possible to work for Ceredigion County Council
- We will ensure that the language in job adverts is gender neutral
- We will continue to explore further platforms to promote the Council recruitment profile on social media in order to attract as many candidates as possible and will monitor these to evaluate the impact on applicant numbers
- We will continue to increase the number of work experience placements and apprenticeship opportunities to young people allowing them to unlock their potential by earning whilst they learn

Retention - Once we have the right people, we want them to stay.

- We will continue to offer and develop a range of flexible working options at all levels, currently 49% of our staff (excluding school based) work part-time. We will continue to develop and evaluate new ways of working.
- We will review our family friendly and work-life balance policies to ensure that they offer the best opportunities to retain the staff with the skills and knowledge required to deliver our services
- We have introduced a 'Carers Policy' to support those staff who have carer responsibilities alongside their paid employment.
- The Ceredigion Managers' Programme, introduced in 2018, has been revised and relaunched in a new format where all new managers will receive training in recruitment, selection, equality & diversity. We will continue to develop the programme and monitor that all managers attend the training provided
- We will continue to deliver training to staff on 'Unconscious Bias', ensuring that managers understand what unconscious bias is and its impact on management decision making in the workplace.

Development - We need to ensure that all staff have development opportunities

- We will continue to provide opportunities to undertake Institute of Leadership & Management (ILM) qualifications within the workplace.
- We have introduced a Corporate Qualification Panel to ensure that all staff have equality of opportunity to apply for support to undertake qualifications that will progress their careers within Ceredigion County Council.
