

CYNGOR SIR CEREDIGION COUNTY COUNCIL

Report to: Cabinet

Date of meeting: 03/12/24

Title: 24/25 Controllable Revenue Budget - Financial Performance - Quarter 2

Purpose of the report: To report on the 24/25 Revenue Budget - actual position to the end of September 2024 and forecasted year-end position.

For: Information

Cabinet Portfolio and Cabinet Member:
Councillor Gareth Davies, Cabinet Member for Finance and Procurement

1. **SUMMARY**

This report updates Cabinet on the financial performance for all Services in relation to the Council's 24/25 Controllable Revenue Budget of £193.6m. The Budgets for each Service are actively monitored and reviewed on a regular basis, in order to assess the timing of income and expenditure, as well as the forecasted year-end position and ensuring corrective action is taken wherever possible and as appropriate.

At this stage, a projected overspend is forecast for the year of £313k on the Controllable Budget. However this excludes certain risks in relation to the delivery of in year savings.

The headline challenges include:

- National Payawards for 2024/25.
- Significant cost pressures continuing to increase for high-cost complex Children's placements.
- Significant costs still being incurred re agency staff needed to fulfil statutory front line roles within our Local Authority Residential Homes and also professional Social Worker roles.
- Delivering the £5.8m of in year savings.
- Impact of the increased Council Tax Premiums on Second Homes and Long Term Empty Properties.

Members are aware that Leadership Group implemented very proactive financial management measures in August 2023. These have effectively now become the norm for how Budget-holders are expected to manage their budgets within a continued challenging landscape.

2. BUDGET PERFORMANCE – KEY CHALLENGES

The following expands further on the main areas of significant cost pressures / risks:

- i) The full and final 24/25 Pay offer for general staff has now been accepted – being £1,290 for each spinal point (up to and including SCP43) and 2.5% for all grades above this. The cost of the pay award is slightly above that budgeted by c£260k, but this will largely be funded by a one-off contingency sum that was set aside in reserves as part of the 23/24 Outturn position. The base budget impact will be addressed in the 25/26 Budget setting process.
- ii) The September 2024 Teachers Pay award has now been determined by WG at 5.5%, which is above the 4% Budget provision made. An extra cost of c£340k for the initial 7/12s part year effect in Ceredigion (full year effect being c£580k) is now anticipated, with funding expecting to be received by WG in the form of additional in year grant funding. The exact allocation is still to be confirmed. The full year effect will need to be transferred by WG into the 25/26 Local Government RSG Settlement.
- iii) SCAPE Pensions - An increase in Employer rates for Teachers and Firefighters from April 2024 did not result in additional core funding from WG as part of the 24/25 RSG Final Settlement, but was assumed to materialise as grant funding. Allocation and payment of this grant funding from WG is now expected imminently, although there are no guarantees it is going to 100% cover the expected gap, with there also being a knock on impact from the WG 5.5% Teachers Pay award decision.
- iv) Out of County Children's placements – As at Q2 there are now 26 residential placements (an increase of 3 since Q1) and 10 college placements. The new in-county facilities are due to start becoming operational during Q4 of 24/25. The average cost per residential placement continues to increase and currently stands at c£310k, with total gross expenditure now forecast to be c£9.0m on the 36 placements for 24/25. To partially mitigate the position £1.5m is now being used from reserves (included within the projections) in order to manage the position, which includes 1 very high-end secure placement which is a rare occurrence.
- v) The use of agency staff within Social Care remains considerable due to continued recruitment challenges, with a net cost of £1.767m included within the financial projections across the Pwrth Through Age Services, against which £500k is being factored in from reserves to partially mitigate. This covers 39 frontline Social Care Worker roles as well as core Care & Support Worker roles for the 24/7 shifts in the Council's Residential Care Homes (average gross cost of £38k per week for the year to date on this aspect).

Whilst the above matters are being actively managed in year, any ongoing base budget effect, once / if crystallised, will need to be recognised in the 25/26 Budget Process.

