REPORT TO:	Governance and Audit Committee
DATE:	17 January 2023
LOCATION:	Council Chamber and Remotely via Video-conference (Hybrid)
TITLE:	Report on the Governance Framework Document 2022-23, the Local Code of Corporate Governance 2023-24 and Annual Governance Statement 2022-23 progress update
PURPOSE OF REPORT:	To present the draft Governance Framework Document 2022-23, the draft Local Code of Corporate Governance 2023-24 and an update regarding progress with the 2022-2023 Annual Governance Statement
For:	Decision

Introduction and Requirements

The Accounts and Audit (Wales) Regulations 2014 requires local authorities to conduct at least annually a review of the effectiveness of their governance framework including their systems of internal control. This review must be documented in an Annual Governance Statement and published as part of the Council's Annual Accounts. The Audit Committee is responsible for monitoring the governance arrangements on behalf of the Council.

The Statement must be prepared in accordance with proper practices, including those set out in the Chartered Institute of Public Finance and Accountancy ('CIPFA') and The Society of Local Authority Chief Executives ('SOLACE') *'Delivering Good Governance in Local Government: Framework'* (2016). The Framework, published in April 2016, is based on the CIPFA/International Federation of Accountants ('IFAC') *'International Framework: Good Governance in the Public Sector'*.

The CIPFA/SOLACE *'Delivering Good Governance in Local Government: Framework'* (2016) sets out a framework of 7 key principles that will enable organisations, public sector partnerships and combined authorities to achieve their outcomes while working in the public interest. The principles are further supported by core-principles of behaviour that demonstrate what good governance should look like in practice. These principles are the basis for the Council's Local Code of Corporate Governance and are considered in the Governance Framework Document.

Governance Framework Document 2022-23 & Current Year Action Plan

A workshop was held on 28 November 2022 for relevant Officers and committee Members to consider progress on the actions set out in the 2021-2022 Governance Framework Document. During this workshop, the Governance Framework Document was reviewed to consider any

updated evidence which may be included in the document and to reflect on previously identified actions.

The Governance Framework Document 2022-23 (**Appendix 1**) has been produced as a result of the aforementioned workshop and contributions from the various responsible Officers set out in the document.

The Governance Framework Document 2022-23 will form the basis for the Annual Governance Statement 2022-23, which will be presented to this committee in draft form at its 9th March 2023 meeting.

The final review scoring completed during the workshop is included (see **Appendix 1**). In summary a total of 94 behaviours were reviewed. As a result of discussions following the workshop, it is proposed that one score be improved from 5/6 to 7/8 (B3.1) as a result of the implementation of an identified action. This action was achieved by the implementation of the Engagement and Participation Policy.

Therefore, 90 total behaviours are now scored at 9/10 and 4 are scored at 7/8.

Local Code of Corporate Governance

The Local Code of Corporate Governance 2022-23 has been reviewed and amended to create the Draft Local Code of Corporate Governance 2023-24 (**Appendix 2**). The Code has been updated to provide a greater level of clarity on the Council's implementation of the seven principles of good governance, as set out in the CIPFA/SOLACE *Delivering Good Governance in Local Government Framework* (2016 Edition), into its own Local Code of Corporate Governance. The table setting out the Code and the actions taken to meet the requirements has also been amended to make it easier to read.

Whereas in previous years the Code has been presented as a copy of the Governance Framework Document, the 2023-24 Code takes a more 'forward-looking' approach to the Governance Framework by placing a greater focus on current practices rather than previously implemented actions.

RECOMMENDATION(S):

The Governance and Audit Committee is requested to:

- i) Note the Governance Framework Document (**Appendix 1**);
- ii) Approve the score increase from 5/6 to 7/8 for behaviour B3.1 in the Governance Framework Document (**Appendix 1**) as a result of the implementation of the Engagement and Participation Policy; and
- iii) Recommend that Council endorses the Local Code of Corporate Governance 2023-24 (**Appendix 2**).

REASON FOR RECOMMENDATIONS: To progress work on the Annual Governance Statement 2022-23 and publication of the Local Code of Corporate Governance 2023-24.

Governance Framework Review 2022 -2023

Scoring						
Note that each score used throughout this Governance Framework Document is a score out of 10 e.g. a score of 7/8 means a score of between 7 and 8 out of a total 10 marks.						
A. Behaving with integrity, demonstrating strong commitment to ethical values, and respecting the rule of law						
Local government organisations are accountable not only for how much they spend, but also for how they use the resources under their stewardship. This includes accountability for outputs, both positive and negative, and for the outcomes they have achieved. In addition, they have an overarching responsibility to serve the public interest in adhering to the requirements of legislation and government policies. It is essential that, as a whole, they can demonstrate the appropriateness of all their actions and have mechanisms in place to encourage and enforce adherence to ethical values and to respect the rule of law.

