REASON SCRUTINY HAVE REQUESTED THE INFORMATION: To ensure that the Local Authority and Members can fulfill their duties as Corporate Parents

BACKGROUND:

Attached is the Independent Reviewing Service Report Quarter 1 2022/2023.

Quarterly reports are taken to the Healthier Communities Overview and Scrutiny Committee as part of an ongoing examination of the topic to ensure that the Local Authority fulfills its duties as the Corporate Parent.

This report includes national and local standards and targets used to measure outcomes for looked after children and care leavers at the time of their review meeting and includes Welsh Government Performance Indicators.

On the basis of the information available and the views expressed during the review meeting, the IRO makes a professional judgement about the effectiveness of a child/young person's care plan in meeting their needs and may recommend changes to the care plan.

During the review meeting the IRO considers whether the child/young person requires assistance to identify relevant other people to obtain legal advice/take proceedings on their behalf. This action was deemed necessary for 2 young people by the IRO in the period.

In addition, the IRO has regard as to whether the child/young person's human rights are being breached in any way and, if so, might make a referral to CAF/CASS Cymru. This action was not required at any of the review meetings in the period.

These reports are considered within Multi Agency LAC Quality Assurance Meetings which meet on a quarterly basis; these meetings provide an opportunity to identify and act upon performance and other issues in relation to this area of work.