3. BUDGET PERFORMANCE – KEY BENEFITS

At present there are underspends within:

- Finance & Procurement - £1.66m underspend is projected mainly in relation to the Treasury management budgets.
- Schools & Lifelong Learning Service - £311k projected underspend due mainly to the benefit of temporary grant funding opportunities within Lifelong Learning.
- Porth Cymorth Cynnar - £244k projected underspend, mainly within the Housing part of the Service.

In addition there will be a further reduction in the Council's energy costs from 01/10/24, which are now confirmed as being on average 40% lower for Gas and 24% lower for Electricity. This position will assist both the Delegated Schools Budget during the forthcoming winter period and the Corporate savings targets (£225k) for Energy. There will need to be base budget adjustments from all Services (including Schools) as part of the 25/26 Budget and for all Services (except Schools) for Q3 and Q4 of 24/25. This is because funding was allocated corporately when energy originally became a cost pressure. Initial Indications are that the full year effect saving for 25/26 is c£675k once the existing Savings Targets have been factored in.

4. BUDGET PERFORMANCE – BUDGET SAVINGS

The 24/25 Budget included £5.8m of savings across approximately 70 different items as approved by Full Council on 29/02/24. The current BRAG status for each item is shown in Appendix 2 and can be summarised as follows:

		<u>£'000</u>	<u>%age</u>	<u>No. of items</u>
Blue	Complete	2,649	46%	42
Green	On Track	1,458	25%	14
Amber	Partially on track but with some issues	1,257	22%	12
Red	Not on track and/or major issues and/or higher risk	429	7%	2
		5,793	100%	

In summary 56 items totalling £4.1m (71% of the savings) are either fully complete or fully on track, leaving 14 items totalling £1.7m (29% of the savings) either partly on track or Not on track as yet.

The 2 remaining items in a Red status are shown overleaf:

Item Ref	Area of Service	Narrative	24/25 Savings / Income Value £'000	BRAG Status (16/10/24) and Latest Update
36b	Libraries	Retain a presence in each of the 4 current towns but co-locate library provision with other Council Services wherever possible, combined with reviewing every location's opening hours - Lampeter component	35	Red <i>Awaiting outcome of Building Suitability Review at Lampeter Wellbeing Centre</i>
70	Out of County Placements	Additional target to achieve from review of existing Placements and transitional arrangements to new in county facilities	394	Red <i>Not currently being achieved which is reflected in the Q2 financial forecasts.</i>

Of the 14 Amber and Red items totalling £1.7m, only the following 3 items are not being fully or temporarily mitigated in a wider sense and/or not being reflected in individual Service projected outturn positions:

Item Ref	Area of Service	Narrative	24/25 Revenue Savings / Income Value £'000	BRAG Status (16/10/24)
39	LA Residential Care Homes	Review collaborative approaches with Health Board etc to maximise the use of Hafan y Waun, Aberystwyth	350	Amber
40	LA Residential Care Homes	Review the future options for Tregerddan Care Home in Bow Street		Amber
42	Charges for non-residential Care	Lobby WG to increase the weekly cap from £100 to £120	125	Amber

In a worst case scenario, there is therefore a maximum c£0.5m risk to the Q2 projection if the above items are not achieved in their entirety by year-end. In reality a commercial tenancy has been in place since late July 2024 for the Health Board to occupy part of Hafan y Waun, therefore there is already new income generation offsetting part of item 39.

A part year effect and/or some level of slippage can be accommodated through one-off in year mitigation, however if any Savings item reaches the point where it is determined as not achievable or implementable at all either in full or in part, then this will create a base budget issue which would require correcting as part of the 25/26 Budget process. Each £500k equates to approximately 1% in Band D Council Tax terms.

5. **BUDGET PERFORMANCE – COUNCIL TAX (INCLUDING PREMIUMS)**

With an increase in the Council Tax Premiums for Long Term Empty properties and Second Homes being effective from 01/04/24, the position is being very closely monitored to identify if / when trends start emerging.

The table below shows that there are now 146 less Long Term Empty Properties subject to a Council Tax premium compared to when the Council Taxbase was set for the 24/25 Budget on 31/10/23, which is an 24% decline. There has also been a small decrease of 70 Properties that are Second Homes subject to a Council Tax premium during the same period, which is a 4% decline.