C. Defining outcomes in terms of sustainable economic, social, and environmental benefits						
The long-term nature and impact of many of local government’s responsibilities mean that it should define and plan outcomes and that these should be sustainable. Decisions should further the authority’s purpose, contribute to intended benefits and outcomes, and remain within the limits of authority and resources. Input from all groups of stakeholders, including citizens, service users, and institutional stakeholders, is vital to the success of this process and in balancing competing demands when determining priorities for the finite resources available.

D. Determining the interventions necessary to optimise the achievement of the intended outcomes						
Local government achieves its intended outcomes by providing a mixture of legal, regulatory, and practical interventions. Determining the right mix of these courses of action is a critically important strategic choice that local government has to make to ensure intended outcomes are achieved They need robust decision-making mechanisms to ensure that their defined outcomes can be achieved in a way that provides the best trade-off between the various types of resource inputs while still enabling effective and efficient operations. Decisions made need to be reviewed continually to ensure that achievement of outcomes is optimised.

E. Developing the entity's capacity, including the capability of its leadership and the individuals within it						
Local government needs appropriate structures and leadership, as well as people with the right skills, appropriate qualifications and mind set, to operate efficiently and effectively and achieve their intended outcomes within the specified periods. A local government organisation must ensure that it has both the capacity to fulfil its own mandate and to make certain that there are policies in place to guarantee that its management has the operational capacity for the organisation as a whole. Because both individuals and the environment in which an authority operates will change over time, there will be a continuous need to develop its capacity as well as the skills and experience of the leadership of individual staff members. Leadership in local government entities is strengthened by the participation of people with many different types of backgrounds, reflecting the structure and diversity of communities.

F. Managing risks and performance through robust internal control and strong public financial management						
<p>Local government needs to ensure that the organisations and governance structures that it oversees have implemented, and can sustain, an effective performance management system that facilitates effective and efficient delivery of planned services. Risk management and internal control are important and integral parts of a performance management system and crucial to the achievement of outcomes. Risk should be considered and addressed as part of all decision making activities.</p> <p>A strong system of financial management is essential for the implementation of policies and the achievement of intended outcomes, as it will enforce financial discipline, strategic allocation of resources, efficient service delivery, and accountability.</p> <p>It is also essential that a culture and structure for scrutiny is in place as a key part of accountable decision making, policy making and review. A positive working culture that accepts, promotes and encourages constructive challenge is critical to successful scrutiny and successful delivery. Importantly, this culture does not happen automatically, it requires repeated public commitment from those in authority.</p>

1. Introduction

Ceredigion County Council is committed to demonstrating that it has the necessary corporate governance arrangements in place to perform effectively. This Local Code of Governance is a public statement that sets out the way the Council will meet that commitment.

Corporate governance is a term used to describe how organisations direct and control what they do to ensure that the intended outcomes for service users and stakeholders are achieved while acting in the public interest at all times.

Good corporate governance requires local authorities to carry out their functions in a way that demonstrates accountability, transparency, effectiveness, integrity, impartiality and inclusivity. Corporate governance is also the structure through which strategic objectives are set and performance monitored.

2. Responsibilities for Corporate Governance

All Members and Officers have a responsibility for upholding the principles of good governance. It is a key responsibility for the Leader of the Council and the Chief Executive.

The Leadership Group, comprising of the Chief Executive, Corporate Directors and Corporate Lead Officers are responsible for the development, delivery and review of robust corporate governance arrangements.

3. Monitoring and Review

The Leader and Chief Executive are required to ensure that Corporate Governance arrangements are reviewed on an annual basis to measure the extent to which the Council meets the requirements of the core principles and sub-principles contained in the CIPFA Framework Code.

The Governance and Audit Committee is responsible for monitoring and reviewing the Governance arrangements as described in this Code. Full terms of reference for the Governance and Audit Committee are included in the Constitution.

The results of the review are reported through the Annual Governance Statement. Any amendments to the Local Code of Corporate Governance will be reviewed by the Governance and Audit Committee and approved by Council.

Through the Governance and Audit Committee, the Council will ensure that these arrangements are kept under continual review. This will include consideration of:

- The work of Internal and External Audit
- The opinion of other review agencies and inspectorates
- Opinions from the Council's Statutory Officers
- General matters relating to the implementation of the Code
- The production of the Annual Governance Statement and actions planned to address arising governance issues

4. Annual Governance Statement ('AGS')

Each Year the Council will publish an AGS.