	<i>Premium %age</i>	Number of Properties as at 31/10/23	Number of Properties as at 31/10/24	%age Change
<u>Long Term Empty Properties</u>				
Up to & including 5 years	100%	292	256	-12%
Over 5 years and up to & including 10 years	150%	171	104	-39%
Over 10 years	200%	133	90	-32%
Total		596	450	-24%
<u>Second Homes</u>				
	100%	1,648	1,578	-4%

The following table shows a c1% lower level of Council Tax collection (as compared with the last 2 financial years) at this stage in the year. If this does not improve by year-end it could in theory equate to a shortfall of c£660k, however this would not crystallise immediately as collection would still continue in future periods after year-end.

<u>Overall In year Council Tax collection rate</u>	
22/23 Financial Year – up to 31/10/22	64.8%
23/24 Financial Year – up to 31/10/23	65.0%
24/25 Financial Year – up to 31/10/24	63.9%

Behavioural change was expected as a result of the new levels of Council Tax Premium as the over-riding policy intention was to bring properties back into permanently occupied residential use. However, the current trends (particularly more so on Second Homes) are not showing the overall level of decrease that had been assumed when setting the Budget. It is therefore highly likely that there will be a temporary financial benefit until the new policy approach starts achieving its intentions. This has the potential to be financially significant (indicatively c£600k for the 7 months to 31/10/24). This is therefore likely to be one avenue to provide temporary mitigation (if required) for any temporary slippage in delivering in-year Budget savings and/or there is no improvement in the Council Tax collection rate and/or assist with the current projected overspend position.

The take up on the [Ceredigion Community Housing \(Shared Equity\) Scheme](#) is also being closely monitored. The position to c22/10/24 is:

	Number	Value £'000
Total Enquiries	22	n/a
Applications Received	7	339
Applications Rejected / Withdrawn	1	44
Applications Work in Progress	-	-
Applications Approved	6	295
<i>Of which Applications Paid</i>	5	216

The funding for approved applications will come from the Community Housing reserve (current balance as at 01/04/24 of £2.557m) and when this reserve falls below £2.0m it would then be topped up annually back up to £2.0m from the additional Council Tax Premium monies.

6. **BUDGET PERFORMANCE – SERVICE POSITIONS**

There have been no Budget Movements during Q2.

The more significant financial matters have already been referenced within this report. The high level change from Q1 to Q2 are:

Service	Change in Year End Forecast	
Finance & Procurement	260	
People & Organisation	(5)	
<u>Pyrth Through Age Services</u>		
Porth Cymorth Cynnar	100	
Porth Cynnal	(152)	
Porth Gofal	(470)	
<u>Pyrth Through Age Services</u>	(522)	
Schools & Lifelong Learning	61	
Leadership Group	(6)	Excludes additional £1m earmarked from reserves
Total	(212)	

A breakdown of the 24/25 Controllable Budget position by Service is shown overleaf, with further explanation and detail then shown in Appendices A to N:

Service	Latest Budget £'000	Budget to Sept 2024 £'000	Actuals to Sept 2024 £'000	Variance to Sept 2024 £'000	Year End Forecast under/ (over) spend £'000	Year End Forecast under/ (over) spend £'000	Comment
Customer Contact & ICT	6,673	2,694	2,599	95		-	It is expected by the service to breakeven during the 2024/25 financial year. The Service is managing several in year challenges.
Democratic Services	5,187	2,639	2,583	56		-	At this stage in the year there are no problem areas identified.
Economy & Regeneration	3,724	1,368	1,303	65		-	At this stage in the year there are no problem areas identified.
Finance & Procurement	21,417	11,495	10,289	1,206		1,660	The service expects to underspend significantly by £1.66m, mostly stemming from Treasury management savings due to the benefit of interest rates on Investment Income and the borrowing for the Aberaeron Coastal Defence Scheme has now been drawn down.
Highways & Environmental Services	19,991	8,016	7,681	335		-	The Service continues to face various cost and income pressures up to the Q2 stage of this financial year, and at this point the strategy to reach (within the Service) a break even budget by the end of 2024/25 is challenging, but on target. Corporate funding is being provided for the in-year cost of the new investment in the Waste Collection Service (to be a base budget item in the 25/26 Budget).
Legal & Governance Services	1,691	832	808	24		-	At this stage in the year there are no problem areas identified.
People & Organisation	2,413	810	840	(30)		(25)	At this stage in the year, there are no problem areas identified other than a small overspend mainly in inherited Pension costs.
Policy, Performance & Public Protection	2,524	1,258	1,180	78		-	At this stage in the year there are no problem areas identified.

Service	Latest Budget £'000	Budget to Sept 2024 £'000	Actuals to Sept 2024 £'000	Variance to Sept 2024 £'000	Year End Forecast under/ (over) spend £'000	Year End Forecast under/ (over) spend £'000	Comment
Pyrth Through Age Services							
Porth Cymorth Cynnar	4,066	3,679	3,619	60	244		At this early stage in the year, the service is expecting an underspend of £244k mainly driven by a positive financial position in the Housing Service.
Porth Cynnal	38,720	18,612	19,169	(557)	(948)		The service mainly deals with the higher end complex cases and placements. There remain Recruitment challenges, despite the Council's terms and conditions being relatively attractive, with a net cost of £872k being projected within Porth Cynnal for agency staff covering frontline Social Worker roles, which is then being offset partly by a £500k contribution from reserves. Cost pressures resulting from higher costs and/or higher volumes are also being seen in the areas of Looked After Children, Supported Living, Learning Disability & Physical Disability placements. Combined this is leading to a projected overspend of £0.95m for the year.
Porth Gofal	17,537	9,000	9,511	(511)	(715)		Social care continues to face recruitment challenges, despite the Council's terms and conditions being relatively attractive. This is resulting in a continued need to use agency staff in frontline Social Worker roles and Care & Support roles in our Residential Care Homes. Within Porth Gofal there is a £628k net overspend projected for agency costs. There are underspends within Domiciliary Care and the Enablement Team. Overall there is currently a projected overspend of £715k for the year.
Pyrth Through Age Services	60,323	31,291	32,299	(1,008)		(1,419)

Schools & Lifelong Learning	57,914	52,653	51,992	661		311	The Service is projecting an underspend mainly due to the benefit of grant funding within the Lifelong Learning part of the service.
Leadership Group	5,636	2,907	3,786	(879)		(840)	The Out of County placements budget remains under considerable pressure despite the development of the in county facilities due to start coming onstream during Q4. This is mainly due to increasing complexities/needs resulting in higher average placement costs. At this stage an overspend of £840k is anticipated (on projected gross expenditure of £9.0m) which includes using £1.5m from Reserves as a temporary mitigation.
Levies, C/Tax Premium & Reserves	6,079	2,683	2,720	(37)		-	Although the forecast is currently showing a break even position there is an element of risk with regard to the WG funding of the Firefighters pension contributions.
Total Controllable Budget	193,572	118,646	118,080	566		(313)	

7. CONCLUSION

The financial landscape continues to be challenging to manage. With 71% (£4.1m) of the Budget Reductions required already complete or on track, significant progress has been made since the 24/25 Budget was set and only 2 items now remain in a Red status. The maximum level of in year corporate mitigation required is now just under £0.5m.

However there are in year challenges particularly within Social Care, not least of which is the recruitment challenge to fill essential frontline roles and costs still continuing to increase in relation Children's Out of County Placements, which at a projected £9.0m full year gross cost is a hugely significant Budget item and has required a further £1.0m to be allocated from reserves for 24/25. With 24/25 pay awards now having crystallised, the number of associated risks has now reduced considerably.

The Council Tax dynamic (which funds approx. 30% of the Council's Budget) is becoming more complex and multifaceted, however on balance it should show a temporary financial benefit during 24/25 of between £600k and £1.0m which will assist in managing the overall in year financial position.

The Council has a financially resilient balance sheet, with £44.0m of Earmarked Reserves and £6.7m in General Balances as at 31/03/24. However, relative to the Council's £193.6m budget, the combination of Earmarked Reserves and General Balances only affords approx. 3 months' worth of cover.

Taking all matters into consideration, the in-year financial position is being managed within an acceptable level of tolerance, whilst at the same time acknowledging that there are multi-faceted ongoing risks.