This will provide an overall assessment of the Council's Corporate Governance arrangements and an appraisal of the controls in place to manage the Council's key risks.

The AGS will also provide details of where improvements need to be made.

The AGS will be reviewed by Leadership Group and the Governance and Audit Committee, before final approval by Council and signed by the Leader of the Council and the Chief Executive.

The AGS will be published on the Council's website and as part of the Council's Annual Statement of Accounts and will be reviewed by our External Auditors.

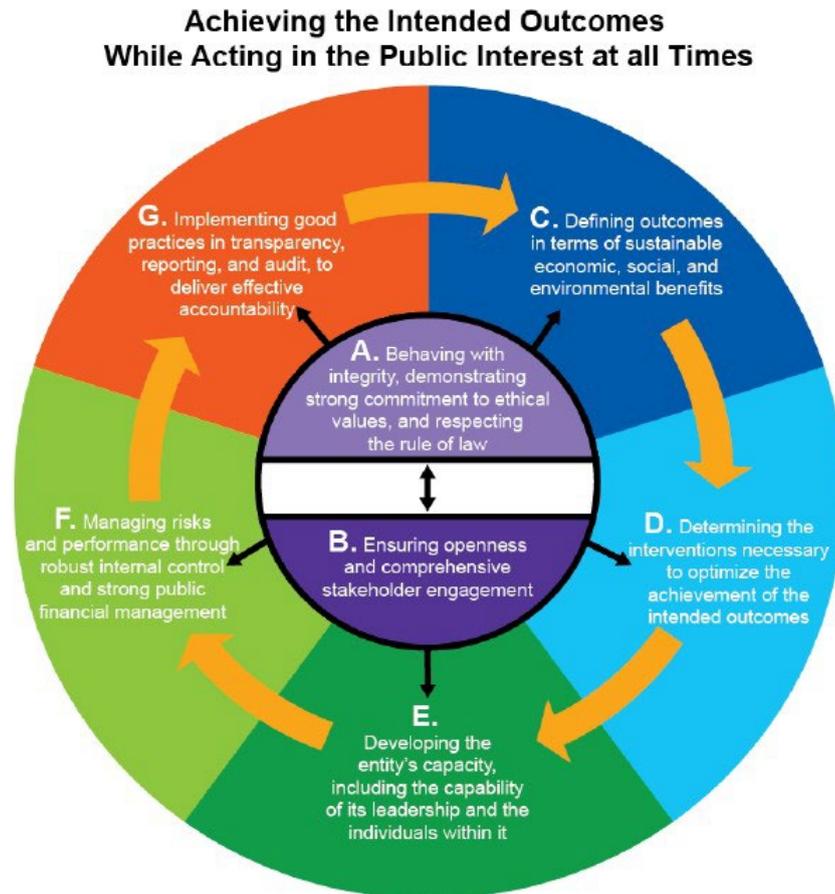

5. The Governance Framework

In 2014 the Chartered Institute of Public Finance & Accountancy (CIPFA) and the International Federation of Accountants (IFAC) collaborated to produce the *International Framework: Good Governance in the Public Sector* (2014). This framework was produced with the aim of encouraging better service delivery and improved accountability by setting a benchmark for good governance in the public sector.

The *International Framework* states that 'the fundamental function of good governance in the public sector is to ensure that entities achieve their intended outcomes while acting in the public interest at all times.' The framework sets out 7 key principles for achieving good governance, which are set out in Figure 1 below. Principles A and B set out the overarching requirements for acting in the public interest at all times, whilst principles C to G set out the other requirements which must be met in order to deliver good governance.

Figure 1 below defines the relationships between the Principles for Good Governance in the Public Sector set out in the *International Framework*:

Figure 1: Relationships between the Principles for Good Governance in the Public Sector

In 2016 CIPFA worked in collaboration with the Society of Local Authority Chief Executives (SOLACE) to produce their *Delivering Good Governance in Local Government Framework* (2016). This framework is based on the core principles of the *International Framework*, which have been interpreted from a local government context.

This Local Code of Corporate Governance has been developed in accordance with and is consistent with the CIPFA/SOLACE *Delivering Good Governance in Local Government Framework* (2016 Edition) and CIPFA/SOLACE *Delivering Good Governance in Local Government Framework Guidance notes for Welsh authorities* (2016 Edition).

The purpose of this Code of Corporate Governance is to demonstrate that the Councils governance structures comply with the core principles and sub-principles contained in the Framework and the table below demonstrates the Council's governance arrangements in relation to it.