All Services and their Budget-holders are expected to continue the proactive Team Ceredigion approach to maximise their financial positions where possible, in order to assist the wider overall Council position and to target the elimination of the £313k projected overspend by year-end.

Wellbeing of Future Generations:

Has an Integrated Impact Assessment been completed? If not, please state why.

No

Summary of Integrated Impact Assessment:

Long term:	Not applicable
Collaboration:	Not applicable
Involvement:	Not applicable
Prevention:	Not applicable
Integration:	Not applicable

Recommendation(s):

1. To note the overall Revenue position outlined in the report.

Reasons for decision:

To recognise the latest financial position.

Overview and Scrutiny:

Considered during the Budget setting process. These quarterly reports will also be on the agenda for each Scrutiny Committee, so that they can explore matters as appropriate and as relevant to their respective remit.

Policy Framework:

Medium Term Financial Strategy

Corporate Well-being Objectives:

The Budget supports the Strategic Objectives of the Council

Finance and Procurement implications:

Noted within the report

Legal Implications:

Part of the Section 151 officer's role and responsibility for the proper administration of the Council's financial affairs under Local Government Finance Act 1972.

Staffing implications:

Elevated levels of Payawards would pose a risk of needing to review Council and Service priorities.

Property / asset implications:

n/a

Risk(s):

Risk of insufficient funding if there are significant overspends.

The 24/25 Budget process was incredibly challenging and the in year management of the Budget is no different. The medium term financial outlook is also challenging. The financial risk score therefore remains at the maximum possible score of 25 in the Corporate Risk Register.

1. CRYNODEB / SUMMARY

Diwedd y Flwyddyn / Year End Forecast:

Disgwylir gan y gwasanaeth y byddant wedi tanwario'n sylweddol ar gyfer y flwyddyn o £1.66m, yn bennaf o'r arbedion rheoli Trysorlys o ganlyniad i mewn cyfraddau llog o ran Incwm Buddsoddi ac mae'r benthycia ar gyfer Cynllun Amddiffyn Arfordirol Aberaeron bellach wedi'i wneud.

The service expects to underspend significantly by £1.66m, mostly stemming from Treasury management savings due to the benefit of interest rates on Investment Income and the borrowing for the Aberaeron Coastal Defence Scheme has now been drawn down.

The Service continues to face various cost and income pressures up to the Q2 stage of this financial year, and at this point the strategy to reach (within the Service) a break even budget by the end of 2024/25 is challenging, but on target. Corporate funding is being provided for the in-year cost of the new investment in the Waste Collection Service (to be a base budget item in the 25/26 Budget).

1. CRYNODEB / SUMMARY

Diwedd y Flwyddyn / Year End Forecast:

Mae'r gwasanaeth yn ymdrin yn bennaf a'r achosion a lleoliadau mwyaf cymhleth. Mae heriau recriwtio yn parhau, er bod telerau ac amodau'r Cyngor yn gymharol ddeniadol, a rhag-amcangyfrifir cost net o £872mil ar gyfer staff asiantaeth Porth Cynnal sy'n cwmpasu rolau Gweithwyr Cymdeithasol rheng flaen, sy'n cael ei gwrdd yn rhannol gyda chyfraniad o £500mil o'r gronfa wrth gefn. Mae pwysau costau sy'n deillio o gostau uwch a/neu gyfeintiau uwch hefyd i'w gweld gan yr adrannau lleoliadau Pobl Hŷn, Byw â Chymorth, Anabledd Dysgu ac Anabledd Corfforol. Gyda'i gilydd, rhagwelir y bydd hyn yn arwain at orwariant o £0.95milwn dros y flwyddyn llawn.

The service mainly deals with the higher end complex cases and placements. There remain Recruitment challenges, despite the Council's terms and conditions being relatively attractive, with a net cost of £872k being projected within Porth Cynnal for agency staff covering frontline Social Worker roles, which is then being offset partly by a £500k contribution from reserves. Cost pressures resulting from higher costs and/or higher volumes are also being seen in the areas of Looked After Children, Supported Living, Learning Disability & Physical Disability placements. Combined this is leading to a projected overspend of £0.95m for the year.

1. CRYNODEB / SUMMARY

Diwedd y Flwyddyn / Year End Forecast:

Mae gofal cymdeithasol yn parhau i wynebu heriau recriwtio, er bod telerau ac amodau'r Cyngor yn gymharol ddeniadol. Mae hyn yn arwain at barhâd yn yr angen i ddefnyddio staff asiantaeth ar gyfer rolau Gweithwyr Cymdeithasol rheng flaen a rolau Gofal a Chymorth yn ein Cartrefi Gofal Preswyl. Rhag-amcanwyd gorwariant net o £628mil ar gyfer costau asiantaethau ym Mhorth Gofal. Mae tanwariant yn yr adran Gofal Cartref a'r Tim Galluogi. Ar y cyfan, rhagwelir gorwariant ar hyn o bryd o £715mil dros y flwyddyn gyfan.

Social care continues to face recruitment challenges, despite the Council's terms and conditions being relatively attractive. This is resulting in a continued need to use agency staff in frontline Social Worker roles and Care & Support roles in our Residential Care Homes. Within Porth Gofal there is a £628k net overspend projected for agency costs. There are underspends within Domiciliary Care and the Enablement Team. Overall there is currently a projected overspend of £715k for the year.

Gwasanaethau Tymor Byr ac wedi'u Targedu / Targeted and Short Term Services	7,256	3,619	3,776	(157)	262	Mae swyddi gwag gan y Gwasanaeth Galluogi ar hyn o bryd a derbyniodd gyllid gan Y Gronfa Integreiddio Rhanbarthol ar gyfer darparu gwasanaethau yn ogystal, sydd wedi arwain at danwariant a ragwelir (£397mil). Disgwylir tanwariant yn ogystal gan Gofal Cartref (£214mil) gan fod gostyngiad yn y nifer sy'n manteisio ar y contractau sydd ar gael, gan arwain at wariant is na'r disgwyl. Mae'r rhain wedi cael eu gwrthbwysio i raddau gan orwariant a ragwelir ar wariant y storfa Offer (£97mil), oherwydd cynnydd yn y galw, defnydd o staff asiantaeth o fewn y tim therapi galwedigaethol ac ar y gwariant a ragwelir ym Maes y Môr (£172mil). Enablement Service is currently carrying vacancies and has also received RIF funding for the provision of services leading to a projected underspend (£397k). There is also an expected underspend on Domiciliary Care (£214k) as there remains a decrease in uptake on the contracts available, leading to lower than expected expenditure. These have been somewhat countered by a projected overspend on the Equipment Store expenditure (£97k), due to an increase in demand, the use of agency staff within the OT Team and on the projected spend at Maes y Mor (£172k). 1. CRYNODEB / SUMMARY

Diwedd y Flwyddyn / Year End Forecast:

Mae'r gyllideb lleoliadau y Tu Allan i'r Sir yn parhau dan bwysau sylweddol er gwaethaf datblygiad cyfleusterau o fewn y sir a fydd yn cychwyn yn ystod Ch4. Mae hyn yn bennaf oherwydd cymhlethdodau/anghenion cynyddol gan arwain at gostau lleoliad uwch ar gyfartaledd. Ar hyn o bryd rhagwelir gorwariant o £0.840mil (ar wariant gros rhagamcanol o £9.0m), sy'n cynnwys defnyddio £1.5mil o'r cronfeydd wrth gefn.

The Out of County placements budget remains under considerable pressure despite the development of the in county facilities due to start coming onstream during Q4. This is mainly due to increasing complexities/needs resulting in higher average placement costs. At this stage an overspend of £840k is anticipated (on projected gross expenditure of £9.0m) which includes using £1.5m from Reserves as a temporary mitigation.

1. CRYNODEB / SUMMARY

Diwedd y Flwyddyn / Year End Forecast:

Er bod y rhagolygon yn dangos sefyllfa gyfartalog ar hyn o bryd, mae elfen o risg o ran cyllid Llywodraeth Cymru ar gyfer cyfraniadau pensiwn y Gwasanaeth Tân.

Although the forecast is currently showing a break even position there is an element of risk with regard to the WG funding of the Firefighters pension contributions.
